SECRETA Status of Partisans is subject.

1. Your 5210 indicates in paragraph 2 that Germans have accorded PW status to Partisans. It would appear unwise for us to ask for less than is already conceded.

2. The Italian Government according to your paragraph three desires to make a statement on the subject; the combined Chiefs of Staff desire to have it made, and the Germans are prepared to concede the substance of the statement. The position of ACC in not facilitating the making of a statement not understood.

3. In reply to your 1A the HAGUE CONVENTION does not set any conditions as to uniform other than the wearing of a fixed distinctive emblem recognizable at a distance.

4. The Italian Government has agreed to treat ITALIAN Neo-Fascists as Prisoners of War.

SECRET. Your CAO 329 dated 20 Oct. Cannot understand reason of Mark Clark's personal message 6355 of 19 Oct. What is G-5 Fifth Army doing about this. It should keep itself informed of the status of supplies through ACC. I have heard no similar reaction from 8th Army. Transportation of civil supplies is a military responsibility within AAI Area.

New Subject. SACMED has already recommended 300 gram bread ration to CCS who state they are studying urgently. Reasonable to suppose this may be granted.

New Subject. Requisitions were placed in August for trucks, tires, tubes, etc. for ACC account but doubtless, 5th Army will appreciate there is a world shortage of these commodities.

SECRET. (This is IAC 762) Subject is supply of coal and petroleum to NORTH AFRICA

Para 1. At your suggestion shift from military to civilian responsibility for coal and petroleum supply to NORTH AFRICA was informally discussed with AFHQ. Refer NAF 782 and discussions in CCAC (S) on proposed reply thereto.

Para 2. NAF 782 does not exclude POL from SACMED understanding that he has no responsibily for "Civilian supplies of all sorts to NORTH AFRICA". Petroleum Section, AFHQ will continue to state and control imports and issues. North African bulk storage is still dred as A Theatre Petroleum Supply Base and must remain under AFHQ supervision.

Para 3. Coal. In IAC 512, cal 701, and cal 822 AFHQ and CCAC agreed on the princip1 that SACMED will have no further responsibility for coal suppl y to NORTH AFRICA. AFHQ has dispatched cable No FX 34765 of 5 October 1944 to NAJEM, REPEATED for info to CCAC, which gives SACMED views as to shipping arrangements, as requested in paragraph 3 of cal 822. Briefly SACMED appears to have adopted the following principles: (A) The supply and shipping program for coal to NORTH AFRICA will not be screened by AFHQ. (B) AFHQ should receive for infbrmat ion: (1) Programs sent to WASHINGTON from ALGIERS. (2) Determinations of availability and source of supply thereon. (3) Details of relevant sailings. (C) AFHQ will have power to divert rpt divert cargoes in an emergency but does not repeat not need to be consignee for shipments to NORTH AFRICA
