Capt. Graham saw P.M. reg. 5 and 6.
P.M. confirms that no special passes are required by
officer. If they have an identity card (usual one) and
a trip ticket if travelling by car that is all that
they need and they should not be hindered.
Col. Cheyne told it is scheduled. IB 23/8.

ANGOT/256/HQ

Subject: Passes for ANGOT personnel

To : C.S. O.

Ref for 5.

1. It has come to the attention of this office that some of the Military Police of the VII Army have stopped ANGOT personnel and asked to see copies of orders authorizing their presence in the VII Army Area. In the absence of such specific authorization, Military Police have stated that they are required to refuse permission for personnel to pass.

2. Recently 1st Lieut. R. H. Major, Jr., MA.C. of the office of the Chief Surgeon, NATOUSA, came to Palermo, upon written orders issued in General Eisenhower's name, to perform certain duties required by his Commanding Officer. He stated in this office that the VII Army authorities had refused to permit him to remain in Sicily so that he returned to Algiers on the following day. The reason given was that he possessed no authority from the VII Army to be in that unit's zone.

3. It is difficult to reconcile this with paragraph 2 of the attached memorandum. It is believed worth while to furnish ANGOT officers, whose duties may require travel about Sicily, with written authorization so to do, and thereby avoid possible delays.

1. In reply to your memorandum ref. AMGOT/256/HQ dated 12.Aug.43, G.S(I)B, 15 Army Group has been consulted and has ruled that no good purpose would be served by the issue of the suggested passes.
2. G.S(I)B pointed out that any officer in British or American uniform who is in possession of an official identity card can travel as of right in any part of the island occupied by Allied Forces.
3. There may be some restriction in the part of the island under American control of which we are not aware here. If that is so, please let me know and the matter will be taken up again.

Memorandum to: S.S.O.

Will you see whether 15 Army Group has any objection to issuance of passes in accordance with attached.

The officers have had some difficulty in circulating, which a general pass of this sort would probably obviate.
