SUBJECT: Personnel

Of the personnel attached to the unit under your Command there are the following personnel with experience in the trades or duties shown and it is presumed that they are being employed in these specific duties.

Clerks.	1 Sjt.	2 Cpls.	2 Ptes.
Drivers I.C.	2 Ptes.

It is suggested that, owing to the present difficulties in supplying the trades needed to complete your H.Q. to W.E., these 14 O.Rs be absorbed into the War Establishment against the trades in which they are now employed.

May your comments to this suggestion please be forwarded and, at the same time, may this H.Q. be advised if any further O.Rs of the attached personnel can be absorbed into W.E. against specific trades or duties pending the arrival of selected personnel from U.K.

SUBJECT: POSTED O.R.'s

TO: P.A.C.

FROM: 2nd Echelon

The position with regard to O.R.'s at this H.Q. is that out of a total of 243 as per P.A.C. only 101 have so far been posted: of these 2 are in hospital and 12 are unsuitable and will have to be returned to P.F.O.'s. As there are about 200 officers already here there is a crippling shortage of batmen and general dutymen. Eventually all O.R.'s are to be found from U.K. but in the meantime it is essential for the immediate needs of this H.Q. to have a Mess Sgt., a Pay Corporal and 25 more general dutymen (including some trained batmen), if this is at all possible. There will be held against vacancies in the P.F. for specialist personnel who are not immediately required and will be returned as soon as they are replaced from U.K.

It was understood today (New - Davis) that no low medical category personnel are available in this theatre. It will therefore be greatly appreciated if you will grant authority for 27 personnel of 'A' medical category to be posted to this H.Q. to cover minimum immediate requirements as set out in the preceding paragraph.

It is requested that two copies of the approved AMGOT WE. be sent to the office. In order to insure the smooth running of this establishment could authority be given to the Camp Commandant with a copy to 2nd. Echelon to demand certain extra personnel, NCOs and ORs? This personnel could be held against the WE. and utilized in the running of the School.

An early reply would be appreciated.
