SUBJECT: Ceiling ITI-ITI Categories

LAND FORCES SUB-COM, A.C. (MMIA)

SD/94/1

3 June. 45

TO : WAR MINISTRY

1. The breakdown of units in ITI-ITI Categories is now out of date as a result of the redistribution of units in North Italy.

2. In view of the many changes involved, it has been decided to cancel SD/94 of 7 Feb, 22 Feb, 12 Mar and 19 Mar 45 and to substitute a comprehensive statement to include categories 1 (Adm ITI-ITI), 4 (AA ITI-ITI) (Ceiling now transferred to Cat 5), 5 (Internal Security) and 6(c) (ITI-ITI Rfts), giving as at 8 May 45:-

(a) A summary of latest allocation of ceilings to categories - attached at Appendix "A".

(b) A statement showing units which are already formed within categories and those which are authorised but not yet formed - attached at Appendix "B", Category 1. Appendix "C", Category 5. Appendix "D", Category 6(C).

3. This letter with its appendices will then bring up to date all authorities for units within ITI-ITI Categories. Where no written authority exists for a unit shown in the Appendices, this letter may be quoted as authority for its formation.

4. It is considered essential, however, that a system for the authorizing etc of units in future be laid down and publicised. Accordingly the following procedure will be taken into use forthwith.

(a) Formation of new units or disbandment of existing units.

The formation or disbandment of all units will be authorised by G(SD), MMIA. Staff Branches and Services of HQ MMIA and of War Ministry wishing to form or disband units will apply to G(SD). When new units have no authorised WE a proposal will be submitted in accordance with MMIA Office Instruction No 74 before application is made to form the unit.

This letter, which is only intended to bring up to date existing authorities will not be amended, whenever a formation or disbandment is approved. G(SD) orders will be taken as authority and the changes will be reflected in the monthly Order of Battle.

5. Appendix "D", Category C(6).

3. This letter with its appendices will then bring up to date all authorities for units within ITI-ITI Categories. Where no written authority exists for a unit shown in the Appendices, this letter may be quoted as authority for its formation.

4. It is considered essential, however, that a system for the authorizing etc of units in future be laid down and publicised. Accordingly the following procedure will be taken into use forthwith.

(a) Formation of new units or disbandment of existing units.

The formation or disbandment of all units will be authorised by G(SD), MMIA. Staff Branches and Services of HQ MMIA and of War Ministry wishing to form or disband units will apply to G(SD). When new units have no authorised WE a proposal will be submitted in accordance with MMIA Office Instruction No 74 before application is made to form the unit.

(b) Action by War Ministry

In order to ensure that up to date information is available to this HQ of the progress of the formation of units, the War Ministry will inform their Liaison Officer with G(SD) Branch this HQ:-

(i) Details of all units, which are shown as authorised but not yet formed in ctt Appendices, but which have in fact now completed formation.

Declassified E.O. 12065 Section 3-402/NNDG No. 785020

(ii) Details of all units which are shown as authorised and which have not yet formed in att Appendices, as and when the formation is completed.

(iii) Details of any units in att Appendices which are disbanded or are no longer required.

5. Copies of all the WEs mentioned in the att Appendices are not yet available. It is proposed, however, to issue copies of all ITI-ITI WEs to those concerned as soon as possible so that the system of amending strengths may be simplified. These WEs will be bi-lingual.

6. W.e.f. 1 June 45 no ITI-ITI unit will be considered as an authorised ITI-ITI unit unless it is included in the Appendices att to this letter or has been specifically authorised by a G(SD) formation order. The correct Italian designations of the units now authorised are given in the Appendices att, and will be taken into use forthwith. These designations will be confirmed by the WEs when they are issued.

7. The War Ministry will ensure, therefore, that:-

(a) All unauthorised units are disbanded forthwith or authority requested for their retention.

(b) All personnel surplus to WE are sent to ITI-ITI Rft Depot as soon as possible.

(c) All units are correctly designated in accordance with the authorised WE for that unit and the WE number quoted in all references to the unit.

In this connection it should be noted that all units incorrectly designated in the War Ministry fortnightly strength state will be referred back to War Ministry as unauthorised units.

In order to simplify the checking of this document Category 6c will be divided into three parts as follows :-

(i) Rfts in Depots and Transit Camps

(ii) Rft personnel attached to various units

(iii) Units authorised to be formed and held in Category 6(c).

TO : Ministry of War.

1. You are authorised to instruct Territorial Headquarters to draw on surplus personnel at the disposal of BR-ITI or US-ITI Adm.Divs. within their territory, following disbandment of units, etc., to make all ITI-ITI units under the Territorial H.Q.'s command up to W.E., and to keep them up to strength as and when demobilizable men are released.

2. BR-ITI and US-ITI personnel will only be transferred to the ITI-ITI category in this way when all BR-ITI units in the Area, whether Service units or Combat Divisions, are up to W.E. strength, and have sufficient personnel in addition to replace all men of the 1919 and older classes. Combat Divisions will normally receive reinforcements from C E S A N O, but Territorial H.Q.'s may allot reinforcements from Adm.Div. surpluses when this course is more convenient than drawing on C E S A - N O.

3. Movements of personnel to O R V I E T O or C E S A N O (yes) and other formations vide M.M.I.A. A 1222 of 8 August and A 1264 (no record of) of 28 August will therefore take place only in respect of personnel still surplus after local transfers required as above have been made.

4. In your instructions to Territorial H.Q.'s please clarify to what Territorial H.Q. each Administrative Division and each Combat Division is affiliated, and the arrangements to be made for effecting adjustments between one Territorial H.Q. and another.

To clarify the orders given by this Headquarters regarding the allocation of personnel in subject, I want to clarify that the 8 Medical Platoon does not exist as an T/E unit. Ref your letter of 22 Aug 45, on the above subject.

1. 50 Med Coy which appears on page 76 of MMIA Order of Battle No. 2/11 existed on 8 July (date of Order Of Battle) and was a Part III (a) Section 2 (Internal Security Division) unit. It was disbanded on 1 Aug.

2. 22 Camp Reception Hospital was erronously ordered to disband by MMIA letter SD/94/1 of 5 July. This order was cancelled by MMIA letter SD/12/2 of 25 July para 3. 22 Camp Reception Hospital has therefore re--mained an authorised Italian Army unit.

3. 22 Camp Reception Hospital will be carried in Part III (a) as a Section 2 unit of the Calabria I.S. Division in the place of 50 Medical Coy.

4. The term "non implementation".

The medical coy of each I.S. Div has been disbanded. However WE 554/SMRE/1 still exists as an integral part of each I.S. Div organisation - and the WE strength of each I.S. Div remains 5,000. But WE 554/SMRE/1 is not to be implemented, and the feeding strength of each I.S. Div therefore drops by 75 to 4925. Except in the case of the Calabria Div in which 33 will be added to the 4925 making a total of 4958.

TO : Commanding General, Land Forces Sub Com A.C. (MMIA)

1. Request clarification of paragraph 3 MMIA SD/12/2 dated 25 July 1945 and status of 22 Camp Reception Hospital at Sassari.

2. In your signal M 2923 of 14 August you confirmed the disbandment of 50 Medical company of Calabria Division and in your letter 25 July m/a you state the 22 Camp Reception Hospital will be held against the non-implemented WE of 50 Medical Section, in Part III (a) (ii) of Italian Army O of B. It is not clear how this is possible if the 50 Medical Section has been disbanded. The term "non-implemented" as used in this particular case is not clear either. On page 77 or O of B No. 2/11 find Part III (a) but not sub/paragraph. (ii). The 22 Camp Reception Hospital not included in O of B No. 2/11.

3. Ministry of War cable No. 13444/S/1 of 22 July withdrew authority for the 22 Camp Reception Hospital to draw rations. Therefore Italian Forces here placed them on civilian rations 6 August. Request confirmation. Am at loss to see why this unit which is not to be disbanded is not entitled to Army rations. Please advise by signal re rations for this unit.

Territorial Office for Sardinia CAGLIARI

Further to letter 1246/A-6/Mob:

1) The presence of servicemen at the Military Transient Unit of the 59th I.S. Regiment - Military Rationing Section - can be justified only by the fact that all the servicemen present and therefore rationed are of immediate use and awaiting embarkation.

2) All the servicemen who are not in these conditions and therefore even the recruits and recalls who for various reasons (awaiting discharge - various leaves - medical examinations - at the disposal of courts - awaiting to be absorbed in the authorized strength of the island) are not of immediate use and therefore must be transferred to the authorized strength of the Civilian rationing section until their position is determined.

3) On the daily strength report made by the Military Transient Unit, the recruits and recalls transferred to the civilian rationing section are to be shown aside from the servicemen of the categories a) and b) of para 2 of letter to which this refers.

1. The existing Press and Radio Censorship Unit consisting of 11 Offrs carried in Cat 5(C) will be incorporated in the above Unit in order that increased censorship duties may be taken over.

2. It is considered that as the future requirements of censorship in occupied Italy are necessarily uncertain the most convenient method of meeting future commitments is by the establishment of a military censorship pool.

SUBJECT: Enrolment of Volunteers into Italian Army.

LAND FORCES SUB COM. A.C.
(M.M.I.A.) R O M E
A 013
May 45

TO : MINISTRY OF WAR.

Senior LO Sardinia

1. Further to my A.110 of 30 April, it is understood that you wish to issue new instructions on the enlistment of volunteers into the Italian Army in view of the fact that :-

(a) The obligation to remain under arms of volunteers already in the Italian Army (about 20,000) expires three months after the end of hostilities with Germany.

(b) The number of volunteers coming forward depends largely on the conditions of service offered to them.

2. The size of the post-war Italian Army is not yet known, nor whether the existing ceiling is to be maintained. Nevertheless, as a basis to work on, you should act on the assumption that it is necessary to maintain the Italian army at approximately its present ceiling for the time being. Providing we are kept informed so that we can watch loss of clothing, etc, volunteers can be accepted within reasonable limits up to the number of the losses incurred by authorized demobilization, etc. Any balance will have to be made up by further recalls or call-ups. An immediate loss anticipated is 50,000 from the demobilization of the first 4 months of the 1914 and all older classes.

3. Place of employment. Volunteers can be enlisted on the understanding that they will serve in ITALY only.

4. Period of Service. Volunteers should undertake to serve for one year. At the end of nine months they would be required to state if they wish to serve a further period. As the eventual strength of the Italian Army is a matter for higher political decision, no absolute guarantee can be given that a volunteer will not be demobilized before the period for which he has enlisted expires. In this unlikely event the Italian Government should be prepared to give him suitable compensation.

5. Method of Enlistment.

(a) Specialist volunteers may be enlisted direct by Screening Agencies and Territorial H.Q.'s, without previous reference to MMIA, as detailed in A.110 of 30 April.

(b) For other volunteers the method given in your 205059/11 Gabinetto of 27 February will continue to apply :- i.e. volunteers may be provisionally enrolled, then sent to their homes on special leave while awaiting approval for enrolment and movement instructions from SMRE and MMIA. Numbers of such volunteers will be signalled immediately to SMRE by Territorial H.Q.'s. If a Territorial H.Q. has no direct communication with SMRE, e.g. those HQ's who have now been called forward to the North, it can contact the nearest MMIA LO who will signal the information for them to MMIA.

(c) If reinforcements are required by Italian units within the area of a Territorial H.Q., the latter may post suitable volunteers direct provided the W.E. of the unit is not exceeded, or, provisionally for BR-ITI units, W.E. plus 5%. Details of such postings will be passed weekly to SMRE who will make a consolidated weekly return to MMIA, showing Territorial H.Q's and to which Admin Divs or similar formations the volunteers have been posted.

6. It is hoped that the above gives you the necessary guidance. Please prepare your instructions on this subject accordingly, and agree them with MMIA before issue. The matter is urgent as the whole question of the demobilization of the older classes depends on the supply of further personnel.

GENERAL ORDERS)
NO.....96)

27 May 1944

PBS 40299

ITALIAN TROOP ORGANIZATION

1. General Orders No. 79, this Headquarters, dated 3 May 1944, above subject, is hereby rescinded and the following substituted therefor.

2. The urgent need for clarifying and re-establishing the military chain of command amongst those Italian Army units, placed by AAI under the command of PBS, necessitates a reorganization of these units at this time. The changed requirements of Communication Zone activities now necessitate redesignating many of those units, so that they may be specifically trained (as Class "B" units) for specialized functions, by the U.S. units to which they are attached for operational control.

3. Effective 31 May 1944, each Italian Army unit listed in the enclosed tabulation will be redesignated as indicated, and will thereafter be officially referred to by the designation only, followed by the word (Italian) in parenthesis.

4. The tabulation indicates for each unit: the new provisional designation; the former Italian designation; the "class" of the unit; the authorized strength; the organization for Italian administrative control; the U.S. unit to which attached for operational control; and the new location to which the unit is to be moved.

5. Each unit so indicated will be moved, to the new location designated, prior to 31 May 1944. The moves will be mutually arranged for by the U.S. commanders involved. The Transportation Section will arrange for such transportation as cannot be provided by either of such U.S. units.

6. All adjustments and rearrangements of duties necessitated by these changes, are to be made by the U.S. units involved, so as to free the units necessary to be moved at this time. The detachment or release of any small detachments, groups, or parts of units, necessary for compliance with these plans, are hereby ordered.

7. These Italian units will be handled in strict conformance with "S.O.P. for Italian Army Unit Utilization," PBS, 20 April 44. All matters of their supply will be governed by PBS Circular No. 56 (Revised) 24 May 44. No variations in these procedures are authorized, and no exceptions can be granted to the reorganization here ordered. Particular attention is directed to the widely different status in, and U.S. commander's responsibility toward, Class "A" and Class "B" units, as defined in the SOP above referred to. (AG 322 BPLNO)
