18th September, 1943.

To:- Capt. H.L. Farrer,
AMGOT Liaison,
15 Army Group Main.

Dear Farrer.

I have received your letter of Sept 16th. The pool of Captured Enemy Transport at MISTERBIANCO which we are taking over does not, as handed to us, contain one single runner. Our practice is to tow the lorries in one by one and recondition them to transport grain. By very hard work we have lately succeeded in increasing the ration in this Province from 100 grammes a day to 150 grammes. In these circumstances I am afraid it is really impossible to release these lorries for any other purpose than the transport of food. If I let you have one or two, it would only mean that thousands of people would go hungry.

The only way in which I could help would be to let you have one of our 3-15 cwts for a day. One of these is employed all the time on collecting rations and the two others are the only means that we have of going into the Provinces. ~~This~~ If, therefore, would be difficult even to let one of these go out. I am afraid that this must be the limit of the help that I can give although I hate to seem so unhelpful.

Yours Ever

Gerald Wellesley

1. I attach copy of message regarding the move of H.Q. 15 Army Group.

2. The personnel and office equipment with this Section is as follows:-

2 Officers
9 Other Ranks.
5 160 lbs tents.
2½ tons, Officers, Other Ranks kits, and office equipment

I have put in a bid to move 1 officer, 5 O.Rs and half the tentage and stores with the 1st Echelon and 1 officer, 5 O.Rs and the remaining stores with 2nd Echelon. It is necessary to have tents as 15 Army Group will be under canvas.

3. In order to do this it will be necessary to obtain either 2 15-cwts or 1 3-ton lorry. If the 3-tonner is obtained as you suggest from CATANIA it may then be necessary for the whole section to move either with the 1st or 2nd Echelons. I am taking this up with CATANIA immediately.

4. It is necessary to have this transport as all other Branches of this H.Qs are self-contained and it is impossible for us to move without transport.

1. It is understood that all incoming and outgoing personal mail for the British personnel of AMGOT is now handled by the A.P.O. at 15 Army Group, who pass incoming mail to your office for further sorting.

2. To continue this procedure after the move of 15 Army Group will presumably result in delaying the mails. Will you therefore please say whether you can make arrangements to avoid such delays and advise this H.Q. of any action which may be necessary here.

3. It is believed that a British A.P.O. is to be established at the Airport, PALERMO, and if so this A.P.O. could presumably handle outgoing mails from here under arrangements to be made by us. Perhaps you could obtain information on this point from A.D.A.P.S. 15 Army Group.

15 Army Group will probably commence moving forward within the next week. The C.C.A.O. has directed that the AMGOT Liaison Section should accompany 15 Army Group. The policy is that all Sections of the Army Group should be mobile as the Group will probably be moving from place to place at short intervals.

In order to move at all this Section will require 2 15-cwts or 1 3-ton lorry, in addition to the one car at present allotted to it. The 15-cwt used for the move from LA MARSA ~~here~~ was handed in to AMGOT Headquarters on arrival. Requisitioned vehicles with Italian drivers are not allowed with the Army Group. Could you therefore arrange please that either 2 15-cwts or one 3-ton lorry be drawn in from districts and replaced by local transport and allotted to this Section as soon as possible.

I regret this as I know how short transport is but without this transport, Liaison Section will be unable to accompany 15 Army Group.

Colonel,
S. S. O.
