PLANNING STAFF, ACA

Ref: ACA/1120/1

30 Aug 43

M.G. Sec. A.F.H.Q.

Organization - Special Divisions

Ref. paras. 1 & 2 of Minutes of Meeting No. 4 and your teletype message No. 5 of 28 Aug 43.

1. Property Control.

Col. Upjohn considers, and his opinion is concurred in, that Property Controllers WILL be required under Armistice Control to deal with the property of other nationals, as to which certain conditions will no doubt be laid down in the Armistice terms, but that they should form part of the Legal and not constitute a separate Division.

2. Relief - Separation from Economics.

It is NOT considered that a separate Relief Division is required. Relief may be financial, or in kind - if in kind, it should be handled by the Economics division.

3. Transportation & Utilities.

It is agreed that the present Transportation Division should be split into two separate Divisions, vis. (a) Utilities, Fuel, & Power and (b) Signals & Transportation.

4. Further changes in the Special Divisions have also been considered by the Joint Chief Planners, and their recommendations, which are concurred in by Major Nolan, are attached as App. 'A' hereto. It is considered that if the present organization and nomenclature were adopted, it would greatly facilitate not only the proper functioning of A.C.A. on the Civil Govt. side but also the selection of Officers for the best possible appointments having regard to their qualifications.

5. An early decision on paras. 1-4 above is requested, otherwise both planning and the most advantageous assignment of Officers will be hampered

App. 'A' to ACA/1120/1
~~Letter No. 1A~~ dated 30 Aug 43

Proposed Organisation & Nomenclature

of Special Divisions

Serial No.	Name of Division	Remarks
1	Legal	To include a Property Control Section.
2	Financial	No change.
3	Public Health	Not to be concerned in any way with Welfare, except in so far as medical care and supplies are concerned.
4	Public Safety	No change.
5	Agriculture	No change.
6	Resources & Supply	(a) To include Economics, Production, Civil Supply, Relief (other than financial) and Welfare other than Welfare dealt with under Serial 3. To work in very close cooperation with Serial 5. (b) Another possible split would be (i) Industry & Production and (ii) Resources & Supply (including Agriculture & Relief).
7	Utilities, Fuel, & Power	See para. 3.
8	Signals & Transportation	See para. 3.

Declassified E.O. 12356 Section 3.3/NND No. 785015

Declassified E.O. 12356 Section 3.3/NND No. 785015

ACA/1120/1.

Para 1. agreed.

Para 2. Relief – this is concerned with prevention of starvation which in turn is an integral part of public safety inasmuch as the "fear" of starvation would lead to riots or demonstrations.

Relief in cash should only be used as a last resource.

Relief in kind is dependent on supplies a) available in the country
b) capable of importation.

Distribution is the crucial point.

Q. Who will know where the danger points lie and/or when the danger point – in respect of public safety – is reached?

A. The police (local) and local adm. officer + CAO.

These officers should therefore be instructed to communicate all inf. on the necessity for relief m[illegible] to ECONOMICS division for approp. action
