HEADQUARTERS, ALLIED CONTROL COMMISSION
Office of the Deputy President

16 November 1943

Dear Ike,

I have put down formally in the attached memorandum what took place with Badoglio today.

Between you and me, the old Marshal was deeply stirred although he controlled himself as a soldier would. In my presentation to him I was as direct and cold as the situation required, but I naturally felt sorry for him. However, as we know, there was but one answer to the whole thing.

Incidentally, I was perfectly delighted to get your fine, straight message which presented your stand so clearly, and I was further delighted that the thing was handled here without reference to the Allied Governments.

I believe I have squared away to a fair start. It was actually at my suggestion that Badoglio held his press conference at which he announced what the intention of their government was relative to bringing together such ministers as they could in the freed part of Italy to carry on until Rome was reached. I believe he is absolutely sincere in saying he will withdraw just as soon as he can turn over direction to political figures. He has told me personally that, being a soldier, the political phases of his burden are most distasteful to him and that he looks forward to the time when he can pass on his burden.

We sent his ministers and the newly designated under-secretaries to my headquarters where I received them and discussed matters at some length. From what I have been able to learn so far, none has a "Nazi" taint.

Badoglio is most anxious to get away from here as there are absolutely no accommodations for his government in Brindisi. About a week ago we discussed the possibilities of moving to the general Naples area, Badoglio suggesting Salerno or Sorrento. This move is desired by me, of course, just as much as it is by Badoglio because I have never seen a more unsuitable, restricted layout for any sizeable activity than this shabby, old, dock-front hotel.

As a result of my talk with Badoglio, and in accordance with a message from your headquarters suggesting the area of Sorrento, I sent a reconnaissance party headed by McSherry on our side and representation on the Italian side to look over Salerno. There are material hardships

Badoglio is most anxious to get away from here as there are absolutely no accommodations for his government in Brindisi. About a week ago we discussed the possibilities of moving to the general Naples area, Badoglio suggesting Salerno or Sorrento. This move is desired by me, of course, just as much as it is by Badoglio because I have never seen a more unsuitable, restricted layout for any sizeable activity than this shabby, old, dock-front hotel.

As a result of my talk with Badoglio, and in accordance with a message from your headquarters suggesting the area of Sorrento, I sent a reconnaissance party headed by McSherry on our side and representation on the Italian side to look over Salerno. There are material handicaps there due to battle damage, yet I believe it would be possible to make the move in about three

or four weeks. It will be necessary, however, to get certain clearances and priorities at Salerno if this is done. Because I was not satisfied with the information I received relative to the availability of space at Salerno, I am sending Taylor and two others tomorrow to make a final check-up on both Salerno and Sorrento. For this, I am having McSherry come over from Palermo and I hope that the results this time will enable me to make some specific recommendations and requests. When these go forward, I hope you will give directions which will cause them to be put into effect in order that we may go as soon as possible. I might add that the matter of turning territory back to the Italians must be predicated on their ability to function with a central government, which ability they certainly do not have here. Also, the Commission has to be adequately provided for to do its part. If we can accomplish this move, I believe we shall then be able to negotiate the turning over of Sardinia, Sicily and Region 2 in Southern Italy without delay, should this be in accordance with your wishes.

Thanks a lot for sending that anniversary message to Helen. We always have a bottle of champagne on November 15th, but this year I did not even have access to a cable office, let alone a florist.

As a personal matter, I wish you would send me a horse - but, on second thought, I don't know when I'd be able to ride it as I have been keeping some swell hours -- 8:00 A. M. to 12:00 midnight. C'est la Guerrel

Yours ever,

We are pushing Flambo on the Sorrento move which I fully appreciate is essential for the functioning of the Italian Government. PERSONAL FOR JOYCE FROM SMITH REFERENCE YOUR 1099. Have not yet received Flambo reply to my message and confidently expect all sorts of objections. As we see it here these will have to be over ruled but Flambo must have its day in court. New Subject. Badoglio asked about Fisk who is now a colonel on duty in the United States. Some weeks ago Strong, War Department G-2, offered Fisk to me because of his knowledge of Italian and central European affairs. Have asked for him personally as he is an officer of ability, personality and tact. I think you might be able to use him to good advantage and will make him available to you if you desire as soon as he arrives.

BRIAN ROBERTSON REPEATED 15TH ARMY GROUP SIGNED DISSEMINATE CITE CHECKS. This is a
 matter which it was hoped your senior representative would be able to work out
 with Brian Robertson who is AFHQ's representative on the spot. Brian Robertson is
 fully aware of the importance of locating the Italian Government and the Control
 Commission on the west coast but he points out that your reconnaissance parties
 have acted without reference to him or to the local sub area, nor has any clear
 statement of requirements been given to him. General Gale has just returned from
 Italy and was under the impression that Taylor and Brian Robertson were in contact
 and were in process of arriving at a solution. This is what we expect. Subject
 to conference between your representative and Brian Robertson and lacking precise
 information, it is believed here that accommodations and offices can be found in
 Salerno with villas for important officials near Amalfi and Brian Robertson is
 instructed to proceed on these lines. Suggest that your representative confer with
 him at the earliest possible moment and that this conference produce a firm decision
 which we will gladly approve on receipt of mutual recommendations.

Subject: EM Reporting to You.

To: Colonel Carl Kreige, Headquarters Region 3 AMG, APO 512.

1. Today this Headquarters returned five EM to Naples by your 6x6 truck. Their delay in departure, a possibility which I mentioned might result over the question of what headquarters had permanent jurisdiction, was unavoidable. Corporal Nusca and T/4 Frascino, the two you asked for by name, are with them, in addition Sergeant Heftler of whom I spoke to you. As at the present time we are unable to spare Sergeant LaCava, we are sending the two men you asked for by name and three other men as well. I trust this arrangement will be most satisfactory from everyone's point of view.

2. To avoid these men being without housing facilities on their arrival in Naples they have been directed to report to Colonel Richards and are transferred to his Headquarters Company. I presume that you will include them in the 68 men whom Colonel Richards is assigning to you.

3. Your assistance and cooperation in this transfer of personnel has been mostly keenly appreciated.

1. According to the understanding with Colonel Kreige in your office I am sending Cpl. Nusca and T/4 Frascino. To avoid their being without quarters or directions upon arrival in Naples a special order transferring them to Headquarters Company directed that they should report to you for instructions. The administrative arrangements will be far simpler if handled by you than if the men were directed to Colonel Kreige.

2. In addition to the men whom Colonel Kreige asked for by name, Nusca and Frascino, I am also returning to you two of the three men whom General Taylor procured from Colonel Kreige about two weeks ago. Captain Benatti has their records.

3. I cannot speak too highly of the ability of Sergeant Heftler. He is thorough, able and cooperative in every way. I need say nothing about Sergeant Frascino and Cpl. Nusca, as you heard Colonel Kreige's opinion of them in your office.

4. As at this time we are unable to spare Sergeant LaCava, we are sending you Cpl. Rivera.

319.1 Report - Brig E. Quaterback
Naples,
9 December 1943.

Col. C. M. Spofford,
Headquarters, A.M.G.,
Palermo, Sicily.

9553

I want to tell you what has been happening here. General Maxwell Taylor, has been here and left today, and we have had discussions with General Holmes, General Robertson, and General Hamblen.

Allied Control Commission Accommodation. Sorrento is definitely of f. Salerno will be quite suitable provided we get permission to requisition the Papal Seminary. Taylor is going to try to get the Italian Government to requisition this seminary for themselves, but as it is in A.M.G. territory, Region II, A.M.G. must give the Italians permission to do so. General Joyce will inform the Italian Government that they have A.M.G. permission to do this requisitioning, and I shall let Lt. Col. Robertson, Salerno, know about this. I enclose a report on the details of accommodation. You will notice that if we fail to get the Papal Seminary, we can - with difficulty - still go to Salerno, but it means displacing a number of important military units and civil inhabitants numbering possibly 2,000. Furthermore, we should in that case be faced with the disadvantage of a distance of five miles between Italian Government and Headquarters, A.C.C.

We shall have to make provision also for the Advisory Council, and nobody can tell me what their composition will be. It is, however, clear that they will be a helpless body of civilians. It is therefore essential that due provision should be made for their administration and transport. Our telegram JGR (9) refers.

I estimate that the Brindisi party can start moving to Salerno ten days after the seminary is requisitioned, that is to say, probably not before 22nd of December.

Headquarters A.M.G. Accommodation. On arrival in Naples I was faced with the problem that General Robertson understood that Headquarters, A.M.G. would not operate in Naples. He said he had got this from General Holmes who, however, stoutly denies that he ever said so. I persuaded General Robertson that it will be essential for our economics and communications people to be in Naples in close touch with their opposite numbers at Advanced Administrative Echelon, AFHQ, and with certain economics officers of 15th Army Group, A.M.G. who are located in this Provincia Building. I was, however, forced to agree to the administrative directorate operating from Salerno.

There will therefore be an unfortunate reshuffle when A.C.C. starts setting up house in Salerno. Senior Officers of all sub-commissions will have to be collected at Salerno while the Junior Officers of the administrative directorate will have to come back to Naples. This is not going to be at all tidy, but it just cannot be helped.

General Robertson agreed that our internal housekeeping staff should be in Naples, and I have made provision for their accommodation here. This includes the Executive Officers, G-1 and G-4, Headquarters 2875 Rgt., Administrative Headquarters, British troops, and the main Adjutant General's office.

Organization of Moves. I enclose a copy of a note by General Taylor on arrangements for the move, dated 9 December, also a copy of memorandum from Major General Robertson of the same date. I am making Mass Vernon Headquarters Commandant at Salerno and leaving Richards as Headquarters Commandant at Naples.

Rome Accommodation. There has been a box up here as we never got a message from PBS that they were considering the allotment of accommodation in Rome. We have got the unpleasant task of having to bid for not only the A.C.C. but also the Italian Government and the Advisory Council. It will not be easy to know what the last two authorities want. I therefore sent our wire JGR (12) dated 9 December. I propose that when the troops enter Rome, we should send forward this Captain mentioned in my telegram, who has made a study of the problem, with our Headquarters Commandant, to keep a tight hold on the accommodation necessary for us, including the Italian Government and the Advisory Council. I suggest that Lt. Col. Rogers should be designated as our Headquarters Commandant, Rome, at any rate initially. I know this means that we shall have three Lt. Colonels doing Headquarters Commandant, but I am quite convinced, from my experience here, that unless one sends an officer of adequate rank, he can achieve nothing. As it is, poor Richards has had an exceedingly difficult time here until I arrived.

S.C.A.O. Rome. Brig. Lush wants to choose an especially selected officer for S.C.A.O., Rome, with the idea that he should stay on in that appointment until the Italian Government can really take a firm hold. I understand that it is the idea that the Italian Government should be moved into Rome just as soon as possible, while there will still be need for a strong S.C.A.O. there. The problem of governing Rome City will demand an officer of the utmost energy and highest capability. Lush mentioned French who is, I believe, at Catania, and I may send you a wire asking for him. I do not know French, but I am told he is a very good man, and I am quite certain that the problem of Rome must take priority over any other city. So, if I send you a wire asking for French, I hope you will be able to square it with Number I Region.

Engineer Officer at Salerno. At present we have Captain Rioli there. He is doing a very good job of work but is on the establishment of A.M.G., 5th Army, who are most unwilling to allow him to stay at Salerno indefinitely. I understand he is wanted as the general purpose C.I.O. when the armies move forward, and I am doing my best to overcome 5th Army objections, and retain Rioli. There is, however, no question of his assignment to Region II in the present stage.

War Material Factories. I have seen Col. Venning, who is here in Number IV Region and is doing nothing much, being loaned for odd jobs to III Region. He has, however, been given the task of dealing with electrical equipment when IV Region go forward. Now, I think this is nonsense. Electrical plant, like railways or shipping, is an all-Italian problem, and it is to my mind up to Col. Growdon to provide the necessary experts to go forward with the leading A.M.G. parties, and not to let them put their own technicians onto this job. I should like Growdon, as soon as he comes to Salerno, to put this matter right with IV Region, and thus enable us to pull out Venning to go to war material factories. Venning is particularly suited to war material factories and I know of no other officer who is suitable for that sub-commission.

Coordination of A.M.G. and A.C.C. You may by now have heard from AFHQ that they propose to set up a permanent committee here, at Naples, to coordinate A.M.G. 15th Army Group with rear A.M.G. or A.C.C. as the case may be. Recent events have proved that the present situation is absurd, not only is the Mason-Dixon line drawn without regard to economic realities, but also the various A.M.G. Headquarters are pursuing diverging policies in such matters as wages. AFHQ have therefore set up this Committee which will be presided over nominally by General Robertson, but actually, I understand

by Brig. General Hamblen, his Deputy. It is really an extension of the local Resources Board, on a higher level. It makes it all the more necessary for Headquarters, A.M.G. and A.C.C. to be up in the Naples area. I foresee that on this Committee we should have to have a fairly high level representation. In the fullness of time, when the tide of the war has flowed far to the North, A.C.C. will be able to take over the whole thing, but that is looking far ahead.

Offices in Naples. I have tried to allot office accommodation here to suit both the initial layout, and the final layout when the A.C.C. are in position. I have assumed that you will like to be in close proximity with the economics and communications sub-commissions, and that Lord Stansgate, in the initial setup, or his Deputy, in the later setup, will also wish to be there. Owing to the fact that Number IV Region occupy almost the best floor of this building, namely, the first floor, and I have been unable to turn them out, it means that our economic and communications people are somewhat skied, so you will have a fairly long walk up and down stairs. I think, however, you will prefer this to being on one of the lower floors, mainly occupied by our A.G.'s Branch, G-1 and G-4.

ACCOMMODATION REPORT

Security

SALERNO AREA

By Brig. Gueterbock and Col. Henderson

6 Dec 1943.

SALERNO

1. Justice Building (Palazzo Giustizia)

Constructed 1938 and is the best building in the town. Damaged by three direct hits.

Ground floor. Eleven good rooms, giving accommodations for mens' mess, cook house, stoves, sergeants mess, transport work shop, Hq Comdt's Office, information office. This does not count rooms fitted and used for records.

Mezzanine floor. 29 good rooms (5 more will be completed in December).

First floor. 14 good rooms ready, 10 more by 15 Dec. The 5 courtrooms and court offices are not included.

Second floor. 24 good rooms ready, 8 more by 15 Dec.

Third floor. 22 rooms available, not counting record rooms. These rooms are best suited to troops accommodation.

It is suggested that this building be used for:

- (a) A.C.C. offices. At least 60 to 70 offices can be counted on plus an expansion during Dec. to about 90.
- (b) RM/OR accommodation. Space for 250 available.
- (c) Cooking and mess room. Space available.
- (d) WF workshop. Space and access for small workshop.
- (e) Conference room. One of the courtrooms.
- (f) Civil use. It will be possible, without affecting the above, to permit civil access to record rooms and to courtrooms and the use of a private staircase.

2. New Municipio. The total number of offices is about 60. Several of these are very small. It is fully occupied.

It is suggested that this building should not be used for A.C.C. Evacuation of the whole building would have a serious effect on civil administration and the building is not as suitable as the Palace of Justice.

3. Palazzo Edelizio. This is in two sections, east and west.

East section. 18 flats. Fully occupied by civil families.

West section. 14 flats. Three flats occupied by military personnel, one used as civil office, one by civil family.

It is suggested that these flats are best suited to officers' billets. Evacuation of the west section is not difficult, of the east section would be a hardship. The total number of officers per flat is 4 for each in the east section (total 72) and 5 for each in the west section (total 70).

Restaurants. There are two restaurants, each capable of feeding about 50 to 60 officers.

4. Fascist Youth Building. (Navy house): This is divisible into two sections, north and south. The southern section is essential to operations and unlikely to be available. The northern section is best suited to officers accommodations and messing, with good rooms and washing facilities, and suitable messing and ante-rooms. It will require furniture. It will accommodate 50 officers and mess 100-150. It is at present sparsely occupied by RM personnel, and may not be readily available.

5. G.I.L. Building. (Ex. Naval store): Best suited for messes' messing and recreational rooms, it will mess 200-250 EM, it could mess 60 officers. Cooking equipment will be required. This building is available.
6. G.C.A. Building. Similar to GIL but not available.
7. 31 Via Roma (APO building) 5 floors of apartments. Suitable for 100 EM accommodation and messing, involves displacement of 100 civilians.
8. 21 Via Roma. (Claims and hiring building) 4 floors of apartments, suitable for 100 EM accommodations and messing, involves displacement of 20 civilians and a few military.
9. 7 Via Roma. (DAPM offices) 4 floors of apartments, suitable for 100 EM accommodations and messing, involves displacement of 15 civilians and 80 military personnel.
10. Hotel Diana. In use and necessary for transit officers. It can take at least 20 additional to normal average numbers, and it is suggested that this figure be reserved for A.C.C. transit officers.
11. Aquila d'Oro. 3 floors of apartments. It could be made into 30 offices; involves displacing 50 civilians.
12. Papal Seminary. Inspected by Italian officers, who state that if the Min. of War is accommodated elsewhere (Officers School Nocera suggested) and accommodations found in SALERNO for about 20 officers and elsewhere for H.M. and the Marshal, the Ital. Govt. can fit in.

9549

CAVA

1. Hotel Impero. Can accommodate about 40 officers. At present about half is used by AMG but they could move. Furniture is rather scanty but adequate.
2. Hotel Vittoria. Can accommodate about 60 officers. At present practically empty. Fully furnished, beds and linen, comfortable and modern.
3. Hospital. Empty. Suitable for troops accommodations only. Contains about 400 beds and mattresses.
4. Schools. N.G. 9548
5. Monastery. N.G.
6. Apartment Bldgs: There are four blocks of apartments flats, two blocks total buildings, make fair offices or officer's billets. All are very full and mean large displacement of refugees. (The Palazzo Guppola, Paolilla Vincenza, Convitto Marconi are included.)
7. Villa Guppola: Next door to Palazzo Guppola - 10 rooms in two flats, very well furnished as living rooms. Occupied by owner of flats; suitable for one or two sections of Advisory Council.
8. Convitto Marconi: 4 Apartments each 6 rooms; two occupied by civilians two by Italian railway engineers. The latter two could be made readily available for twelve officers.
9. Municipality. N.G.
10. Villa Rende: Approximately 30 rooms in three floors, each self contained. Excellent condition, fully furnished for living. Top floor occupied by two chalet adjacent, total five rooms on two floors.

Villa Maria: 9 rooms and good bathroom. Occupied by tenants (only 2). The above two villas are in the town of Cava. Suited for branches of the Advisory Council, giving 5 or 6 separate but adjacent quarters. Alternatively they could be turned into an officers mess and billets for about 40 officers.
11. Villa Accini: About one mile from Cava; attractive but old fashioned and damaged, about 6 habitable rooms. Electric lights, not working. Care-taker resident.
12. Villa Golgano: N.G.
13. Villa Ciaque: 1/2 m. from the town of Cava; old fashioned and crowded with civilians; About 20 rooms, one bath room; not recommended.
14. Villa Ricciardi: Inspected by Italians and considered suitable for Marshal B.
15. Villa Ferrar group: There is a group of four villas near the Ricciardi, (Ferrara, Paradis, Scaramella,?) not inspected in detail. They appear suitable and fairly empty, but are very inaccessible until road bridge is repaired. This is in hand.

SUMMARY:

A. The following is recommended:

Italian Government

In Papal Seminary Salerno, with the Min. of War in the Officers' school in Nocera.

R.M. in the Villa Crucillia, Vietri.

P.M. in Villa Ricciardi, Cava.

20 officers in SALERNO in Pal. Edelizia (west section) 4 flats.

A.C.C.

Offices in Palace of Justice, SALERNO.

Troops in Pal of Justice, SALERNO.

50 officers in Hotel Vittoria, Cava for accommodation and messing.

50 officers in Fascist Youth Bldg. (Bldg. Navy house) northern sec.

35 officers in Pal. Edelizia (west section) 7 flats.

Messing for 85 officers in Navy house.

Alternatively, clear the Pal. Edelizia west section completely (10 flats - 50 officers) and as much of east section as necessary to house up to 80-100 officers, and mess in the restaurants in Pal. Edelizia. (The Sub/Comdr. is not in favor of giving up Navy house.)

Area

Advisory Council. Villas Ende and Maria, and Villas Ferrara, Paridis, Scaramella as required. Also possible to get villas in and on the road to Ravello.

The advantages of the above plan are that for ACC offices it gives the best building in the town and one that will have an expanding capacity, for officers messing it uses the best hotel in vicinity for senior officers, and it causes the minimum of displacement in an area packed with refugees. The Advisory Council is near but not on top of the A.C.C. The Government offices are within walking distance (1000 yards) of the A.C.C. offices.

The disadvantages are, that transportation is necessary from Cava to SALERNO for about 40-50 officers, daily. On the other hand, if this is not faced, officers' accommodation in SALERNO will be difficult and inefficient. A minor disadvantage is that, to enable civil courts to function and to permit access to records in the Palace of Justice, some reorganizing-off of a section of the building will be necessary.

B. If the Papal Seminary is not used, but it is still desired to move the Government to SALERNO, it will be possible but most difficult to do so.

In this case it is recommended that the A.C.C. establish at Cava, and the Italian Government at SALERNO. The Italian Government offices would be in the Palace of Justice; the officers (80) in the Palace Edelizia (30) seniors in 14 flats of west section, 50 in 9 flats of east section) and the balance of 200-300 in billets.

9547

The A.C.C. would be accommodated in Cava; offices in the apartment buildings (Pal. Guppola, Villa Guppola, and the Vincenza buildings as necessary, giving 80-100 offices) officers quarters in the Hotel Impero (20) Hotel Vittoria (60) Villa Rende (40) Villa Maria (20), total 140. This will involve displacement of about 200 civilians. Troops in the Hospital.

The disadvantages of this plan would be that the offices of the Government and the A.C.C. are 5 miles apart; both in SALERNO for the Government and in Cava for the A.C.C. there. There will have to be large displacement of civilians; office furniture will have to be found at Cava. 9546
men's accommodation will be indifferent.

ALLIED MILITARY GOVERNMENT

ARRANGEMENTS FOR MOVE AGREED TO BETWEEN BRIG.
GUETERBOCK AND BRIG. GEN. TAYLOR

1. Brig. Gueterbock is charged with all arrangements at SALERNO. He will control the build-up of personnel and equipment coming from both BRINDISI and PALERMO. He will adjust conflicts of requirements between ACC and Italian Government. He has full authority to give tentative assignments of space to elements of ACC which will be effective at least until the move is completed and the Commission operating.

2. The general procedure will be as follows. As soon as final authority to move is received, Gueterbock will start clearing space in order of expected use, reporting to Fatima estimated date of readiness to receive the first motor convoy and the space to be available. Four days in advance of this date he will start an empty motor convoy to BRINDISE of about 20 trucks, 2-1/2 ton. Fatima will load this convoy and send it back with proper guards. Unloading details will be furnished at SALERNO. The convoy will be accompanied or preceded by personnel from BRINDISI to look after the property at destination.

3. In principle, the Italians will look after themselves. Where they need help from Allied sources, Gueterbock will assist them in placing requests. An advance party will be sent forward at once reporting to Gueterbock in NAPLES.

4. An advance CP will be established at once under Lt. Col. Moss Vernon, care of 94 Base Sub-Area.

27 DEC 1943

My dear Gueterbock,

It was good to see you the other day and have a preliminary talk on our common problems. I realise that even your present plans are far from crystallised and we shall be able to see more light when Commissions and others have made up their great minds.

I hope A.E.H.Q. have agreed to your nomenclature - but in the meantime, merely to save confusion, would you mind substituting the notice boards styled H.Q. A.M.G. which I saw at the bottom of the Provincia Buildings by some descriptive but less ambiguous sign?

I shall hope to see you again soon.

N.B. C.G. states on 15 Dec. h.
his 14161 H.Q. address is to be

The Allied Control Commission and the Italian Government are moving in the near future from the BRINDISI area to the SALERNO area.

1. There is at present little information as to probable date or composition of the party, but the following general directions are issued to ensure that the move, when decided upon, may be carried out with as little delay as possible.
2. The move will be carried out to the fullest extent possible by rail. It will probably take the form of a small adv party by road, main body by rail, and a small rear party by road.
3. (a) No. 2 District will provide road tpt for adv party and rear party, and road tpt from location in BRINDISI area to entrainment station for the main body. Road tpt provided for the adv party and rear party will NOT exceed 15 x 3 tonners in either case.
(b) 94 Sub-Area will provide road tpt for the main body from detrainment station to new location.
4. Rep of H.Q. ACC Hotel Internationale BRINDISI will contact Movements BRINDISI and H.Q. 71 Sub-Area and provide full particulars of dates required to move in respect of each party, strength of personnel and weight of baggage for each party. This information must be given to Movements BRINDISI at least 7 days before the commencement of the move.
5. On the basis of this information MOVEIT in conjunction with Q No. 2 District will issue detailed Movement order, which will include instructions regarding, rations, POL, water, staging, and security of the move.
6. An estimate has been given that the strength to move will NOT exceed 1800 personnel and 300 tons baggage stores.

1. Air Commodore Palmer telephoned at 1830 hours on 16 December to say that he had arrived at Salerno and that the car would be returning here tomorrow, 17 December, bringing Captain Street's baggage.

2. A full report on the position at Salerno will be sent with the driver of the car. Air Commodore Palmer added that conditions were cold at Salerno, that a good deal of work remained to be done to the premises, and he advised that we should not be in too great a hurry to send over further personnel.

Dear Gueterbock:

The bearer, Colonel Pettorelli-Lalatta, has been designated by Marshal Badoglio to look after the housing requirements of the Italian government in Salerno. The Marshal has definitely abandoned the idea of taking over the Seminary so that a restudy of the Italian requirements will have to be made. Will you give Colonel Pettorelli every assistance in working out his plan subject to the following conditions:

- a. The plan for housing the Commission remains unchanged except for such variations as you may authorize.
- b. The Italian requirements will be scaled downward both in living and office accommodations.
- c. Final plan for the Italians is subject to your concurrence as is also their plan for bringing in personnel.

I have been informed from Salerno that certain villas have been reserved for the use of the King and the Royal Household. I presume that this has been done in collaboration with Brigadier Gusterbock and Colonel Pettoralli.

In this regard, have you received any report from Colonel Pettoralli? As soon as you have received his plan and approved it, I shall be grateful if you will inform me of your proposed schedule of moving. The Commission is ready to go at any time but desires to synchronize the movement of our principal officers with yours.

27 December 1943

To His Excellency Marshal Badoglio -

Dear Marshal Badoglio:-

With regard to the housing questions raised in your letter of 26 December, I have directed General Taylor to confer with Colonel Pettorelli with the view of reaching some satisfactory adjustment. I have always been afraid that failure to get the facilities of the Seminary would impose a considerable reduction on the number of officials that could be accommodated at Salerno. I should like to advance the suggestion that possibly the Archbishop might be persuaded to make available a proportion of the living quarters at the Seminary for some of your officials in consideration of your refraining from requisitioning his property.

In a similar connection, the Allied Control Commission is being pressed for data as to your government's requirements for housing in Rome. I know that this matter has been under discussion for some time between your representatives and Captain Scotten of the Commission. I hope that these gentlemen will soon arrive at a satisfactory estimate in order to make a timely representation of Italian requirements to the Allied Authorities.

Most sincerely,

We are striving to set up Headquarters at Naples Salerno under difficult conditions with great shortage of professional soldiers. Lack of trained Junior Officers has resulted in number of administrative muddles which waste time of Senior Officers. Lack of transport and supervision has resulted in breakdown of valuable vehicles. Our Headquarters is still split between Brindisi Palermo Naples Salerno with consequent heavy overheads. Mean while provision of essential transport requirements has been seriously delayed and is still not complete. I have had to ask Flambo to provide American NCO's to discipline and train enlisted men. Impossible to run any Military Organization without nucleus trained soldiers all levels and ASD/ACC of most complicated Military Organization. Earnestly request your assistance in providing our basic Military requirements at least until we are organized in Salerno Naples. Barnshaw and Farrar have been posted away. Protest most strongly against losing Captain Farrar and request this decision be reconsidered. Further cables follow regarding American NCO's and transport.

Merchant Marine Ministry accommodation proposed in Medbo letter to you dated 20 December conforms to my proposals agreed with Pettorelli Lalatta. As matter of principle General Robertson is averse to Italian Government Offices in Naples but radio do Reineys is already here and presumably E arone shipping would be allowed here on Medbo invitation. Accommodation in Naples would be more easily obtained by Medbo than by us. Therefore I am leaving matter to Medbo to arrange subject your concurrence with Medbo proposal.

Billeting and Office Accommodation

In connection with the proposed move to the SALERNO area, I have ascertained that certain accommodation suitable for Major Page's and my sections is available/as follows:-
at RAVELLO near AMALFI

Office Accommodation: Villa CANTERINI

The use of the whole of the ground floor and of the first floor, excluding kitchen, is required. Also a room known as the gardener's room.

The owner and his family are in Rome. The house is at present occupied by the family cook and a refugee couple. There is accommodation available for these people on the second floor and there would be no objection on my part to their remaining in the house. Also, may a telephone be installed at the villa?

Billeting Accommodation : Hotel PALUMBO

The personnel to be billeted consists of :
6 Officers, 3 Lady Secretaries and 5 or 6 Other Ranks.

Accommodation is available at the Hotel Palumbo where arrangements for feeding can be made for the whole party. I propose that two other ranks should sleep at the Villa Canterini, leaving 6 officers, 3 lady secretaries and 3 or 4 other ranks to be accommodated at the Hotel Palumbo.

I should be most grateful if you would give the necessary orders to ensure that the above offices and billeting accommodation are made available for our two sections. The Hotel Palumbo is not at present requisitioned but receives many Allied Officers who spend a few days leave there. The neighbouring Hotel Caruso has been requisitioned as a rest-camp and quick action may therefore be necessary to ensure that the Hotel Palumbo is not requisitioned for a similar purpose.

1. One or two points for you to bear in mind in case Taylor did not hand them over to you.

2. We should like to have as much office furniture and bedroom furniture brought up from Brindisi as you can without seriously embarrassing local arrangements. We are very short of these things here.

3. I presume General Mason MacFarlane will want to see me soon after he takes over. Perhaps he will be coming to Naples, or he may wish me to come to Brindisi. There would be this advantage in his coming to Naples, that he would then see Lord Stansgate and Mr. Grady. Will you let me know his plans as soon as you can get them from him.

4. I understand your advanced party will leave Brindisi as soon as the Italians have agreed to documents A, B, and C. Moss Vernon at Salerno and we here should like 48 hours warning of the arrival of your advanced party.

HEADQUARTERS
ALLIED MILITARY GOVERNMENT

EG/oa

14 January 1944

Subject: Telephone message from Brig. Gueterbock to Captain Stone.

1. AMG 15th Army Group appear to be trying to move us out of the Provincia Building. They require space for Rome planning.

2. With considerable difficulty we have established ourselves in the Provincia Building which we have repaired. We are also repairing various office accommodation in surrounding buildings, all of which are required for our rear party from Palermo. We have at considerable trouble secured and repaired (or are repairing) various accommodation near these offices for the housing of officers and other ranks. This work has been proceeding actively since the first of December.

3. We had in addition secured the Ospedale Militare and Scuola Elementare at Acerra, but have had to give that up for a French hospital on the demand of PBS. We had also secured in Naples the Istituto de Figlia di Popolo as an office, but have given that up to Region III on their urgent demand. We have thus given up two big buildings which we had secured. While we have been actively seeking and repairing fresh accommodation with some success, it would appear that the local AMG Headquarters, subordinate to AMG 15th Army Group might have secured additional accommodation for Rome planning had they acted with equal energy.

4. I must emphasize that we from the Provincia Building are carrying on the actual government of Regions I and II. This work has necessarily been interrupted severely during the move from Palermo for a period of nearly a month. Should we have to make another move there would again be a serious interruption of work.

5. We are at the moment doing our best to cooperate with AMG 15th Army Group and the Central Economic Committee regarding the economic government of the mainland of Italy. We have provided a number of officers for combating typhus in Naples. We have had to assist No. III Region in the receipt, warehousing and movement of several hundred tons of public health stores with which they were unable to cope.

6. General Robertson agreed when I came here on the 3rd of December, that we should establish our Economic and Communications Sections and our housekeeping staff at Naples. This has been done.

7. Working on the above plan I have made arrangements at Salerno for only a portion of the whole Headquarters ACC and for the Italian Government. There is now no room at Salerno to establish the rest of Headquarters ACC there.

21 JAN 1944

2473

8. If we have to move out of Naples altogether, we should have to take on the accommodation at Salerno which has been reserved for the Italian Government, and this would upset the move from Brindisi completely.

9. If we have to move out of the Provincia Building into other accommodation in Naples, there will be a serious break of say three weeks in our functioning of economic government. Furthermore, we shall be permanently unable to carry on as efficiently at Naples as we could have done with our present compact setup.

10. Finally as I have stated, the necessity for Rome planning is no new matter. I had agreed with Brig. Lush to leave Region IV occupying the whole of one floor of the Provincia Building in order to enable them to do Rome planning there. Had they required any further accommodation they could themselves have secured another office, for example the Istituto de Figlia di Popolo which we only found in the first week in January.

11. I propose to refuse to move out of the Provincia Building without direct orders from the Deputy President ACC, and I should like him to be aware of the above factors before he makes any decision which may be officially requested.

2. Will Headquarters Commandant, Salerno, please give his views on the following:

Will an additional American Officer be required permanently as second in Command, American Detachment? If so, efforts will be made to find a suitable officer, but it is suggested that Capt. Volstad should be able to devote some of his time to such duties as you will have two officers for the organization and supervision of air and motor transport.

b. Is a full time Reception and Information Officer (See Para. 1 above) really required? If so, Headquarters Commandant, Salerno, should report to this Headquarters when Capt. Jones is expected to be fit for duty, and whether or not a replacement is required in the meanwhile.

c. Reference para. 1i. above. The name of the officer finally selected (as to which Headquarters Commandant, Salerno should consult Major Doe, Brindisi Detachment) as Mess Secretary and Treasurer should be reported to this Headquarters as soon as possible. It is understood that Major Doe has agreed that Capt. Buckley would be a suitable officer for such duties and it is considered, in any event, that the officer detailed as Security Officer can easily undertake, if qualified to do so, the duties of Mess Secretary-Treasurer in addition to his Security duties. It was suggested at one time that an officer for Security duties in connection with classified documents in the offices would be required in addition to a Security Officer for general duties under the Headquarters Commandant. On reconsideration, this is not now considered necessary; one officer under the orders of the Headquarters Commandant can well perform both functions.

d. Under the organization proposed above, is a British Quartermaster or Quartermaster Sergeant considered essential?

3. Capt. Sirota (A), at present employed on duties with O.C. American Detachment, will revert to command of Property Controller as soon as possible under arrangements direct between Headquarters Commandant and Property Controller.

4. Capt. Slaughter (A), at present Acting O.C. American Detachment, Salerno, will probably be required to join the Secretariat at Salerno (See para. 5a below). If so, paragraph 4, Special Orders No. 21 Fwd., Headquarters, 2675th Regiment, Forward Echelon, Allied Control Commission, dated 27 January 1944, will require amendment.

5. The provisional organization of the Secretariat-General will be as follows:

a. At Naples.

Secretary-General
Assistant

Major Doe (A)) at present
Capt. Collins (B)) in Brindisi.

or not a replacement is required in the meanwhile.

c. Reference para. 11. above. The name of the officer finally selected (as to which Headquarters Commandant, Salerno should consult Major Doe, Brindisi Detachment) as Mess Secretary and Treasurer should be reported to this Headquarters as soon as possible. It is understood that Major Doe has agreed that Capt. Buckley would be a suitable officer for such duties and it is considered, in any event, that the officer detailed as Security Officer can easily undertake, if qualified to do so, the duties of Mess Secretary-Treasurer in addition to his Security duties. It was suggested at one time that an officer for Security duties in connection with classified documents in the offices would be required in addition to a Security Officer for general duties under the Headquarters Commandant. If so, paragraph 4, Special Orders No. 21 Fwd., Headquarters, 2675th Regiment, Forward Echelon, Allied Control Commission, dated 27 January 1944, will require amendment.

5. The provisional organization of the Secretariat-General will be as follows:

a. At Naples.

Secretary-General	Major Doe (A)	) at present
Assistant	Capt. Collins (B)	) in Brindisi.

b. At Salerno

Deputy Sec'y General:	Capt. Slaughter (A)
-----------------------	---------------------

6. A Secretary for Independent Sub-Commissions is to be instituted.

Lt. Col. Quin-Smith, at present employed at Brindisi, will be required for this post at Salerno.

7. Capt. Haslam (B), at present employed on British Army Records at Brindisi, will be required at main Headquarters, Naples to join the G-1 Staff.

RESTRICTED

8. Will Headquarters AGC, Brindisi, please notify Headquarters Commandant, Salerno, and this Headquarters the dates on which the officers referred to in Paras 1, 5, 6 and 7 above, can arrive at Salerno and Naples to take up their new duties. This information is required as soon as possible.

9. It is not yet possible to give the organization of the AG Department at Salerno and the allotment of personnel therefor as this depends to some extent on reorganization questions now under consideration.

BRINDISI DETACHMENT

IC/1

8 February 1944

Subject: General Report

To: Director, Industry & Commerce Sub-Commission
Hq Allied Control Commission

1. On the closing down of this Hq on the morning of 10 February 1944, I have made arrangements to open an office in the Municipio Building, BARI, adjacent to that of Captain Imrie, Supply Officer Apulia Province.
2. Arrangements to requisition a car have been made but considerable difficulty is being experienced in finding one with tyres or alternatively one with wheels suitable for such tyres as can be obtained. The absence of a pool on which to draw for transport makes it a matter of first importance if I am to make personal visits to the various productive units.
3. Your ACC/5195/IC dated 4 Feb 44 was received today and appropriate action has been taken in the case of the enclosures.
4. I am informed that no files were left for me by Major Attayer. In consequence receipt of a letter such as 7/4/IR attached conveys very little to me. It is forwarded for your information.
