G 2 summary number 106.

(a). ITALY. 1. General. In ADRIATIC sector enemy resistance remains extremely stubborn area BAGNACAVALLIO. Own attack south of FAENZA made progress against stiff opposition including counterattacks by 90 PG Division supported by armour of 26 Panzer Division. Some evidence however enemy preparing pull back under cover strong rearguards to line of SENIO south of BAGNACAVALLIO. In SANTERNO Valley enemy counterattacked persistently at TOSIGNANO M 0823.

2. Order of battle. Whole of 98 Inf Div now identified area BAGNACAVALLIO on right of 114 JAEGER Division. Old sector 98 Inf Div filled by extension of frontages 1 para and 334 Infantry Divisions. 305 Inf Div still in line on narrow sector west of 90 PG Div. In central sector 65 Inf Div still firmly identified on route 65.

3. Rear areas. Ground sources report 162 Inf Div moving from PIACENZA towards CREMONA and to be clear of latter by 15th. Appears likely that division will continue movement to north east ITALY where operations against Partisans reported recently intensified.

(b). BALKANS. 1. YUGOSLAVIA. In MONTENEGRO advance elements 21 Corps reported held up by road demolitions between MATESEVO and ANDRIJEVICA. Some advance northward towards KOLASIN on westerly route reported. According Air Recce 15 December bridge at KOLASIN still intact. Several hundred MT sighted same day road BIOCCE-MATESEVO. Elements northern relieving column reported 15 December attacking BERANE.

1. A growing tendency has developed of addressing messages to this Headquarters "PERSONAL" for some named individual. This is of course proper in certain cases where it is desired to limit distribution. It is misused however when it is merely the intent to insure that the message reaches the proper person and under the procedure now in effect within the Headquarters causes much unnecessary clerical labor and delay in distribution. Usually it is unnecessary to name the individual who is to take action in the matter under correspondence but where the originator desires to insure that his message is seen by a particular individual but does not desire to limit distribution to him, the message should be addressed to him, but the word "PERSONAL" should not be used. Correct address in such a case would be "AFTER FOR JONES".

2. Where it is the intent to limit distribution to the addressee, or such persons as he may designate, it is urgently requested that the message be addressed for his eyes only, for example, "AFTER FOR JONES FOR HIS EYES ONLY", or "AFTER PERSONAL AND PRIVATE FOR JONES". This method of address will only be used by subordinate commands in the case of messages for SAC, D/SAC, CHIEF OF STAFF, DEPUTY CHIEF OF STAFF, CAO, CG MICHON and CHIEF OF STAFF MICHON.

Fertilizer imports.

CCAC have advised that actual imports will depend on proportion of shipping out of overall tonnage allocation which we require for fertilizer. LAC airgrams 68 and 69 requested about 63000 tons fertilizer be supplied. These requisitions approved by CCAC but supply responsibility not yet allocated. AG indicated fertilizer was not to arrive after 1 February and deadline for February call forward now past.

Please advise actual amounts you recommend importing in consideration of probable equivalent tonnage reduction of other civilian imports, and the latest date shipments can be received.
