Headquarters Region 2,
Matera, 20 October 1943

Dear

RICHARD

This is a brief note to tell you that we have had to make our headquarters in this city after all. It was absolutely impossible to find anything in Potenza, whereas there is ample accommodation in Matera. In other words we have no choice but to come here and I believe the General will not object to our action. We have spent a week searching the countryside around Potenza without success and it is time we get down to work. If the General feels that nevertheless we should return to the Potenza area later we shall have another try but meantime we must settle down here. May I ask you to advise Palermo, Amgot 8 Army, and Lt. Col. Monfort by signal. We shall get out formal location notices shortly. Our office is in the Corporazione Building and your despatch riders can locate it without difficulty by applying to the CAO in the Prefettura in case of need. The remainder of our party still at Corigliano will be here by Thursday afternoon or Friday morning, and thereafter we shall maintain DR service with Cosenza which in turn will provide the link with the rest of our Region through Catanzaro to Reggio. In view of the long trip from Reggio up here I believe it would be well to advise Palermo that officers or visitors coming to Region 2 should fly whenever possible to Taranto or Bari and thence to Matera by road. We shall have some transport available and can probably pick them up if no other means is available. Otherwise they could I suppose come by train from Reggio to Bari, although it is quite a long trip. We shall have a regular DR service with you in a few days, and will depend upon you to make our connections with 8 Army, Monfort, Palermo etc.
