SECRET. G2 Summary Number 61. On Adriatic front little activity in coastal plain and no evidence and change in general enemy dispositions. 114 Jaeger Division reported by PW to have absorbed 1500 German replacements from 162 Inf Div. In Central Sector some evidence from PW that 98 Inf Div now taking over new sector astride CASTEL S PIETRO road, leaving 334 Inf Div narrower front southwest of road. In western Appennines deserters 1 Coy 2 Alpine Regt Monterosa Division in area L1507. Whole of Regiment arriving and to be followed later by remainder of Division. Division has made poor showing against Partisans in north and desertion rate reported to be high. Unlikely therefore that Division will be given sector of its own but may be used interspersed among German units or unimportant part of front. In Coastal Sector 239 Reserve Regt of 148 Div identified by PW area U9395. Possibly replacement for 135 Fortress Brigade, bulk of which now operating south of BOLOGNA. No evidence yet to suggest whole of 148 Div moving.

B. BALKANS. 1. YUGOSLAVIA. 13 SS and 118 Jaeger Divisions reported preparing defences in line VUKOVAR-SIO-JUNCTION SAVA and DRINA Rivers. This presumably to be held as extension of Danube River line to north. VISEGRAD recaptured by enemy and confirmation received that latter using road KRALJEVO-SARAJEVO. MT previously NOVI PAKAR now moving north SJENICA which town captured by enemy. FRIBOJ and

PRIJEPOLJE still held by Partisans and enemy will have to fight way through this area to VISEGRAD. Some increase reported enemy concentration PODGORICA but northward movement not yet begun.

2. GREECE. Considerable loading activity SALONICA marshalling yards 28 October and MT columns observed leaving for northwest. GRADISCA left harbour same date and further demolitions reported. Evacuation of town possible within 24 hours. Enemy rearguard contacted MATERINA 28 October on way north. All have been informed.

SECRET. G2 Summary number 60.

1. A. NORTHWEST ITALY. Ground reports supported by evidence from rail movement indicate movement of two Italian Divisions over BRENNER en route PIEDMONT began about 20 October. These presumed to be ITALIA and LITTORIO, advance elements of which already reported to have arrived in area south of MILAN and south of TURIN respectively.

2. APPENINE FRONT. On ADRIATIC little contact east of RONCO and bridgeheads over river established against little initial opposition. Enemy later counter attacked effectively with tank support. 278 Division identified here. One para Div after brief appearance on this axis transferred rapidly to area southeast BOLOGNA. Enemy line-up between coast and inclusive route 9 now 162, 114 JAEGER, 20 GAF, 26 PANZER, 278 Divs. In central sector main defensive effort now being made southeast of BOLOGNA where one para div now identified in area BEDRIANO apparently relieving elements of 98 Infantry Div. Latter has suffered heavy casualties since return to line including a further 800 prisoners of war. Complete withdrawal from battle at present stage however appears unlikely. PW134 GR (44 Inf Div) same General area states he belonged to divisional Alarm Coy which was turned back on night 24/25 after moving north of PO. Remainder of div believed proceeding to northeast ITALY to rest and refit area. In western sector of APPENINES all three regts (1043, 1044, 1045 GR) of 232 Inf Div identified between 29 and 24 castings.

3. GENERAL. Continued yielding of ground on ADRIATIC flank inevitable. At same time enemy prepared to counterattack in order to adhere to his timings and preserve coherent line

A. ITALY. Nothing to report.

B. BALKANS. 1. YUGOSLAVIA. No confirmation yet received of evacuation SPLIT. Russians captured NOVI SAD and VALJEVO. latter success virtually prevents further enemy withdrawal from northern SERBIA except via road KRALJEVO-SARAJEVO. Movement westwards from VIS EGRAD suggests this already in progress. Report 200 MI NOVI PAZAR indicates new escape route being sought via this town PODGORICA. All roads north from this area blocked by partisans and TREBINJE not in german hands as previously reported. with forces available to him, however, enemy should be able to fight his way northward and is presumably concentrating battle groups for this purpose. 2. ALBANIA. KORITSA now free of enemy and partisans believed in temporary control OHRID this denies enemy access to ELBASAN TIRANA withdrawal route from southern MACEDONIA. He will therefore either retire northward from TIRANA or reopen lateral route STRUGA-OHRID. All informed

SECRET. G-2 SUMMARY NR 58.

A. ITALY. General. Little contact on ADRIATIC and no enemy believed now to remain East of SAVIO. Lack of opposition to crossings at MENSA M 5917 indicates 26 PANZER Div already back behind BEVANO (FRANZISKA) line: This in turn likely to be held only as phase line in timed withdrawal. Transfer of 1 Para Div to Axis route 9, though believed now to be completed, has not resulted in more aggressive policy here and Division is presumably conforming to general movement back. In Central Sector enemy launched persistent but unsuccessful counter attacks against MONTE SIADURO M 0326 and SPINELLO M 0325. Northeast of MONTE GRANDE enemy again lost ground in area VEDRIANO M 0234 where 90 PG clearly in great difficulties. Intentions. 76 Corps now too seriously weakened by withdrawal of 29 PG and 90 PG Divs to await our pressure before withdrawing. Continued withdrawal of enemy's left flank therefore likely until 2 major fronts link up. Despite recent reinforcements enemy's positions South of BOLOGNA - CASTEL SAN PIETRO road continues to deteriorate and will undoubtedly influence 76 Corps disengagement.

B. BALKANS. YUGOSLAVIA. SPLIT reported evacuated, hence whole DAIMATIAN coast SPLIT-STRUGA inclusive now clear of enemy. Considerable movement evacuation traffic along road SCUTARI - TIRANA and light flak defending this route. Enemy withdrawing from Northern GREECE via FLORINA-KORITSA - TIRANA and Via UROSEVAC - PRIZREN - SCUTARI from MACEDONIA. Route MITROVICA - PEC - PODGORICA still closed owing Partisans between PODGORICA and PEC. Enemy attempts at breakthrough to be expected.

SECRET. THIS IS MAT 370.

On 20 October the Italian Government published a legislative degree relating to labour rates for private industry without the previous concurrence of ACC and contrary to the previous understanding which ACC had had with the Italian Government on the matter.

The facts are as follows -

- (1) On 2 September the Italian Government submitted to ACC proposals for increases of labour rates for private industry.
- (2) ACC submitted counter proposals on September 19.
- (3) On September 23 the Italian ~~Government~~ Council of Ministers, without previous consultation with ACC issued a communique announcing the grant of an indemnity to workers in private industry against the high cost of living. The communique stated this would be on the basis of 50 Lira per day for Rome and 40 Lira per day for the rest of Italy.
- (4) ACC considered the grant in 3 above unacceptable both from the inflationary point of view and in relation to wages fixed for workers employed by the Armed Forces. Further consultations were held with Italian representatives. These resulted in a provisional agreement with the Minister of Labour that the Italian Government would consider an alternative proposal made by ACC. This was that there should be a 100 per cent increase on the 1942 basic wage scale with additions of 30 or 35 Lira (dependent on area) for cost of living bonus plus an increase in family allowance of 50 percent. The net result would have been to increase minimum wage scale from 82 to 122 Lira.

FX 42830 CONTINUED

(5) The Italian Minister of Labour stated on 5 October that the ACC proposals were unacceptable but ~~that~~ that he was ready to consider modifications. Notwithstanding this a press announcement was then made without reference to ACC that the Government had referred the matter to the General Italian Confederation of Labour.

(6) An official communique was published on 14 October again without reference to ACC which announced that the Italian General Confederation of Labour and the Employers Association had reached an agreement whereby existing wage rates would be increased by the grant of a cost of living bonus of 30 or 35 Lira (dependent on locality) plus 50 per cent family allowance and plus also an additional amount of 5 lira for each dependent. Having regard to the fact that these increases were to be superimposed on existing wage rates, many of which already include illegally granted increases, the net increase by the Italian scheme will be an increase in the minimum scale of from 82 to 143 lire.

In view of the publicity given by the Italian Government and the resulting expectation of the Italians that the increases would be put into effect it was felt that it was impossible in the circumstances to impose a veto on the Italian decree. This was decided in spite of the inflationary consequences likely to ensue, and the considerable difficulties the Allied Forces will face in setting up new wage scales for military labour. The wholly unsatisfactory attitude of the Italian Government can be traced to the weak position in which ACC finds itself as a result of the public statements made by the President and Prime Minister without direct ⁷⁶⁵⁹ being received here for guidance of those on the spot as regards

SECRET. G-2 SUMMARY NR 57.

A. 1. On ADRIATIC little opposition encountered in coastal sector and enemy now withdrawn from CERVIA. Strong counterattack made by 26 Panzer Div against bridgehead over SAVIO at L5911 supported by Panthers of 1 Bn 4 Tank Regt. West of CESENA though heavy shelling brought down on bridgehead no determined counter-attack has yet developed. Some evidence of extensive regrouping this sector following transfer of 90 PG Div to BOLOGNA front. Elements of 1 Para Div now identified on route 9 and in view of unsuitability of coastal belt for major operations move of whole division to this more vital Axis would be logical. In CENTRAL SECTOR enemy lost further ground North of MONTE GRANDE including height 56859933. Latter point twice unsuccessfully counterattacked by 200 PGR supported by Battalion of 577 GR (334 Div). Elsewhere no major changes in front line.

2. ALPINE front. PW reports that 157 Reserve Division was upgraded to a mountain JAEGER Division, on 1 October.

B. BALKANS. 1. HUNGARY. Russians reached TISA northwest NYIREGYAXA and some 30 miles from MISKOLC thus increasing threat to German forces withdrawing from Northeast HUNGARY.

2. YUGOSLAVIA and ALBANIA. 7000 troops reported EL BASAN and ROAD ELBASAN - TIRANA reopened by strong enemy column including tanks. Large concentrations traffic also reported moving North on SCUTARI road and between SCUTARI - PODGORTCA. Further arrivals from ALBANIA expected latter area. Reports also state TREBINJE recaptured from PARTISANS.
