To:- Lt.Col Aitken.

From:- Lt.Col Prodgers.

I have to report that the following articles of clothing are missing, apparently stolen, from Windsor:-

1 Pair Pyjamas (scarlet.)
1 Vest. (cotton & rayon)
1 pair trunks. (silk)

1 pair Shorts(K.D.)
1 pair Stockings, (Khaki, Wool.)

The articles were received from the Laundry in a very damp condition and were hung to dry and air on a line in the room which contains a sink. This room is commonly used for this purpose.

The articles were in the room when I went out after Dinner last night (10 October) but were missing when I looked in the room this morning. I did not check last night because there is no light in the room.

I have questioned the batman, Pte Gaggie, who states he saw the articles on the line, but is unable to furnish any information regarding their disappearance or present whereabouts.

Herewith statement regarding items of kit missing from

Regarding this matter I furnish the following evidence.

On Monday 27th Sept I went to Algiers with a view to trace lost kit belonging to officers of the R.Z.K.Y.F. draft. Officers of this draft who were at this time present at the Military Gov. School, Tizi-Ouzou. I also examined a pack making a note of the contents by which the owner if at the School, could identify it as his property. The pack which was half empty contained

- 1 Pair of Brown Suede Slippers.
- 1 Beret with embroidered badge.
- 1 Pair K.D. Slacks.
- 1 Small box containing a few odds and ends.

On my return to the School I learned that the pack was the product of Lt Col Prodders. I arranged for its collection by the mail truck and the pack was subsequently delivered to its owner, who upon examining its contents found several items to be missing.

These items are listed on the attached statement.

White, J. states:-

Sir,

On Saturday morning 25th Sept 1943, I was preparing to leave on my daily run to Algiers to collect mail for the Military Gov. School.

I was instructed by Lt Hoyle, Asst Camp Commandant that on my return journey I was to call at the M.F.O. to collect a certain pack belonging to an officer of this School. This pack was described to me as being unmarked but containing a pair of Brown Suede Slippers.

I called at the M.F.O. and identified the pack according to the description given to me; I therefore signed for same, and on my return to the Military Gov. School handed it over to Lt Hoyle.

Subject:- Laundry.

To:- Assistant Commandant,

Re Laundry.

The present cost of laundry is made up entirely of wages and amounts to 6.000 francs per week.

The number of officers at present in Mess is about 270. Therefore a laundry charge of 10 francs per week would bring in an income of 2.700 francs per week, which would mean a deficit of 3.300 francs.

A laundry charge of 20 francs per week would bring in an income of 5.400 francs and show a deficit of 600 francs.

A laundry charge of 25 francs per week would bring in an income of 6.750 francs and show a profit of 750 francs.

Date 28 Oct 43.

The balman in the Store Tent, London, whose name I think is Whilfield, took a bundle of ^{my} laundry to the Mess Laundry on 29 Sep 43. Subject:- Laundry. 23-Nov-43.

To:- The Commandant,
S. M. G.

I wish to report that my washing has again been returned to me today in a wet condition. This is the third occasion on which this has occurred since my arrival here three weeks ago. I have previously reported this to the Ofc Laundry.

As a compulsory charge is made for Laundry & we are requested not to make private arrangements, I have no doubt that you will want to take this matter up. 539

I would like to mention that

I contracted a severe cold about a week after my arrival here. Whereas I spent the whole of last winter in N. Africa without ever catching cold.

There are no facilities in quarters for drying or airing clothes & I consider that the N.C.O's Laundry should be given definite instructions that washing must not, under any circumstances, be returned in a damp condition.

SUBJECT: Losses in Mess Laundry

Date: 31 Oct. 43.

1. I left the school a fortnight ago and had no time to go to the mess office--which I much regret.
2. There is probably a debit against me, but I have a claim against the mess in connection with the laundry.
3. Officers were forbidden to get their clothes washed by any other means than the laundry run and paid for by the mess from a compulsory contribution from each officer of 20 francs a week.
4. The laundry was from the time of my arrival until my departure in a state of chaos. Deliveries were days or weeks late--when garments did arrive back they were shockingly washed and in many cases ruined or *had* seriously deteriorated.
5. There were also many losses--my most serious loss was a pair of green silk pyjamas. Pte. Bartoli was the batman who knows the circumstances. He made repeated requests for my laundry which included other items besides the pyjamas.
6. As the laundry was the one that officers were obliged by order to use, it would appear quite clear that officers suffering losses have an indisputable claim against the mess for cost of loss and *for* damage.
7. My pyjamas were bought on July 20, 1943 at "Browns of Chester, Ltd." for £6.6.0. and I formally request that this sum be paid to me after deducting the amount I owe the mess. If settled, I will not present a claim for other articles lost or damaged.
8. I suggest that mine and any other similar claim can be met from the accrued profits of the mess, after, of course, the suggestion to do so has been agreed to by a general meeting of the members of the mess.
9. Owing to the time taken by the posts today, I suggest waiting until Dec. 1st next before taking any other action.
10. I feel sure that this will meet with consideration from you.

Dear Colonel

I am sending a copy of this to you

hoping you will use your good offices to get the matter 53.
settled. We are now doing "more planning", waiting
until we can get our teeth into something.

Why did I leave home?

Best wishes yours

OFFICERS' LAUNDRY.

ALL PREVIOUS NOTICES PERTAINING TO OFFICERS' LAUNDRY ARE CANCELLED.

The Officers' Laundry is now situated opposite HHSOR.

RECEIPT & DELIVERY.

Washing is received on SUMMER and WINTER AVE. between 1300 hours and 1800 hours, and is available for collection three to four days later, according to weather conditions.

MARKING.

- (a) LAUNDRY will be marked, preferably with wire, otherwise with initials or other distinguishing mark, on all articles.
- (b) LAUNDRY NOW MARKED will be marked at the laundry as well as possible.
- (c) On the Officers' Washing "Slips" must be a specimen laundry mark, in the space provided for this, to facilitate checking.

WASHING SLIPS.

- (a) A new type has been prepared, a copy of which is attached.
- (b) All "slips" should be neatly and legibly filled in, names in block letters; the "Remarks" or "Particulars" at bottom of "slip" should be deleted as appropriate.
- (c) Two washing "slips" will always accompany each bundle, both of which must be signed by the washer.

CHARGES.

A weekly charge of 30 francs per officer is made; paid through Post Bills. (This does not include sheet or pillow-slip). This is a flat rate for all officers. Officers are not allowed on any account to get their clothes laundered outside. If this were permitted the laundry system would collapse,

CLARIFICATIONS.

A weekly charge of 30 francs per officer is made; paid through local bills. (This does not include shoes or pillow-slip). This is a flat rate for all officers. Officers are not allowed on any account to let their clothes laundered outside. If this were permitted the laundry system would collapse, the washer-men would not work at the laundry, only 25% would ever get their washing done and the prices would soar up to a very high competitive rate, approx. 150 - 200 francs per bundle.

It will be appreciated that although every possible effort is made to keep to time, wet weather slows everything up, and ironing cannot be done except when semi-dry. There is an indoor drying room, and arrangements are being made to install braziers.

CHANGING OF BATHING.

Bathing is bound to be changed periodically; these should normally hand over the new bathing all information regarding officers' laundry. In addition, it is advisable for officers to tell their new bathmen their names and whether they have any washing at the laundry.

11.

PROCEDURE AT LAUNDRY.

The following brief description of the laundry procedure is published for general information.

- (a) When a batman hands in a bundle at the laundry the two clips are checked as being identical.
- (b) The bundle is then proved correct with the "slip" and the laundryman initials both as correct. One slip stays with the bundle the other is retained, and items entered in the registration book showing dates etc.
- (c) The bundles are next checked for marking, and pockets are searched.
- (d) Separate racks are kept for American, British and "Urgent" laundry.
- (e) One washer-woman washes the complete bundle and returns same to the "linesman" who retains the "list" for checking after washing before handing it over to the washer-woman.
- (f) The "linesman" hangs up the washing in the order on the "list" and also pegs up "list"; and when dried the "linesman" gives a bundle together with "list" to one ironer.
- (h) A blackboard is kept at the drying room showing washing ready for collection by batmen.

12.

COMPLAINTS.

All complaints, suggestions or urgent enquiries should be made in writing to Officer i/c Laundry (at present - Lieut. Challenor), and placed in pigeon-hole in the 'British Officers' mail rack outside the bar in London. The name of the batman is essential and full particulars re dates etc.
