SUBJECT : Economic Intelligence
ATTENTION : Captain F.E. Gillette, Allied Commission

Herewith are the following reports sent in reply to your requests of October 22 and 25, nos. 1 and 3. No record shows the receipt of request no. 2.

- "AVAILABILITY OF SARDINIAN LABOR TO AN OCCUPATION FORCE" RR-72
- "CORSICA: THE ECONOMIC VALUE OF ITS PRODUCTS AND RESOURCES TO AN OCCUPYING FORCE" RR-34
- "CONVERSION AND TRANSFORMER STATIONS OF ITALIAN ELECTRIFIED RAILWAYS" EO-72
- "ITALY: EXPORTABLE SURPLUSES OF MINERALS AND METALS" RR-122
- "FUEL SUPPLIES FOR ITALY IN EVENT OF OCCUPATION" SR-200-400C
- "FOREIGN INVESTMENTS SEIZED IN ITALY" RR-93
- "AXIS PENETRATION OF EUROPEAN INSURANCE" EP-170
- "ALLOCATION OF COAL AND IMPORTED MATERIALS TO ITALIAN INDUSTRIES" RR-65A

Items 5 and 6 in request no. 3 could not be filled. In their place we are supplying RR-133, RR-122 and RR 122A. It is hoped that these will meet your needs. Of the items asked for in request no. 1, my file can supply only a few. I am asking the Office of Economic Warfare in Washington to supply the others which I shall forward as soon as they are received. Copies of EO-149 were distributed, as I remember, to G-2, Library Section. Perhaps a call there will produce a copy. I have none in my files.

But one copy of EO-215 was received by me, which, according to request, was distributed solely to Air Commander Woolley. I am sorry that I can not supply copies.

If you are finished with the copies of reports of projects completed, I would be grateful for their return, inasmuch as I have no other copies on hand.

I hope I can supply you with all the information for which you ask as soon as adequate supplies arrive from Washington. Please keep me informed of your wants and I will endeavor to meet them as best I can.

1. I. S. (O), War Cabinet Offices, was requested to supply the information requested in your paragraph 1 on Steel Industries in Lombardia and Piemonte.

2. They reply that they have no record of the handbook for which you asked and suggest that the best general work of reference is the *Annuario dell'Industria Metallurgica Italiana*, a copy of which we are now trying to obtain from Italy. It will be forwarded if our efforts meet with success.

3. Attached is a note which gives what information is available in the United Kingdom on the firms about which you were enquiring, together with others.

4. I. S. (O) have also forwarded a paper on Italian commercial insurance. This is also enclosed herewith. In their covering letter, I. S. (O) state that it has not been possible, in the time available, to cover all aspects in detail and say that if there are any specific points on which you require information, they will endeavor to supply answers. Detailed information on State Insurance will follow.

5. It will be of considerable help in obtaining the publications you require if, in future, you will state the source of the document whenever possible or, at any rate, whether it is of British or American origin.
