26 January 1944

Dear Drage,

1. I enclose a copy of a nominal roll of personnel compiled by ACC, Brindisi on the 5th of January. Needless to say, it is considerably out of date by this time and you will see that I have made some pencil erasures and some notes on each sheet as to whether the personnel listed are, or are not all eventually coming to Salerno. These are very rough so you will not be able to extract an accurate nominal roll of people coming, but I thought you might like to have the list which will, at least, give you an idea of who is at Brindisi. As regards numbers, you have a guide in the list attached to the memorandum dated 22nd of January, but there will be some amendments to this. As you know, nothing like all the Administrative Staff Section will have joined you in the moves being carried out today and tomorrow, but they will roll up in driplets.

2. As regards the big move from Brindisi, and the few extra people from here, I gather that the territory is being handed over on or about the 10th of February or, at least, it is hoped that it will be. The move will take place a day or two before this date. Main Headquarters will be in Naples, Rear Headquarters in Salerno.

3. I have not forgotten your dire need for assistance, but whenever I think I have got hold of someone, he slips through my fingers. I thought you had been told that a Major Ebsworth was on his way up from Sicily to take over Headquarters Commandant at Salerno. If you were never told this, I am sorry. I was distinctly under the impression you had been. Please don't think this is the slightest reflection on you. I have gone into the matter fully with Brigadier Gueterbock and he feels that in view of the number of high personages who ~~will~~ be at Salerno, the Headquarters Commandant there must hold the rank of Major. When we are able to sort out the whole of the officer personnel question, it is possible that we may be able to make some different arrangement. As you know, you already hold one step in local rank above your own, and this we shall make a proper acting rank as soon as we are able, but two steps up is a different matter having regard to the enormous number of other officers with claims to promotion. This is for your private information.

4. I hope to send you shortly the Headquarters Commandant and AG set-up for Salerno as it will be when the move from Brindisi is completed.

Yours sincerely,

  - (2) On the morning of 26 January, the Headquarters Commandant will spot vehicles in front of, or near, each billet between 0700 and 0730 to pick up the remaining baggage. It is the responsibility of each officer to notify the Billeting Office, (Extension 39), before 1800, 25 January, where he wants this vehicle spotted. This baggage also should be clearly marked with the officer's name and rank. This baggage will then be carried to a central point.
  - (3) Baggage not ready by 0730 will have to be carried by the officer himself.
- b. Officers moving to SALERNO on 27 January 1944:

- b. No office equipment, such as desks, tables, chairs, bookcases, filing cabinets, and the like will be taken to SALERNO.
- c. Before 1300, 26 January, the Administrative Directorate and AG will phone the Office Section (Extension 39), Headquarters Commandant's Office, stating the number and size of boxes desired for transport of equipment for each sub-section. Empty boxes will be delivered promptly as called for.

d. Before 1530, 26 January, all boxes will be packed.

e. Between 1530 and 1630, carpenters will come to each section to close the boxes. Boxes that are not ready by 1530, 26 January, cannot be taken. Painters will come at the same time and will paint on the boxes the identification of the section, and number the boxes.

f. After being properly marked, the boxes will then be removed to a central point, and will be placed under guard until delivered to the convoy.

g. The necessary office equipment and T/E equipment will be drawn from the Headquarters Company at SALERNO.

4. Office equipment, baggage and T/E equipment will be loaded on the convoy trucks and be ready at the IP at 0930 on 26 January for those ordered to go on that date, and on 27 January for those ordered to go on that date.

HEADQUARTERS  
ADVANCED ECHELON  
ALLIED MILITARY GOVERNMENT

12 December 1943

Brigadier General Taylor,  
Headquarters A.C.C.,  
BRINDISI.

1. Move of Headquarters AMG from PALERMO.  
This move has been held up by floods near MESSINA. The main body cannot now arrive at NAPLES before 17 December.

2. Transport Situation.  
Until the main body from PALERMO has arrived at NAPLES and vehicles have been serviced we have not got enough transport for maintenance and house-keeping at SALERNO. Therefore the earliest date of arrival of the leading convoy from BRINDISI to SALERNO is 19 December. I shall not send any trucks down to BRINDISI for the move until I know the date of arrival of the main body from PALERMO.

3. Owing to the non-arrival of advanced party by road from PALERMO we have not got enough vehicles even for the final reconnaissances and initial work at SALERNO. I have asked AFHQ for the loan of certain vehicles and hope to hear the answer tomorrow. As soon as I can I shall get all hands on the job.

4. Advance Party from BRINDISI.  
I am sending Lt. Mastroianni to SALERNO to be conducting officer for the Italian Government advance party. I am also sending a Signals Officer from PALERMO to BRINDISI to pick Col. Henderson's brains and to return here as soon as he has done so. Col. Henderson may wish in addition to send an officer of the Signal Detachment at BRINDISI for the setting up of the wireless at SALERNO.

5. I am now ready for the advance parties of the Government and ACC from BRINDISI provided they come in their own road transport.

6. I suggest that the composition of your advance party should be:

Representative Military Section  
Representative Political Section  
Lt. Volstead or another assistant  
of Capt. Bocchino. (He could  
return to BRINDISI after a few  
days.)  
Signals Officer as ordered by Col.  
Henderson.

313

Ltr. to Brig. Gen. Taylor (cont'd).

This party had better report to Headquarters 94th Base Sub-Area where they can get in touch with Col. Moss-Vernon. I should like Volstead to bring full particulars of the officers, enlisted men, transport, equipment, etc. of the whole BRINDISI Party which is to go to SALERNO in due course.

Please send a cable to 94th Base Sub-Area for Moss-Vernon stating the ETA of the advance party.

7. Villas.

I should like some guidance as to who is to go into Villas. Do you approve of the following? Villas should be provided for the King, Marshal Bagdolio, General Joyce, and the Advisory Council. All other allied officers to be accommodated in hotels or flats.

8. If other officers of ACC are to live in villas, it may mean that we shall have to accommodate the Advisory Council in a hotel. This would be a good thing in one respect, namely that the Advisory Council will be able to move about without any house-keeping problems. On the other hand in view of their diverse nationalities it would be a good thing to put them into villas or at any rate separate flats. They would, however, have to engage the necessary Italian servants and keep them in the villas permanently. I should therefore prefer the solution mentioned in paragraph 7.

9. Accommodation in HOME.

Capt. SCOTTON has been sent from PALERMO to BRINDISI to find out what accommodation the Italian Government want. He should come and report to me at NAPLES with this information as soon as possible.

He should bring with him:

(a) A list of installations, offices, etc. of the Italian Government.

(b) For each of these

- (I) Type required
- (II) Factors influencing location
- (III) Sq. ft. office space
- (IV) Sq. ft. shop space
- (V) Sq. ft. covered storage
- (VI) Sq. ft. hard standings
- (VII) Sq. ft. normal open storage
- (VIII) Special requirements of power and water
- (IX) Strength in personnel - grades officers and enlisted men

Ltr. to Brig. Gen. Taylor (cont'd).

10. There will undoubtedly be difficulty regarding HOME accommodation and certain ministerial buildings may be destroyed. Therefore it is not enough just to say the Government want such and such buildings. By all means let them say what they want, but we must have details of measurements, etc. in case certain buildings are not available. As PENCE is going to object to anything much above an AVERAGE of 80 to 100 Sq. ft. of office space per person in the office, it is worth while examining this closely.

ARRANGEMENTS FOR MOVE AGREED TO BETWEEN BRIG.  
GUETERBOCK AND BRIG. GEN. TAYLOR

1. Brig. Gueterbock is charged with all arrangements at SALERNO. He will control the build-up of personnel and equipment coming from both BRINDISI and PALERMO. He will adjust conflicts of requirements between ACC and Italian Government. He has full authority to give tentative assignments of space to elements of ACC which will be effective at least until the move is completed and the Commission operating.
2. The general procedure will be as follows. As soon as final authority to move is received, Gueterbock will start clearing space in order of expected use, reporting to Fatima estimated date of readiness to receive the first motor convoy and the space to be available. Four days in advance of this date he will start an empty motor convoy to BRINDISI of about 20 trucks, 2-1/2 ton. Fatima will load this convoy and send it back with proper guards. Unloading details will be furnished at SALERNO. The convoy will be accompanied or preceded by personnel from BRINDISI to look after the property at destination.
3. In principle, the Italians will look after themselves. Where they need help from Allied sources, Gueterbock will assist them in placing requests. An advance party will be sent forward at once reporting to Mass Vernon in SALERNO.
4. An advance CP will be established at once under Lt. Col. Moss Vernon, care of 94 Base Sub-Area.
5. Gueterbock will determine needs and make specific requests on FLAMMO for help including:
  - Motor Transport for the move
  - Furniture and office equipment
  - Telephones
6. Taylor will file a request with FLAMMO for rations to be furnished the Italian Government.
7. Housing and messing accommodations in SALERMO to be made immediately available as follows:
  - Officers: ) As arranged by Mass Vernon
  - EM/OK :)
  - Italian Officers ) As arranged by Italian Advance
  - Italian EM/OK ) Party.

MEMORANDUM FOR MAJOR GENERAL ROBERTSON:

SUBJECT: Move of Italian Government and Allied Control Commission  
to SALERNO.

1. In order to permit the move of the Italian Government and the Allied Control Commission to SALERNO, it is requested that the following facilities be earmarked for governmental and commission needs itemized:

SALERNO:

THE JUSTICE BUILDING ✓  
THE PAPAL SEMINARY ✓  
THE PALAZZO EDILIZIA (including restaurants) ✓  
HOTEL DIANA ✓  
✓ G.I.I. BUILDING  
FIRST FLOOR OF THE NEW MUNICIPIO  
✓ NORTHERN HALF OF THE NAVY BUILDING ✓  
BILLETTS FOR ITALIAN OFFICIALS WITH CIVIL  
POPULATION

CAVA:

Both hotels, and villas as needed

VIETRI, AMALFI and REVELLO:

Villas not already committed to Allied purposes.

NOCERA:

Italian Army Officers School.

2. It is most probable that not all of the above facilities will be used; as soon as the required combination of buildings and hotels and villas has been worked out, the additional space will be released.

300

4B

3. In addition to the housing accommodations above, certain other forms of help will be required.

a. Motor Transport: Motor transport will be needed to move the Commission and Government from BRINDISI and PALERMO to SALERNO and NAPLES. Exact requirements will be requested when known. Also a certain amount of permanent administrative transport will be needed for which the Commission will take the necessary steps to establish a table of equipment or war establishment.

b. Rations: Rations will be needed from military sources for the Commission, Advisory Council and Government. Formal application in writing for the latter will be made from BRINDISI.

c. Signals: While a local contact indicates no immediate obstacle in setting up adequate facilities, it is requested that PBS be directed to give our requirements a high priority particularly for telephone sets. Requirements will be submitted as soon as the decisions have been made on the move.

d. Office Equipment and Furniture: The very considerable expansion of Government and Commission activities will require the stocking of large number of offices and living quarters. Help will be needed to produce the necessary furniture and in some cases to provide motor transport to permit bringing in furniture from distance points.

4. Brig. Gueterbock will represent the Commission in all matters connected with this move. An Italian Delegation will arrive shortly to work with Brig. Gueterbock who will speak for the Commission, Advisory Council and Italian Government.

MEMORANDUM TO: Lt. Col. Moss Vernon.

SUBJECT : Move of Italian Government, A.C.C. and  
Advisory Council to SALERNO

REF. ATTACHED: (a) Memorandum for Maj. Gen. Robertson.  
(b) Notes by Maj. Gen. Taylor.

1. You are appointed Headquarters Commandant,  
SALERNO, under command Adv. Hq. A.M.G. NAPLES
2. Your immediate task is to arrange for the  
accommodation and administration of that portion of Hq.  
A.M.G. which will go to SALERNO.
3. You will also prepare for the establishment  
of the Adv. Hq. ACC, Advisory Council and Italian Government  
in SALERNO. When you receive notification of the approval  
of such establishment in the SALERNO Area, you will take the  
necessary executive action to enable these bodies to be es-  
tablished as soon as possible there.
4. As regards the A.C.C., you are directly in  
charge of the administrative arrangements, as Hq. Commandant.
5. As regards the Italian Government, it will be  
for the Italians to establish themselves in the places indi-  
cated by you, but you will give them all necessary assistance.
6. The Advisory Council has no administrative  
machinery of its own. You will therefore act as Camp Com-  
mandant to the Advisory Council, but will leave as much  
detailed administrative work to them as proves practicable.
7. You will report as soon as possible the exact  
accommodation required in the SALERNO Area, and any assist-  
ance you require from Adv. Hq. A.M.G. NAPLES. You will deal  
with Hq. 94 Base Sub-area A.M.G., SALERNO as regards any  
local provision possible.

38

MEMORANDUM TO LT. COL. MASS VERNON COMT'

8. As the provision of motor transport for moves takes time, you will report to Adv. Hq. A.M.G. NAPLES six days in advance the number of personnel you can accept from BRINDISI or NAPLES stating their general categories and the date you can accept them. ///

306

9. You will make available the necessary unloading parties, meals and other facilities required to deal with arriving convoys.

10. You will arrange immediately with the Italian Liaison Officer, 94 Base Sub-area, for the accommodation of the leading Italian Officials. The first party will probably arrive not before 12 December to negotiate with the head of the Papal Seminary regarding its requisitioning which will, it is hoped, be done by the Italian Government. Adv. Hq. A.M.G. has given permission for this procedure. This Italian delegation will probably contain at least one very senior Italian Official for whom accommodation will be required in a villa. It will be convenient if a large villa can be organized permanently as "high level" Italian transit camp. ///

11. You will insure that no approach is made to the Papal Seminary regarding requisitioning or other preparations until the above delegation arrives to do so, or until definite orders are received from this Hq.

12. Separate instructions will be issued to you regarding A.C.C. villas.

13. When approval is given to the establishment of A.C.C. in the SALERNO area, A.C.C. BRINDISI are providing a Signals Officer to assist you.

14. You will establish your headquarters in touch with Hq. 94 Base Sub-area, through whom communications will be addressed to you.
