Strongly recommend that whole instruction be framed to cover employment of Italian troops by all Allied nations and that existing Italian army documentation, organization and chain of responsibility be maintained to fullest extent. 3. Inclusion of universal section in Italian Military law to avoid submission of cobelligerents to penal codes foreign to them. Para 10a. RADIOJIC should not be permitted (This paragraph for Fatima and Diaper

Your comments and further particulars are requested before we can take
further action in following matter. Have suspicion that 400/500 Yugoslavs
mentioned as working mines in Sardinia are in fact Italians of Slovene origin.
If so they are not Prisoners of War. (This paragraph rpt to Diaper Bari)
They are still Italian troops and General Policy toward Italian troops

Your 04 18139 cite PLANFOR 126. See my signal 0241 of 17 Feb to you. Situation is that Italian Army strength on the mainland has been reduced by demobilisation to less than 170000 and call up of illegal absentees has been ordered to bring strength back to 190000. Broadly speaking civil labour market will lose less than it has already gained but agreed special arrangements necessary for essential technicians employed by Allies. Request alter meeting to 1700 hrs Thursday 24 February to enable Duchesne to fly from Taranto. Capt Monico to attend. Is there any chance of increase shipment for Italian troops from Sardinia?

Reference your 25/Q1 of 14th February. By AG/2 of 18th November addressed to you copy to Fotali asked letter to check figures and keep me informed. Fotali 1030/5 of 14th December stated all issues of rations for Italian Navy to be under complete control Italian Naval depots. Copies of all strengths and breakdowns have been submitted to Fotali every 10 days for mainland only when rations have been provided. Am asking Ministry of War to investigate with copy to you and Fotali. Fotali should investigate inaccuracy of Italian Ministry of Marine returns and deduct rations overdrawn from future demands. This office has no knowledge of Italian naval reserve policy nor system of victualling Italian ships. Fargo Memorandum of 6 February lays down that machinery for physically checking deliveries to Italian Navy.

Sitrep No. 157. 8th Army. Nothing to report. 5th Army. On 2nd Corps front elements of 34th Division continued to maintain pressure in Cassino town. Heavy fighting was in progress on New Zealand Corps front. Heavy enemy counterattacks were made against positions of 4th Indian Division on hills just northwest of A. Cassino but late reports indicate these features are still in our hands. 2nd NZ Division bridgehead south of Cassino was likewise counterattacked and our troops were forced to the east bank of Rapido. However covering forces remain on west bank to protect bridge. On 10th Corps front 2 enemy attacks against elements of one Guards Bde in the area 2 miles north of Castelforte were repulsed. On 6th Corps front the enemy continued this attack on 15th Division of 18th February employing some 20 battalions. The attack was on a front of 4000 yards on an axis just east of the Campoleone-Anzio road. Limited penetrations forced our 79th Infantry to withdraw to 29 Northing and left of 180th Infantry was withdrawn to conform. The attack was resumed on 19th Feb but details are not available.

Sitrep No. 158. 3th Army. Active patrolling continued. Weather restricted operation on 2nd Polish Corps front. 5th Army. On 2nd Corps front 133rd Infantry (34th Division) were still fighting in Cassino against stubborn enemy resistance. On 12 Corps front an attack by elements of 40th Indian Division on the high ground west of Monte Cassino succeeded in gaining its objective but a strong enemy counterattack forced a withdrawal. On 16th February the enemy attacked along entire 6th Corps front. On 3rd Division front two small penetrations were made. Counterattacks to restore these small losses were progressing slowly. A strong attack along the Axis Albano-Anzio forced a gap on 45th Division front and the enemy penetrated to 30 Northing grid. A counterattack by armored units restored the line to 31 Northing grid and the gap was filled. Positions of 56th Division to left of 45th Division were penetrated in two places to the 31 Northing grid. Heavy casualties were inflicted on the enemy. 25 tanks some of which were Tigers were reported destroyed.

ALLIED CONTROL COMMISSION (SALENO)
HQ ACG (R), MAAP (ADV)

Confusion continues to exist internally and externally because the unit under Air Commodore Foster working with the Italian Air Force assumes the title of Air Division or Air Section of the Allied Control Commission. Is A/C Foster's unit part of the Allied Control Commission organization? If it is not part of the Allied Control Commission request you ask MAAP to give it an authorized title.

(It was necessary to service this message - reason for delay)

True sequence of paragraphs has undergone a random arrangement and reestablishing the normal sequence will give you the original message.

1. Combined Chief of Staff have advised that UK and USA have reached agreement relative resumption Italian external postal service. Service should be resumed 16 February simultaneously with all Allied and non-enemy countries. Until additional shipping facilities are available service will be limited to personal communications only.
2. Not necessary to advise Berne before resumption of service. Sufficient if (a) simple notification of opening of service is sent in first mail despatched to such countries for which direct outward mails are made up and (b) postal administration HQ, such countries, are informed that inward mails can be accepted by those routes specified, subject to such restrictions as may be imposed by orders issued by CINC. 811
3. Postmaster Generals of UK and USA will prepare respective press notices which will be released 16 February in London and Washington. Press notices suitable for Italian public will be prepared and issued by ACC on February 16. FIB at AFHQ request that such release be coordinated with FIB representative at Naples before issuance.
4. Combined Chiefs of Staff have recommended that such press release be restricted to simple statement that International Postal Service is being restored to Sardinia, Sicily, and 10 mainland provinces. Announcement should state that until further notice service is restricted to unregistered letters and post cards, not exceeding 40 grams in weight, of a purely personal nature; financial, commercial, or business

correspondence being prohibited.

5. Allied Control Commission will ensure that Italian postal service disseminates necessary instructions as to type of correspondence permitted, date of resumption, countries with which service will be resumed, and that all inward mails must be routed in accordance with detailed instructions as distributed by Universal Postal Union Convention to the postal administrations or as may be procured by application to the UK or USA post office departments.
6. Since no information received from Combined Chiefs of Staff reference rates, suggest adoption rates of 1.5; 2.5; and 4 Lire as recommended your second course action in PATINA 2141 of January 25.
7. INC request all censorship representatives be advised.

Herewith reply to your Memorandum of the 5th February Reference CG/0/33 covering a written communication from the Italian Government putting forward 3 requests concerning the control of criticism of the government and the activities of officials of the psychological warfare branch in Italy. On the 1st point you may say that it is the Allied policy that there be free expression of opinion in liberated Italy, subject to the requirements of security and public order. On the second point you may say that such facilities as may be available for the publication of newspapers will be distributed impartially among all sections of opinion. To the 3rd request you may reply that the policy is that Allied officers in Italy concerned with matters of censorship, information or propaganda will act on basis of strict impartiality and without bias towards any section of Italian public opinion. At its next meeting the Advisory Council for Italy will be informed on my behalf of the Italian representations and of my reply.
