G-2 SUMMARY number 99.

A. ITALY.

1. Major activity still confined to ADRIATIC flank. Small enemy parties remain in marshes north of RAVENNA and PORTO CORSINI not yet reported clear. South of FAENZA enemy continues to offer strong opposition to our advance from LAMONE bridgehead and has brought up reinforcements to this sector. On remainder of front patrol activity only.

2. Order of battle. Battle group of 90 PG Div, probably of regimental strength, evidently being brought up to 76 Corps and likely to come in between 305 Inf and 26 Panzer Divisions. Remainder of division believed still in area north of BOLOGNA. Commitment of whole division in support of 76 Corps appears unlikely, at least until relief of 29 PG Division is completed.

B. BALKANS. Nothing to report.

All informed.

This is LAC 877.

At request of MACMILLAN message sent to him is paraphrased to you as follows:

1. Grateful for information in your 2173, 4 December. No reply yet received to NAV 821.
2. Please represent in strongest manner the situation in which I have been placed by announcement of alleged promises for the 300 gram ration, the delay in obtaining a ruling from COS and prevailing uncertainty of the shipping situation. I cannot accept responsibility for a decision between the acceptance of the political consequences of delay or evasion, and the curtailment of operational requirements for the shipping program. It is essential that ruling be given quickly if simultaneous announcement is to be made of increased ration and increased price of bread as prepared by Italian Govt.
3. Following table shows wheat required January-June 1945 for mainland and SARDINIA but not including SICILY. Tonnages are in thousands. AC estimate repeats figures submitted to CCAC by LEGG. Ration cards for 32 million is basis. Tabulate

Requirements for January, AC estimate - 107 (12), AFHQ estimate - 107 (12). Requirements February - June (each), AC estimate - 205 (23), AFHQ estimate - 156 (17) total 6 months, AC estimate - 1132, AFHQ estimate - 882 Note: Figures in parenthesis show ships per month at 9000 tons each.

Difference between estimates: AFHQ includes anticipated indigenous corn/rice at 200 and figures supplemental feeding at 7% as against AC figure of 12½%. The overall result is substantially the same. If this program can be assured an immediate announcement of a 300 gram ration can be authorized.

4. GENERAL MAGRUDER, G-4 (A), does not agree to this signal on grounds of shipping shortage and unwarranted pressure on CCB. Mr. OFFICE sees no objection to sending it.

5. With regard to urgency of problem see LAC 875, regarding alleged prospect of hunger march on ROME unless matter is speedily settled.

CHIEF TO: DEKO assigned to Monuments, Fine Arts and Archives Sub-Commission, Allied Commission:

- a. Items from theatre stocks during December 1944.
- b. Item from Z.I. during January 1945.

(The serial number of each consignment must include the letters TOG. Packages must be marked with standard approved marking of green dots on crossed white tape).

Items indicated below represent four (4) months supplies of photographic material for the Monuments, Fine Arts and Archives Sub-Commission.

Item No.	SIGNAL Stock No.	Article	Unit	Required

JUSTIFICATION: 1. The Allied Commission Monuments, Fine Arts and Archives Sub-Commission are urgently in need of photo material for the following purposes.

- a. To make photographic records of damage and repairs to buildings and fine arts.
- b. To make photo-library of buildings and fine arts for War Department and War Office.

CONFIDENTIAL

2. Items requested are for use of five Monuments, Fine Arts and Archives Offices engaged in obtaining photographic records. Processing is being undertaken by Italian Governmental Laboratory.

3. There are no suitable supplies available from local resources. Some inferior grades of materials have been purchased at exorbitant prices and have proven to be very unsatisfactory.

* 4. Items 2 - 7 inclusive are available from US theatre stocks without replacement, subject to War Department authorization of sale to the Allied Commission, and the approval and allocation of supply responsibility for Item 1.

G2 Summary number 97.

A. ITALY. 1. No change of note in situation north of Route 9. South of FAENZA our attack across LAMONE has now reached enemy MLR and is encountering determined resistance. Fighting reported particularly heavy area FIDEURA M2321. Elements of 508 Tank Bn believed supporting 305 Inf Div this sector. Evidence that both 715 and 305 Divisions have closed up slightly towards NE no signs however of any imminent intervention fresh troops on 76 Corps front.

2. Order of Battle. (a) Movements of 90 PG Division still obscure and latest reports suggest elements widely scattered east and northeast BOLOGNA. (b) 362 Inf Division reidentified by deserter who states Division in area PIANORO 18835 about to relieve 65 Inf Division. Comment: PW may be mistaken in identity of Division to be relieved. Previous PW reports indicated 29 PG Div about to be relieved which appears more reasonable in view of possible shift of 90 PG Division.

B. BALKANS. 1. HUNGARY (A) Russians reached eastern shores Lake Balaton and captured BALATON POLGAR while beyond KAPOSVAR WARGALI taken (b) Roumanian source reports "HUNYADI" Division new Hungarian armoured division and being organized west of Danube probably area VYIPALOTA west SZEKESFEHERVAR.

2. YUGOSLAVIA. (a) In SREM advancing Russian and partisan forces have occupied ILCK, ERDEVIK, MARTINCI and SID. Latter capture shows Allies have reached main German defensive position this area (these previously reported on line VUKOVAR-SID-DRGNA mouth). (b) No important change area 21 Corps. (c) Enemy concentration ZVORNIK area now pushed through to BIJELJINA. Presumably reinforcements for Russian battle. (d) In area 15 Corps GRACAC reported in partisan hands. All informed.

PENSOUTH INFORMATION TO PENBASE, ALCOM, FONAM

SECRET.

During the winter season it will be necessary to discontinue discharging bagged wheat from ships at anchorage at CASTELLAMARE, particularly as it was agreed at MEDBO operational need did not exist justifying occurring risk to vessel and cargo.

PENSOUTH therefore requested to lighten grain ships in NAPLES Harbor that they may be sent directly alongside CASTELLAMARE discharge berth.

Since the above decision PENBASE PBS 32529, 4 December has been received and to this extent answered.

1. CRAWSHAW Chief Accountant Allied Commission has asked us for approximate landed cost imported coal which Allied Commission can pass on to Italian Government as basis on which they can fix internal selling price.

2. In arriving at an approximate landed cost of imported coal for use by the Italian Government as a basis for internal pricing, the following information is furnish for this purpose:

A. A figure of 115 shillings per ton should be used as the estimated UK average landed cost of coal furnished by the UK to ITALY including SICILY for civilian use.

B. A figure of 30 dollars per ton should be used as the estimated US average landed cost of coal furnished by the US Government to ITALY including SICILY for civilian use.

C. It is understood that AC/AMG will weight estimated UK and US landed costs by quantities furnished by the UK and the US respectively and thus determine an approximate UK/US combined weighted average landed cost for coal to give to the Italian Government for purposes of internal pricing only.
