G2 Summary number 96.

A. ITALY. 1. On Adriatic flank enemy abandoned RAVENNA night 3/4 December. Own troops advancing along route 16 have reached bridge over LAMONE at M4744 without opposition and believed that no organised enemy remain east of river. Strong resistance met west of river on left flank 356 Inf Division where determined counterattack in estimated strength 2 Battalions with tank support succeeded in destroying our bridgehead. South of FAENZA still no major reaction from 26 Panzer Division to our crossings over LAMONE. On remainder of front no changes of note.

2. Slight indications of move on part of 90 PG Division. Though not possible on present evidence to deduce destination movement does not appear directed towards 8 Army front.

B. 1. (a) 1 Mountain Division moving OSIJEK and according 1 report already beyond town and crossing DRAVA at MOSLAVINA. Division evidently intended to reinforce danger area 68 Corps. (b) Elements 21 Corps reached LIJEVA RIJEKA, northeast VILAC, on VCO (2 ?) December. (c) Partisan capture KNIN confirmed. All informed.

RAVENNA entered this morning CAO installed. Town slightly damaged by bombing but no damage reported to important monuments. 20000 people estimated in town at moment. No light or power adequate water from artesian wells no shortage food. Civilian hospital functioning with about 120 patients medical stores being sent in. Administration functioning smoothly and well. Prefettura building damaged but provincial organization functioning under 2 vice prefects who remained. Much less disorganization than usual. Large numbers of patriots in town and in area. Few refugees but number expected to increase most are local or from North.

landed cost imported coal. Following is summary of cables CIVMED 13 from TROOPERS and WX 72142 from ACSAB on subject.

In arriving at an approximate landed cost of imported coal which Allied Commission can pass to Italian Govt as a basis on which they can fix internal selling price, the following information is furnished.

(a). A figure of 30 dollars per tons should be used as the estimated US average landed cost of coal furnished by the US Government to ITALY including SICILY for civilian use.

(b). A figure of 115 shillings per tons should be used as the estimated UK average landed cost of coal furnished by the UK to ITALY including SICILY for civilian use.

(c). It is understood that AC/AMG will weigh estimated UK and US landed costs by quantities furnished by US and UK(?) respectively and thus determine an approximate UK/US combined weighted average landed cost for coal to give to Italian Govt for internal pricing purposes only. If this is done AC/AMG should inform the Italian Govt that quoted cost is the best estimate available now and is without prejudice to the price to be charged the Italian Govt when more accurate costs are known

1. Power equipment for Central ITALY is subject.

2. Opinion here is that alternative to the War Department providing trained personnel in the UNITED STATES, the crew could be recruited from either the Mediterranean and European Theatres or both. The selected crew would be trained on similar floating power plants to be used in the European Theatre.

3. This would enable work and delivery of the floating plant to proceed without delays arising from the selection and training of the crews in the UNITED STATES and a considerable saving in time in putting the plant to work in ITALY would be effected, if the above plan could be followed.

4. CAL 894 has been discussed with Col LAFFER and it is not concurred. It is requested that the requisition MGS-208+QM be considered per LAC 772. At present there is about 600 tons of paraffin wax in ITALY and substantial quantities of this reserved for matches and industrial production. All local candle manufacture will cease by 15 December. Candles are required for NAPLES& and South as substantial number of families are without electricity especially in rural communities. Further frequent power failures throw whole cities into darkness. 1. Airops night 1-2 December nil. Day 2 December by MATAF 13 successful.

2. A. LOMBARDIA. Enemy offensive against Partisans in PIACENZA area continues. AMERICANO DIV reported successfully counterattacking. Enemy captured BOBBIO (P4586) and PECORARA (P4798) from G and L forces. Further attacks expected North and Northeast of GENOA due concentrations at BORGHETTO (P5924) and VIGNOLE (09682). BORGHETTO attacked by Allied fighter bombers morning 2 December.

B. PIEDMONT. Enemy offensive in LANGHE area still continuing. Growing concentration of strong German and Fascist forces reported in area probably for action against Partisans of MAURI formations where Germans believed Allied parachutists dropped.

Specific instance desired in SPTON 683, WX 70264, 29 November, was the ROBERT T HILL, which created apprehension as to future cases.

In this case civil relief cargo could only be accepted at DUKO whereas military cargo was wanted AIOL, and because of broken stowage necessitating complete discharge of vessel, it would have been 30 days or longer before civil cargo could have been transhipped back to DUKO, where it could only be accepted.

In the meantime, this civil cargo was most urgently needed. Delay in shipping has not yet occurred, but it is expected delay will be encountered delivering civil supplies, particularly if not block stowed.

Subject is Sud Est Railway your signal 7290 of 29 refers. Time limit of threatened stoppage of overtime now extended 5 December. Dispute is because Italian railway law makes 24 hours rest essential after 48 hours week. Sud Est workers work 40 minutes overtime each day so as to obtain payment for Sunday rest day. Italian State Railway receive payment for Sundays without working overtime. Demand is now first overtime rates for the 40 minutes overtime per day and second payment for Sunday rest day. Italian Director ORBETTINO states cessation of overtime will not affect production as stated by Major BAISTER. Full report follows when received from BARI.
