1 December 1943

SUBJECT: Civilian employee.

TO : HQ Commandant.

1. The status of Francisco Fricano has been referred to the Acting Assistant Adjutant General in consequence of his originally having been assigned to the HQ Commandant's Section, and having at that time been responsible for the requisitioning, repairing and furnishing of the AMG offices in Palazzo Randazzo, 73 Via Ruggero Settimo, Palermo.

2. On 10 October 1943, it was decided to use the 1st and 3rd floors of the Palazzo Randazzo. At that time Francisco Fricano was the porter and custodian of the building where he had been employed for over seven years. He was told that he was to carry on in this capacity by Lt Van Heukelom and from then on was most helpful in all the work necessary, prior to the offices being occupied. Since occupation he has followed his instructions conscientiously and has performed his services well. He was also instructed by Lt Van Heukelom to supervise the women cleaners in addition to his general duties as porter, watchman and caretaker.

3. In view of the satisfactory manner in which he helped HQ Commandant's Assistant from 10 October until the offices were occupied, and bearing in mind his present many duties as well as the fact that he was told to consider himself as employed by AMG since 10 October 1943, it is recommended that Francisco Fricano be put on the Civilian pay roll of AMG as of 10 October 1943, in the capacity of porter, caretaker and cleaning-women supervisor.

CONFIDENTIAL

SUBJECT: Questionnaire for Civil Officials and Employees

TO : All S.C.A.Os

AMGOT/75/HQ

AMGOT HQ SICILY

October 6, 1943

1. Attached are copies of a questionnaire form "Scheda Personale" an appropriate number of copies of which are being sent you herewith, for immediate distribution to all individuals in the categories shown on the accompanying sheet. An English translation of the items on the form is also provided for your information. Copies of the memorandum and attachments are furnished for each C.A.O. in your province.

2. The purpose of this questionnaire is to provide an orderly and detailed method of obtaining necessary information concerning the Fascist background of civil officials and employees. The data thus obtained, after analysis and evaluation and checking with other sources of information, will assist AMGOT in carrying out its obligation of assuring that no person is retained in public office whose record indicates that he was an important and active member of the Fascist Party or Fascist Government or dependent organization "which affects prejudicially the United States or Great Britain or their nationals."

3. The information thus furnished, on the other hand, will also help to make sure that unjust removals from office or detention in custody are avoided in cases which indicate that affiliation with any Fascist organization was merely perfunctory and innocuous, and that the individual is not of a type likely to be dangerous to the Allied cause.

4. Distribution of the questionnaire to Provincial Officials will be made directly by the office of the S.C.A.O. to the officials located in the Provincial seat. Distribution to communal offices will be forwarded by the S.C.A.O. to the appropriate local C.A.Os for distribution by them to such officials. Distribution to AMGOT's own civil employees will, of course, be made by the responsible head of each office to his own employees.

5. Distribution to university and school officials and teachers will be made by the office of the S.C.A.O. It is suggested that the most practical way of distributing the forms to university and school officials and teachers is to obtain a list from the PROVVEDITORE DEGLI STUDI (Head of the Provincial School Board) who is located at the Provincial Seat. The forms should then be sent by the S.C.A.O. to the individuals on the list or down through the C.A.Os depending on the location of the individuals.

6. All persons who are being considered by S.C.A.Os or C.A.Os as candidates for public offices must complete the questionnaire before action is taken upon them.

7. It is intended that eventually every individual in Sicily who held a prominent position during the Fascist regime will have filled out a copy of the questionnaire. Such coverage will include not only civil officials as such, but also Heads of Fascist Corporations, Syndicates and agricultural organizations, heads of banks, industries, etc. In the interest of not overloading S.C.A.Os and C.A.Os, as well as the need for speed, the questionnaires for the present are to be distributed only to types of persons indicated on the attached sheet.

8. The forms will be filled out and signed by each individual. When completed, the forms will be returned to the office of the S.C.A.O.

4. Distribution of the questionnaire to Provincial Officials will be made directly by the office of the S.C.A.O. to the officials located in the Provincial seat. Distribution to criminal offices will be forwarded by the S.C.A.O. to the appropriate local C.A.Os for distribution by them to such officials. Distribution to AMGOT's own civil employees will, of course, be made by the responsible head of each office to his own employees.

5. Distribution to university and school officials and teachers will be made by the office of the S.C.A.O. It is suggested that the most practical way of distributing the forms to university and school officials and teachers is to obtain a list from the PROVVEDITORE DEGLI STUDI (Head of the Provincial School Board) who is located at the Provincial Seat. 8. The forms will be filled out and signed by each individual. When completed, the forms will be returned to the office of the S.C.A.O.

9. The unit in AMGOT HQ charged with the responsibility of distributing the forms to all provinces in Sicily, with providing technical advice and assistance in analysing the returns and with coordinating such data with other Divisions of AMGOT and with other sources of information is the Political Intelligence Section, of which Major A. L. Raffa is the chief. Major Raffa or one of his associates will shortly visit each S.C.A.O. for the purpose of reviewing the completed forms and, in cooperation with the appropriate provincial officers, will render assistance with reference to the more important cases. The less important completed forms will then be sent to AMGOT HQ for processing.

10. The questionnaires should be distributed within each province immediately upon arrival and should be completed and returned to the S.C.A.O. as quickly as possible.

The list of maximum prices establishes without exception the limits within which the actual prices charged on the market must be maintained. This admits the possibility of selling at a price lower than the maximum, but does not permit a higher price, with the exception for the above mentioned increase.

It is compulsory to indicate with proper tags clearly and in exact conformity with the displayed merchandise, the quantity and type of the article to be sold and the respective price.

Whoever offers for sale merchandise at a price higher than the maximum price established by the authorities is punished with detention up to 3 years and with a fine of 3000 to 30,000 Lire.

If the violation is of slight importance, there will be applied a fine up to 500 Lire (Art. 9 law of July 8, 1941 No. 645), as a precautionary measure, there might be ordered, if warranted, a temporary closing of the premises.

For services, the violations will be punished by a temporary or permanent revocation of the license and with a fine of 300 to 5,000 Lire.

MEMORANDUM: AG Port Officers

TO: H.C.A.C. - Regions I & II

1. As the result of a conference with movements representatives of A.P.M.C., it is directed that an AG Port Officer be appointed in each Port City listed below. In most cases these assignments will be made from the Civilian Supply Officers in the Region. It is not contemplated that the duties of a Port Officer in the smaller ports will in all cases require his full time and, therefore, the assignment in such cases can be treated as an additional duty for the officers selected.

2. The duties of the AG Port Officer will be as follows:

3223

a. To maintain close liaison with all port agencies, military, naval and civilian.

b. To follow the movement of all ships with civilian cargoes to and from his port. He will be supplied with information concerning the expected time of arrival of ships carrying civilian cargoes in each Port City. If such a ship enters his port which is destined for some other port, he must make arrangements for the onward movement of the AMG supplies which are in it.

c. To report all movements of civilian supplies in and out of the port which are not in accordance with the port instructions received by him.

d. To supervise the loading and unloading of civilian goods at his port, maintaining accurate accounts of the goods shipped and received.

e. To arrange for the warehousing and proper disposition of civilian goods awaiting shipment and of goods unloaded.

f. Upon request, to prepare and send through channels the necessary information to enable higher AMG authority to ascertain where cargoes are at any given moment.

g. To assist in the separation of unloaded cargoes intended for military or naval use from those intended for civilian use.

3. The Port Officer will be a representative of the Industry and Commerce Subcommittee and will be responsible through the R.C.A.C. in the normal manner. However, he will, upon request, assist the Shipping Subcommittee in the performance of duties in and around the port.

fno. 1-

4. The primary duty of the Port Officer is concerned at present with imports of civilian goods directly from the Allied Governments. However, as far as possible, Port Officers should also keep in touch with civilian cargoes moving between two or more Italian ports and civilian cargoes imported from nations other than Allied Nations.

5. Each of the following cities is designated as a "Port City."

Region I

Falerno
