Re 13a & 13b. There are a type of Pans and in

Italy, I consider that they are a great improvement on
those printed for Region IV. May I hear your views

- (i) as to whether they are approved by your board
- (ii) whether they are likely to be accepted by all regions & it
is safe to order a large quantity to cover all
regions.

R.R. Chipps

IV

G4

Agreed, 13A & 13 are a great improvement.

- (i) They are approved
- (ii) There appears to be no reason why these should
not be accepted by all regions - unfortunately
a general policy has not been agreed & laid
down
