RE: HEADQUARTERS
ALLIED CONTROL COMMISSION
APO 394.

To: - Lt. Col. Robertson,
Headquarters Commandant,
Allied Control Commission.

22nd March 1944.

Sir,

As requested herewith please find attached complete particulars as to Staff Set Up at this Headquarters. On going thoroughly into the position, I find that I can continue to carry on efficiently if Capt Pawley (Transport) and Capt Buckley (Security) were withdrawn.

In the case of Capt Buckley his duties could be quite easily covered by the A.G. Lieut Derby.

I think Sir that you will agree that any further cuts would seriously effect the smooth running and efficiency of this Headquarters.

I am Sir,
Your Obedient Servant,

R. L. DRAKE,
Captain, R. A. S. C.,
Headquarters Commandant,
Rear Headquarters.

Sir,
Further to your telephonic communications, I have to report the followings:-

FURNITURE.- ITALIAN GOVERNMENT.

These differences have now been overcome and the removed items returned.

D.A.D. L.

Has agreed to reorganise his office in such a way as to be acceptable to all parties.

GENERAL.

The moves of the Administrative Section to this Headquarters was completed to schedule, all Sub Commissions installed and IM/ORs billeted. With the exception of one or two minor adjustments, allotted accommodation proved to be adequate.

VEHICLES.

It is here pointed out that although the numbers have now increased considerably at this Headquarters we have only been allotted one additional vehicle, thereby making our present vehicle strength as follows:-

- 8 Jeeps.
- 2 Command Cars.
- 1 Staff Car.

Demands have started to come in from Sub Commissions for vehicles for journeys of more than one days duration, but with our present strength it will be quite impossible for us to meet such demands. Would it be possible for Naples to help out with this matter?

1. I learn that Major Meservey who was making arrangements for the P.R.O. office and accommodation at Salerno has left for U.K. This looks like a disaster as we had been counting on Meservey to arrange better facilities and accommodations for P.R.O. work than we have had here and I understood from him that he had done so. May I hope that you will let his arrangements stand as I expect to come to Salerno very shortly?

2. I wonder if you would be very kind and ask the Salerno post office whether they are holding my mail; I have not had a single letter since I came to Brindisi four weeks ago although before that my mail was reaching Naples satisfactorily. I apologise for bothering you with this but my father is seriously ill and I am rather worried by this complete absence of mail; and I don't want it sent back "not known" from Salerno! Many thanks. HEADQUARTERS
ALLIED MILITARY GOVERNMENT

ED/oa

13 January 1944.

Subject: Your roster by sections of personnel with HQ. ACC. Dated 5 Jan.

To : Allied Control Commission, Brindisi, AMG 394.

1. I have discussed with Brig. General Taylor the problem of what personnel of the Military Section, Liaison Section, and connected bodies will come to Salerno. As the result of what he said, I understand that the following is the situation:

2. Military Section Headquarters. I am sending you Lt. Col. Quinn Smith as staff officer, Military Section, to get completely in the picture at Brindisi and then return with your main body to Salerno.

3. Naval Forces Sub-Commission. Rear Admiral McGregor is not real head of the Naval Forces Sub-Commission but is Acting Vice-President of the Section and is also head of the operating group of the Naval Forces officers. I understand he will remain at Taranto. The Naval Forces Sub-Commission at Salerno will be limited to four (4) officers headed by Commodore Palmer.

4. Land Forces Sub-Commission. For the present I understand that this will not be represented at Salerno at all as Brig. Duchesne and all his officers will remain at Lecce. Should Brig. Duchesne wish to send a liaison party to Salerno we can accommodate it there and give it an office, but it must not exceed four (4) officers.

5. Air Forces Sub-Commission. The majority of officers in your above quoted list are, according to General Taylor, the operating group under Air Commodore Foster. I understand that Air Commodore Dacre will come to Salerno, and I have accommodation at Salerno for him and one (1) officer assistant. If he requires more officer assistants it can only be at the expense of the Land Forces Sub-Commission on account of accommodation difficulties.

6. Prisoner of War Sub-Commission. I understand that this will not be represented at Salerno at all, and that Brig. Vennables is not ACC.

7. War Material Disposal Sub-Commission. Accommodation at Salerno has been provided for three (3) officers only. Additional accommodation can only be provided at the expense of other sub-commissions of the Military Section. For example, if the Prisoner of War Sub-Commission have no liaison officer at Salerno, the War Material Disposal Sub-Commission could be increased from three (3) to four (4). It follows that certain officers of the War Material Disposal Sub-Commission as listed by you cannot be accommodated at Salerno and will presumably be located in the provinces.

81

8. Political Section. I have only allowed for one (1) officer of the Displaced ~~Officers~~ Sub-Commission at Salerno. The main sub-commission will be I understand at Naples, but presumably most of the officers listed by you will actually be in the field. I should like to know how many officers you propose to locate at Naples.

9. AMG Liaison Section. This is listed on page 13 of your roster. I understand that this is a list of officers in the field in the four provinces, and that these officers will be taken on by Region II when the territories are handed over, and that none of them will be located at Headquarters in Salerno or Naples. Two (2) officers of the Headquarters AMG Liaison Section will in due course be re-assigned.

10. Italian Liaison Section. I understand these are to go to Salerno. We shall be prepared to mess them but presumably they will wish to find their own accommodation. Please confirm.

11. Liaison Officers. These are listed on page 20 of your roster. From discussions with General Taylor it appears that Major Colville, Major Ricca, and Capt. Howard will be located at Salerno at our Headquarters, but that the remainder will not be accommodated by us.

12. Associated Sections

FOE - Only one (1) officer will be accommodated at ACC Headquarters Salerno. We have allowed for a small office for him. I presume this will be Squadron Leader Count Casarin.

FOID - Only one (1) officer will be accommodated by Headquarters ACC and the remainder will find their own accommodation at such location as they may choose.

13. G-2 Advanced Administrative Echelon AFHQ. This is listed on your page 22. As before ACC Headquarters will accommodate only one (1) officer from this group and the rest will find their own accommodation at a location of their choosing.

14. Communications Section. As the result of a conversation with Capt. Stone I understand that there will only be one (1) staff officer at Salerno, namely, Lt. Col. Dinamore, and that the only officers of the Telecommunications Sub-Commission at Salerno will be Col. Henderson, Lt. Col. Miller, and Lt. Col. Progers. Lt. Col. Eliot will remain with the Air Forces Operations staff under Air Commodore Foster.

15. Would you kindly reply in triplicate in order to save us retyping.
