ACC REAR FOR HENDERSON

JUNE 25 1944

JUNE 26 1944

On this PABX, some numbers are dialed direct from extensions including military long distance board and RAC. Incoming calls are received at PAX manual board and plugged direct into a full multiple. Extensions may dial PABX operator for information but if operator is asked to connect an extension through her board to any outside exchange she must ask extension to hang up and be recalled under KINGS for you consider advisable to have direct LINES to military. LD and RAC in view of necessity to reverse call or shall we continue dialling LD and RAC direct from extensions. We shall later have two private ACC lines from PABX Manual Board to Naples which will require call reversal but do not think this justifies handling all LD and RAC call this way as PABX positions will be loaded up

Please clarify the following and if our understanding is correct has AAI been consulted. Does your letter DC-311.1 of June 11 mean that all censorship of postal censorship telephone communications has been stopped, except exceptions mentioned, in those provinces handed back to the Italian Govt. If this is true it would seem to be contrary to arrangements made and forwarded with your letter DC-311.1 of 9 June.

Your cable of May 251430B. No comment proposed appointment of ERNATO MOIZI to NUOMO where new Prefect considered desirable. As regards GINFREDO VOLPES understood that High Commissioner recommended week ago that AVV LT (AVV LT) COLOMELLO SANTA & BARD (BARD) and now his Chief Civil Affairs Officer should be promoted and appointed Secretary General. High Commissioner would naturally prefer man he knows. Otherwise no comment.

Confirm LONGO for Trapani Moxai for Sardinia. For Ragusa Palumbo considered too old prefer Intorella present mayor of Comiso well recommended by Provincial Commissioner noted anti Fascist and political. For Syracuse recommended Cipriano Cipriani recently transferred from Messina to Ragusa. Vice Prefect also urgently wanted for Siracusa.
