SUBJECT: Battle Participation Awards.

R.B.D.

TO : All Unit Commanders, this Regiment.

1. All units of this Regiment will institute investigation to ascertain those officers and enlisted men who are entitled to the Battle Participation Awards authorized in letter, file: AG 200.6/263 P-O, subject: "Battle Participation Awards", NATOUSA, dated 20 March 1944.

2. It is desired to point out that the authorization for the Regiment does not entitle each member of the Regiment to wear the bronze star on the campaign ribbon. The individual must have served honorably, in the combat zone, as a member of a unit, or attached to a unit at some time during the period in which the unit participated in battle and was accorded credit therefor.

3. The following procedure will follow: Unit commanders will enter in the service records of each enlisted man a notation to the effect that this individual is entitled to a battle participation award. A consolidated roster by name, grade, serial number, and the combat zone in which the individual served will be furnished this headquarters. For officers, the information may be secured by means of a form similar to Appendix 1, and then forwarded to Regimental Headquarters for entry on the Officer's WD AGO Form 66-1.

4. Unit commanders are authorized to requisition through S-4, this Regiment, necessary bronze stars.

5. Attention is invited to Paragraph 6a, above-mentioned letter, which indicates the various combat zones for this theater:

- (1) Combat zone-Italy (exclusive of Sicily & Sardinia), Corsica, and adjacent waters.
- (2) Time limitation-18 August 1943 (air), 9 September 1943 (ground). Final date to be announced later."

Subject: Award of Legion of Merit.

To : All Concerned.

1. To provide a more comprehensive and uniform basis for the submission of recommendations for the Legion of Merit, the following instructions are published:

a. The provisions of AR 600-45, 22 September 1943:

"The accomplishment of the duty for which the award is recommended should have been completed, or it should have progressed to an exceptional degree if the person rendering the service has been transferred to other duties prior to its full accomplishment."

is interpreted as follows:

A recommendation for an award may be made regardless of the fact that the officer or enlisted man continues in the same position, if the accomplishment can properly be considered as completed in connection with one of the following phase lines:

The end of the Tunisian Campaign, May 13, 1943.  
The end of the Sicilian Campaign, August 17, 1943.  
The capture of the Volturno River line in the Italian Campaign, October 13, 1943.  
(Other phase lines will be announced from time to time).

This will not be construed as authority to recommend a second or subsequent award of the Legion of Merit for duty performed while the officer or enlisted man occupies the T/O position in which he performed the duties on which the original award was based.

b. Unless otherwise directed, at least 50% of all recommendations will be for enlisted men.

c. An allotment of a certain number of awards will be granted by this headquarters each three months, first period to end 31 May 1944, to all major

REGISTERED

## RESTRICTED

commands (i.e. higher headquarters, aviation, air forces, base sections, etc) in this theater. Such commands will in turn divide their allotment among those units serving under them. Due care will be exercised to see that a proper balance is maintained between units. Prior to the start of a three month period each command will be advised by letter from this headquarters of the number of awards allotted for the period. This number will be based on the strength of a command at the time of the allotment, the number of Legion of Merit Awards previously granted to members of the command, and its operational functions. The allotment granted will also eliminate the present disparity which exists in the number of awards granted personnel of higher headquarters and those granted lower units. It is the Theater Commander's desire that the number of awards to personnel of lower units be increased.

d. Once an allotment has been made to a command to a unit under it, it will not be changed by reason of reassignment or attachment of the unit to another command. However, units no longer under the headquarters which granted their allotment will transmit their recommendations through their present headquarters to the headquarters which made the grant. Direct correspondence between headquarters is authorized in this connection.

e. Recommendations may be forwarded as soon as an allotment is received, it being desirable for administrative reasons that the recommendations be spread over the period, and will contain a statement as to which allotment period they are for (i.e. For Allotment Period ending 31 Nov 1944).

f. The granting of an allotment to a command does not mean that each recommendation submitted to this headquarters as a part thereof will of necessity be approved, or that each command is required to furnish the number involved. If a unit does not fill its allotment in a particular period the unfilled part will be cancelled; it may not be transferred to another unit nor continued into the next allotment period. Unless each recommendation clearly shows the award to be justified, it will be returned disapproved and will be counted as part of the allotment.

g. Upon receipt of this letter all pending recommendations for Legion of Merit awards will be held for consideration against quota.

2. The above instructions are being incorporated in a circular on Awards and Decorations, soon to be published.

SUBJECT: Recommendation of Award of the Legion of Merit to Brigadier General Maxwell D. Taylor, O-14898.

TO: The Adjutant General, U. S. Army, through Allied Force Headquarters

1. On the eve of Brigadier General Maxwell D. Taylor's departure to re-join his division I wish to place on record the esteem in which I hold the outstanding service he has rendered as Chief of Staff of the Allied Control Commission.

2. He has displayed executive ability of the highest order, and has met and surmounted many trying situations with the utmost of tact. In addition to his other highly desirable qualities General Taylor is a superior administrative craftsman with inordinate capacity for intensive effort.

3. Because of General Taylor's successful accomplishment of his trying duty with this Commission in which he has rendered very material service in furtherance of the Allied war effort I recommend that he be awarded the Legion of Merit with a citation essentially as follows:

Brigadier General Maxwell D. Taylor, O-14898, for exceptionally meritorious service as Chief of Staff of the Allied Control Commission from 10 November 1943 to 15 January 1944. During this critical, formative period of the ad interim Italian Government and the Allied Control Commission General Taylor because of his outstanding ability, energy and tact successfully completed many operational and diplomatic tasks that made a material contribution to the Allied war effort.

SUBJECT: Battle Participation Awards.

TO : All Concerned.

1. Reference is made to secret letter this headquarters dated 23 December 1943, Subject "Battle Participation Awards", file AG 200.6/263.

2. Due to the late receipt of instructions in this theater (letter WD, 29 October 1943, File: AG 200.6 (26 October 43) OB-1-A-MB-A) many individuals, both commissioned and enlisted have been transferred from units, service with which entitle them to wear battle stars, without suitable entry being made in their service records and qualification cards.

3. Particular attention is directed to paragraph 7 b Circular 243 ca. this headquarters. All unit commanders will cause a check to be made of Service Records (WD AGO Form No. 24) of enlisted personnel and Qualification Cards (WD AGO Form No. 66-1) of officers and warrant officers, to see that necessary entries are made for those men now present in or who subsequently join their organization who are entitled to one or more battle stars for service rendered while a member of that or another organization.
