1. Bulletin for ballast year 1965 in 5 July 18 being taken up as priority consideration upon arrival of the ship at the port. Decision on cargo as ballast depends on factors not immediately before survey.

2. Considerations are

- (a) need of ships for ballast
- (b) time and facilities available for loading
- (c) weather forecast will be considered in view of possible cargo weight restrictions for labor, cost, etc.
- (d) sailing in shipping is to be effected by supplying ballast from the ship and the shore
- (e) urgency of need of cargo in cargo areas.

3. Report under 2 (d) (e). Suggest consultation with Combined War Materials and Shipping Boards.

4. Re-arranging time and cargo strikes outside goods loaded these weeks, although allocation possibly must now face ship. Report similar information to board.

1. Subject for ballast year 2005 is 5 July 15 being taken up as priority consideration was entered into the program in 1991. Decision on export of ballast depends on factors not determinable before survey.

2. Considerations are

- (a) need of ships for ballast
  - (b) time and facilities available for loading
  - (c) whether industry will be continued in view of possible new export needs for labor, coal, etc.
  - (d) whether it is desired to be effected by supplying ballast itself, with action and US direct
  - (e) urgency of need of subject in above areas.
3. Request early 2 (d) (e). Request consultation with Committee for International and Shipping Boards.
4. Re-opening 1990 and 1991 while certain funds required there even, although attention generally must also be given. Request similar information to make.
