The Schools will be vacant from 7 Jul 43 to approximately 25 Sep 43.

After that, the Ecole des Garcons Europeans remains reserved by the French and is not asked for by Training Centre at any date. The Ecole primaire superieure is hoping to return to Algiers after the holidays so our occupation may not cause discomfort to the French.

The girl's schools maternelle and Indigenes School might require reasonable adjustment after 25 Sep 43.

5. R.E. Works. Requirements discussed are attached at Appendix "B".

It is recommended that Ecole Primaire Superieure and Ecole Indigenes des Garcons be given first priority between 8 - 15 Jul 43 to make partial occupation of Centre on 15 Jul and evacuation of Enfante de la Montagne at Chrea possible.

6. Supplies and Transport.

Could be obtained by road and rail from MEHNERVILLE whence a passenger train runs twice a week and goods train once a day.

7. Lt.Col. Aitken agrees in principle to this report.

SUBJECT: Move of School and Holding Depot from Chrea to Tizi Ouzou

Memorandum to: Col. J. C. Holmes, Military Government Section, A.F.H.Q.

Dear Colonel Holmes:

Reference our conversation yesterday regarding the move of the school and holding depot to Tizi Ouzou:

1. I attach a draft showing the times on which arrangements will be made for the move of the officers, enlisted men and other ranks from Chrea.

2. You agreed that the M. G. Section, A.F.H.Q., would be responsible for the requisitioning of the required accommodation and for arranging for the Engineers to carry out the works recommended in the report drawn up by Lt. Col. Aitken, Major Morley Fletcher and Captain Harriman after their visit to Tizi Ouzou on the 30th of June. I should be grateful if you would let me know as soon as possible when these arrangements have been made and when the R.E. works are likely to be completed.

3. You will see from the draft movement orders that the advance party will be leaving Chrea on 8th of July 43; that the main party of officers will be leaving on 13th of July; and that the enlisted men and other ranks will be leaving on 15th of July. It is therefore essential that the R.E. works should be put into operation at once and completed as soon as possible.

4. On the present estimates it would appear that Tizi Ouzou will have to accommodate at once approximately 150 American and British officers and 300 enlisted men and other ranks. These figures are only tentative as I do not know what officer and O.R. personnel Lord Rennell will call forward and the dates and whether they will be called forward before or after we vacate Chrea.

5. I would suggest that accommodation at Tizi Ouzou for a school and holding depot may eventually be required for 300 officers and 600 enlisted men and other ranks.

6. We agreed yesterday that Major Morley Fletcher would remain on loan to you until such time as the move had been completed, providing this is not delayed beyond the 15th of July. He will then be recalled to

7. We agreed that Lt. Col. Aitken would remain in charge of the school and holding depot at Tizi Ouzou. Captain Harriman who is on AMGOT WE/TO can remain as camp commandant for the present but it will be necessary for him to be replaced as soon as you can find a suitable camp commandant.

8. The British Quartermaster at Chrea will not be available as he will have to go forward with the G 1098 equipment. It will therefore be necessary for a Quartermaster to be found for Tizi Ouzou as soon as possible.

9. A certain number of neurasthenic other ranks who are at present employed at Chrea for health reasons will be available as mess orderlies, batmen and general duty men and Lt. Col. Aitken will arrange this direct with your section.

S.C.A.Os. REPORT. Ragusa 20

MORALE. Tremendous enthusiasm was shown throughout the province when the news of the armistice was declared. The effigy of St. John the Baptist from Ibla and St. George from Ragusa were on two occasions paraded before AMGOT H.Q. where and the S.C.A.O. was on several occasions forcedly kissed on both cheeks by perspiring and unshaven men.

There is a general feeling that we should change all the men who had administrative posts during the Fascist regime and that is the principal reason why I have asked approval for the appointment of Sulsenti G. Riccardo as Prefect. The present vice Prefect has co-operated well but is inclined to be bureaucratic. One also hears suggestions that committees should rule provinces and communes and a general outcry against the Consorzio and Ammassi. Personally I think it is a pity that the Consorzio is not a Government institution instead of a private company. The reason for the control of anything except possibly wheat is not understood. It is most unfortunate that summer-time has been abolished. It is now dark by 6.30 p.m. and the townspeople have a long depressing lightless evening to put in.

As I have reported before the treatment of Ps. of W. by Seventh Army and by Eighth Army has differred considerably and the release of Sicilian prisoners is proceeding very slowly.

POLITICAL TENDENCIES. Nothing new to report. As far as I know the percentage of Communists is very small. No political meetings have been allowed. I think there is much jockeying for positions as to who shall be party leaders. Lupis seems to be a recognised leader in Ragusa but is probably largely out for himself. Many people are getting nervous of what may happen after we have left the country, and personally I should think that there will be bloodshed.

I have not heard anybody speaking in favour of the King or Crown Prince, in fact I have heard one suggestion that the latter would resign in favour of his son.

It is unfortunate that the Army have not seen fit to release Dr. Sortino on whose behalf petitions etc. from all classes have been sent me.

It is unfortunate that the Army have not seen fit to release Dr. Sortino on whose behalf petitions etc. from all classes have been sent me.

GENERAL STATE OF CRIME. Crime in the province is low despite an increa in the number of arrests. This increase is partly due to the fact that a "special squad" of Agenti are working on cases of unlawful possession of military property and partly due to the increased confidence which the police forces are feeling. There have been no serious crimes. The majority of the cases have been petty larceny or in connection with military equipment. The increase in Proclamation offences is due to the early curfew hour. It is easy to understand that the public find it difficult to stay indoors or even sit at the doorway from about 7 p.m. to 10 or 11 p.m. They have no electric light and except for invalids no lighting oil is available. Juvenile crime is negligible. Whether this is due to the absence of juvenile delinquency, or a reluctance on the part of the public to prosecute I cannot say at this juncture.

4644

DISCIPLINE AND RELIABILITY OF CC.RR. No cases of misconduct have been reported this month. The discipline and appearance have improved and there is no doubt their confidence is returning as they realise that AMGOT intends to maintain their authority and prestige.

NOTES OF UNOFFICIAL DISCUSSION BETWEEN THE C.S.O. (LT.COL. THORNE THORNE), LT.COL. MAXWELL and MAJOR PEAREY

The following points were discussed.

1. It was agreed that the most urgent administrative matter was to come to an immediate decision regarding responsibility for and facilities needed in connection with the holding of AMGOT personnel both present and future in the theatre. Subject to the approval of the C.C.A.O. and A.F.H.Q., the following proposals were agreed.

(a) Responsibility. Responsibility for holding AMGOT personnel administratively would pass to A.F.H.Q. from a date to be fixed forthwith, e.g. 15 July. Decision C.C.A.O. and M.G.S.
This decision involves the preparation of a new T/O W.E. for the permanent staff of a holding unit. Agreed that this should be prepared jointly by Captain Davis and M.G.S. for submission to the next W.E. meeting on 1 July.

(b) Nucleus of Staff for Training Centre. Agreed that a permanent Commandant should be selected. Possible names are Lt.Col. Aitken until he can be replaced; Col. Walker now Commandant of the G.R.T.D., believed to be closing down; and an American regular officer known to General McSherry now in the United States. M.G.S. to investigate; suggested figures 300 officers 600 Other Ranks (American and British).
It is important that an early appointment be made. C.C.A.O's advice requested.
Captain Harriman is the obvious selection if he can be made available for Camp Commandant at least for say 2 months to get the centre going. A Q.M. will also be needed and Staff Captains A & Q. Action M.G.S.

(c) Site. Agreed that Col. Holmes should discuss further with Brigadier Lewis in the absence of General Gale the question of site, and get matters settled urgently.

2. Major Pearey and Major Morley Fletcher to remain at Ecole Normale with responsibility for teaching GSO2 and Staff Captain, M.G.S., the administrative background of AMGOT organisation, and administration of personnel and supplies. GSO2 to spend Friday 25 June at Liaison Section.

3. M.G. Section. In view of the necessity to get the Section functioning immediately, and the acute shortage of clerks at A.F.H.Q., AMGOT should assist in the initial stages with clerical staff:

(a) by transferring to A.F.H.Q. an N.C.O. from the Central Registry;

(b) [illegible]

3. M.G. Section. In view of the necessity to get the Section functioning immediately, and the acute shortage of clerks at A.F.H.Q., AMGOT should assist in the initial stages with clerical staff:

(a) by transferring to A.F.H.Q. an N.C.O. from the Central Registry;

(b) personnel from future drafts of clerical staff from U.K. and U.S.A. will be available for attachment to M.G.S. until required to be called forward.

NOTE: Col. Holmes is making special efforts to obtain a small quota of American clerical assistance.

4. Location of Executive and Planning Staff. Agreed that in all the circumstances and the likelihood of the holding centre having a shortage of suitable buildings, immediate steps should be taken by M.G.S. (Col. Holmes) for the allocation of hut accommodation at the Ecole Normale for future planning purposes. This would fit in very conveniently with the work being done by other formations at the Ecole Normale.

MOST SECRET.

AL M/33.

18 June 43.

Memorandum for Lt. Col. R.J. Thorne Thorne.

Part I.

1. The following officers attended a meeting with Major General Gale at A.F.H.Q. this afternoon (18 Jun 43):-

Colonel J. Holmes,
Lt.Col A.T. Maxwell,
Major W.H. Pearey,
Colonel Clarke, Q(Maint) A.F.H.Q.

2. Col Holmes said that AMGOT were obliged to vacate their accommodation at CHREA by 15 July 43. The present plan was to move to a tented camp to be installed in the TUNIS Area. However as it was now intended that AMGOT should become a permanent A.F.H.Q. establishment Col. Holmes suggested that it would be better if accommodation were found in ALGIERS Area and asked General Gale whether he would allot ECOLE NORMALE BOUZAREA for this purpose after 141 Force had moved out.

3. General Gale said that he was in favour of this suggestion for the following reasons:-

(a) He wished ECOLE NORMALE to be kept warm for A.F.H.Q. and he would accomplish this by putting in an A.F.H.Q. establishment such as AMGOT.

(b) There were no tentage or accommodation stores in TUNIS and movements of stores and personnel from ALGIERS was extremely difficult at present.

(c) It was easier to maintain troops in ALGIERS than in any place further EAST.

4. General Gale said that some part of ECOLE NORMALE was to be occupied at once by the following:-

5 Corps,
10 Corps,
R.N.
R.A.F.
5 Army.

General Gale agreed to the occupation by AMGOT of any accommodation in the buildings huts camps or billets not required by the above and to the erection of a tented camp if necessary.
