Sir:

I have the honour to report that the following officer has been assigned to Public Works. Louis W. Laughlin (A) Capt. whose record I attach.

Having been instructed to attend the Assignment Board during interviews of officers earmarked for P.W.&U., I advised in favour of the assignment of this officer on account of his extensive experience in construction operation and maintenance of electric systems, together with experience in design of transmission lines, preparation of estimates & light administrative experience with the Electric Power Co. & the checking of operational reports.

In all other cases I have advised against assignment to the P.W.&U., including 1 Capt., 3 Majors and one Colonel.

Your letter 6 Oct. to J.A.C.S. together with letter 26 Oct. Lt.Col. Rhodes serve as fundamental basis for guidance in judging suitability or otherwise of officers for P.W.&U.

May I be informed as early as possible organisation on the Electrical Section P.W.&U. and Lt. Col. Lapper's exact requirements.

Over ninety (A) officers have arrived and are being assigned. My policy will be until requested information arrives to advise temporary assignment to Region 9, taking full note of name and records of those which might be of interest.

Two officers with Electrical experience arrived in response to your cable, am advising against immediate assignment to P.W.&U. as experience unsuitable. Boiler & Steam Plant specialists (constructual only).

Your guidance on policy required following point. If enemy hold principal Hydro-Electric Power Stations in North over long period would erection of Power & Booster Stations lower down be advised to supply power. Military

INSTRUCTION FOR POSTING OF

BRITISH OFFICERS

GENERAL.

1. All officers for AMG on arrival here are posted to either the M. G. "Pool" of officers or to a W. E. of one of the Regions or other unit or Headquarters. It is envisaged that the majority of senior officers will in future be posted to specific appointments on authorised W. Es. direct, while the majority of Majors and below will in all probability be posted to the "pool" in the first instance and later posted to fill appointments on AMG establishments.
2. Officers will retain any acting or temporary rank held at the time of posting whilst on the strength of the pool. They will not be entitled to grant of higher acting or temporary rank until such time as they are selected to fill a vacancy on an authorised AMG establishment carrying such higher rank. Officers held on the strength of the "pool" are not entitled to staff pay.

SELECTION.

3. The Head Planning staffs are responsible for selecting officers of the rank of Major and below from the pool, for appointments in AMG establishments. Lieut Colonels and above are selected for appointments by MGS, where necessary on the recommendations of the head planning staffs.

POSTING OF OFFICERS TO AMG ESTABLISHMENTS.

4. All postings of officers either direct to AMG establishments or from M. G. Pool to AMG establishments must receive the covering authority of M. S. This is necessary as the question of staff pay is involved, and in order to obtain publication in M. S. Security Lists.

5. In order to put this into effect the following action will be taken:

(a) After final selection of officers has taken place (see para 3 above) the Commandant of the School is responsible that the names and particulars of all officers who have been selected for appointments to fill a particular W. E., are forwarded to MGS with a request that the authority of M. S. be obtained for the postings and appointments of the officers concerned. These applications will be forwarded in duplicate to MGS.

(b) MGS will forward applications to M. S.

(c) When M. S. covering authority has been obtained this will be notified to the Commandant of the School who will be responsible for notifying the necessary casualties to GHQ 2nd Echelon and quoting M. S. authority.

TO:- Joint Assistant Chief of Staff, Armistice C. C.
FROM:- Brigadier R. A. Hamlyn, Chief, Financial Division
SUBJECT:- Request for Officer
REFERENCE:- A.C.C./1074
DATE:- 23rd September, 1943.

About two weeks ago, at the suggestion of Lieut.-Col. C. A. Miller, you sent the following message to M.G.S., A.F.H.Q.:

"Following Officers strongly recommended for vacancies even if vacancies filled Major Joseph S. Moss Jr. now at Fort Custer Michigan U.S.A. for assignment as Lieutenant Colonel STOP Lt. Frank Mattershall now in Coast Artillery Anti-Aircraft U.S.A. for Captaincy vacancy STOP These officers personally vouched by Lt.Col. Miller who is anxious to have them on his staff as Controller of Financial Institutions A.C.A."

This request, for some reason, was denied, but I understand that later you discussed the matter with Colonel Maxwell who said he would look into it. Since then nothing has been learnt.

Major Moss, a former associate of Lieut.-Col. Miller in New York, was transferred from another branch of the United States Army to Military Government Training School at Fort Custer, Michigan at Colonel Miller's request, and is now at the School undergoing training.

Colonel Miller feels that Major Moss would be of great usefulness to the Financial Division here. Accordingly, I urge that steps be taken to obtain a reconsideration of our request by A.F.H.Q.
