1. It is considered that the photographic negative is of great value and that sufficient copies should be produced by blue print for immediate use.
2. Translation would appear to be unnecessary and would cause a considerable delay.
3. This HQ would require 10 copies of the complete issue. Regions will need copies of their respective areas and control officers of their own provinces.
4. It is noted that there is a copy of the negative at AFHQ and it would therefore be much appreciated if the copy sent here could be retained for use in the Economics Divn.
5. Would you please say if the copies requested in para. 1 above can be made available?
