Christian Democrats incited riots against myself and my own domicile as the Prefect dismissed the actual member of Committee for his incapacity to fulfil his job and appointed myself at his place. I apply for intervention of competent authority as these demonstrants by their manifestation have pointed out to popular scorn the Communist Party.

A. ITALY. 1. General. On ADRIATIC no contact reported north of route 9 and main enemy body believed now behind line canale NUOVO-RONCO-FIUMI uniti. Heavy resistance encountered from 278 Division supported by some tanks northwest of FORLI. South of route 9 enemy offered little opposition to patrols over MONTONE but is still holding high ground to west of river. Movement behind front indicates 26 Panzer Division moving to new sector of route 9. Presume direct exchange of sectors with 356 Inf Division will occur similar to previous exchange between one para and 114 JAEGER Divisions. Enemy will thus ensure defence of FAENZA by best available troops while avoiding recommitting any of his formations at present resting. On remainder of front little activity reported and no evidence of any change in enemy's dispositions.

2. Miscellaneous. PW reported General SCHLEMM promoted to new command and succeeded as GOC one para Corps by General HEIDRICH.

Ref request for visit to LIVORNO of Under Secretary of State for the Merchant Marine Signor CORBI. Reconstruction and operation of the port of LIVORNO has been in the hands of Allied Military and Naval Forces and full use of such facilities must remain under such control come. Further development of the port of PIOMBINO by the AC for unloading, storing and shipping by rail of civilian supplies would do much to relieve the load on LIVORNO and such action is recommended at this time. Agreed with NOIC Leghorn that a visit at this time is undesirable from a military standpoint.

Various responsible leaders of the Italian resistance movement in enemy occupied ITALY report exhaustion of funds with which they might subsist Partisans during the coming winter. For example the MILAN Committee of National Liberation reports that funds of the Italian 4th Army over which they assumed control at time of the Armistice are practically exhausted. Similar conditions reported from elsewhere. To keep the resistance movement in being it is obvious that funds for minimum subsistence requirements of Partisans must be forthcoming. Provision of these funds apparently must be made from one or all of three sources. (A) Subsidy by the Allied Nations, (B) Contribution by the Italian Govt, (C) Tapping of Italian funds not frozen in places outside ITALY for example SWITZERLAND. Total involved may reach as high as 100 million lire monthly but something less may do. The solution employed in other countries such as YUGOSLAVIA applicable in ITALY. May we have your views or decision.

4. Under this procedure AC and CCAC will initiate MOC and COM signals respectively, each repeating to LONDON and AFHQ for information. AFHQ will not screen these items and should not forward allocation requests. AFHQ will comment where necessary. In this connection it prefers to comment in CAL-LAC series or outside of any series.
