SECRET. Civilian food situation throughout 5th Army area is critical and will become increasingly so as we advance. The 200 grams of bread distributed daily are inadequate. Widespread unrest is manifest in LUCCA and PISA while actual public demonstrations have occurred in PISTOIA and FLORENCE. Unofficial sources of information indicate that more serious incidents may develop. If such occur combat troops might have to be diverted to maintain law and order. I am informed that enough imported food supplies are not in sight to permit adoption of a ration sufficient for health and efficiency in accordance with assurances recently given in WASHINGTON. An inseparable part of the food problem is the provision of sufficient road transport for the movement of imported or local supplies to the centers of consumption. Recommend that the urgent matter of providing adequate food and transport be given immediate consideration.

SECRET. G2 Summary No 49.

1. HUNGARY. Following HORTHY announcement that armistice terms requested and Army to cease fighting putsch effected by Arrow Cross Party with German support. Army ordered to continue struggle. Result of these events on latter not yet apparent but considerable confusion to be expected and attitude of Hungarian units largely dependant on local commanders.

2. YUGOSLAVIA. Combined Partisan-Bulgar force has captured NIS. Thus together with loss of LAPOVO and LESKOVAC constitutes threat to whole German L of C and involves loss of control MORAVA VALLEY and employment of less convenient routes further west. Appears that threat in area of BELGRADE has resulted in transfer troops to north with consequent weakening and deterioration on L of C.

3. GREECE. Allied troops in ATHENS and PIRAEUS, and enemy forces from this area now THEBES or North. Considerable concentrations reported VOLOS and LARISSA whilst sea traffic between former towns and SALONIKA continues. Recent report states enemy withdrawing from outskirts of JANNINA and probable northern EPIRUS, will soon be totally evacuated.

CONFIDENTIAL. Your 85042 CA 9 of 14 October and this HQ FX 34627 of 5 Oct 44 is reference. Following is amplification. Increasing impact of civilian labour problems on Italian Economy has brought into sharp focus the necessity of replacing immediately present military director (British) and deputy director (US) of AOC Labour Sub Commission by two thoroughly qualified civilians.

Three factors stress the need for prompt action in expediting these replacements.

A. Italian Government officials have expressed their satisfaction at dealing with trained Allied civilian experts.

B. The sound representations made by Italian labour leaders.

C. The constructive comments made by visiting delegations of Allied labour organizations.

The particular mission for which COB J.G.R. BAIN and the US officer associated with him were selected has now been accomplished. US are selecting a civilian suitable to act as either director or deputy director. It is essential we do likewise. Resident Ministers telegram 465 of 5 October 44 to Ministry of Labour at suggestion of General WILSON is paraphrased as under and given further information. "BAIN present head of Labour Sub Commission returning home. Although he had done good work he is incapable physically and mentally of going on. First class man wanted to take his place if you will realize from a word with LANTIER or O'BRIEN the vital necessity for a man of authority, experience and patience. Following is Sitrep grain situation north of line PISA-FLORENCE-RICINI based on field trip over whole area by Major ANDREWS who interviewed local farmers, Sindaci, Civil Affairs officers, Consorzio and other agricultural officials. To date approximately 40% of all wheat still unthreshed and in shocks and stacks in the ~~XXXX~~ fields. Recent prolonged rains have badly damaged unthreshed grain which is now of low quality, damp and sprouting. Under present weather conditions loss of 50% of wheat still in fields is expected. Provinces north of ARNO and west of FLORENCE will exhaust their local supplies about end October. In no commune recently liberated north of ARNO has any appreciable grain been found in the ANAGSI. SECRET. G-2 SUMMARY NR 48. OCT 142215B.

ITALY. APPENNINE FRONT. Information from DRAUGHTSMAN PW suggests intended main line of resistance of 76 Corps based on RIVER SAVIO along which defensive preparations reported for some time. SCOLO RIGOSSA, river PISCIATELLO and road CESENA - GERVIA to be used, according to same PW, as intermediate. Delaying positions known as CHRISTA 2, HEDWIG 1 and HEDWIG 2 respectively. Little resistance offered by 90 PG Div to our crossing of RIGOSSA astride route 9. Further north however enemy still holds SAN GENLO M7105 in strength. South of BOLOGNA resistance continues very heavy. Increasing tendency to bunch astride routes 64 and 65 evidenced by identification 274 and 276 INF Regts (94 INF DIV) Area MONTE STANCO L7/22. This represents considerable sidestep eastwards on part of 94 Inf Div into former area of 16 SS PW Div. Whole of third Regiment of 94 Div now supporting 65 Inf Div astride route 65 according to PW. Identification of 232 field replacement battalion area 15815 suggests arrival of elements of new formation to fill gaps in Western APPENINES. Unidentified division previously reported in Genoa area possibly concerned. North WEST ITALY. Partisan sources report enemy preparing determined drive against partisans in VAL D OSSOLA.

B. BALKANS. 1. YUGOSLAVIA. Bulk of one mountain division reported moved through TOPOLA en route BELGRADE. TOPOLA now claimed by Russians and railway LAPOVO - XRAGUJEVAC reported cut by Russian forces.

No. 681. Begins. Your telegram no.8. Immigration into Palestine. Secretary of State has approved entry into Palestine of further 10300 Jewish immigrants provided that not more than 1500 persons may be admitted in any one month. Of this quota 900 persons as distinguished from principal immigrants allotted to Italy. This number to include authorised immigrants at present in ITALY who hold visa authorities and are awaiting transport facilities. This number of 900 may be increased or decreased at the request of the Jewish agency in JERUSALEM and any change so made will be communicated to you. I suggest that you discuss with NAHON when he arrives in ITALY. Provided that he agrees on behalf of Jewish agency and that Jewish agency ensures that number of Jews reaching PALESTINE in any single month from all quarters does not exceed 1500, and that figure of 900 persons coming to PALESTINE from ITALY is not exceeded without prior notification to me then there is no objection to your proposal.
