1. With reference to your memo 103-091.4-1 of 15 Oct 43 it is desired to point out that a very large number of Military Government instructions considerably affect the work of the British administrative staff and services of this H.Q. Attached at Appendix 'A' is a schedule showing the British services and the subjects with which they deal. Twenty copies are enclosed in case you may wish to redistribute to subsections of your organisation.

2. The work of your section particularly touches the work of the British services in regard to Labour and Claims and Firings. It would be appreciated if special steps could be taken to co-ordinate any instructions with these services prior to issue.
