As we are advised you have not received COMB 1 through 9, they are repeated herewith for your information amended in accordance with current cable procedure: COM 1 dated 7 October 1944: Subject, procurement of civilian relief commodities for liberated and/or occupied territories. Reference memo AGS G 5 AFHQ, 10 September 1944 to CCS Secretaries. Agreed that a new series of cables be established between combined Civil Affairs Committee and Allied Control Commission with repeat to AFHQ for messages on special programs set out in the memo above. COM HOC will be the name of the new series.

Messages sent by means other than cable will be transmitted as HOC airgram designated "Special progress" as requested by you.

Repeat all COM HOC messages to United Kingdom Base Section LONDON for Cabinet Secretariat who in turn will advise you in a new series similar information now carried in COM HOC series.

Your initial communication will be HOC 1.

COM 2 dated 10 October 1944: Refer LAC 673 and CAL 698. The appropriate United Kingdom and United States civilian agencies have had referred to them by the CCAC, LAC airgram 60 (HOS 203 (34) and LAC airgram 59 (HOS 202 HOC), on textile supplies as they are not in the scope of military responsibility.

We are advised by United States Civilian Agency that unless CAL 730 can be immediately and favorably replied to, no action here can be made on the above requisition and also on requisition HOS 144 HOC IV for metal mining supplies.

COM 4 dated 15 November 1944: Refer COM 2 paragraph 2 and CAL 730. CCAC has assigned responsibility for 20000 kilowatts of the 60000 of electric power equipment requisitioned, to Civilian Agencies. Italian supplementary feeding requirements for the months indicated below, in metric tons per month. This is IAC 967.

<u>AREA</u>	<u>SUGAR</u> <u>APRIL-JUNE</u>	<u>DRIED VEGETABLES</u> <u>APRIL-JUNE</u>	<u>PEA SOUP DEHYDRATED</u> <u>MAY-JUNE</u>

SARDINIA	300	Nil	Nil
Total	5910	12360	6220

1. Sugar ration intended to provide 8 grams per day for 100 percent of population. Owing to enemy destruction of processing plants in liberated ITALY there is no local production. On basis of present imports ration is only 4 grams per capita per day for population MAINLAND SOUTH and isla nds. This amount is considered insufficient as sugar is basic component of ration and the resultant deficiency can not be compensated for by other food items as all are in short supply. Requirements for north will be advised when further information is available. Dates not desired in substitution of present approved arrivals of 2,700 tons (CA1991 refers). If allocation of 5,910 tons approved, dates can be accepted to equivalent of 25 percent sugar.

2. Dried vegetables. See para 3D, IAC 709. Now apparent that indigenous resources not sufficient to meet essential requirements. Stocks of dried vegetables both imported and amassed in liberated ITALY will be exhausted by end April. Imports into liberated ITALY for issue to persons in categories listed below are absolutely essential, and are

based on sliding ration from 100 grams per day to hospitals to 20 grams per day in devastated areas.

The north supplies of all locally grown dried vegetables will be exhausted by 1 April except for quantities held by producers for own consumption. Requirements of 9,740 tons provide average issue of 50 grams per day to 2,000,000 persons in categories above, and 20 grams per day to 11,000,000 persons. The latter number includes 2,000,000 rural persons not producing dried vegetables or whose supplies will be exhausted by 1 April.

Soup dehydrated (see LAC 861). Require in south is average issue of 50 grams per day to categories in para 2 above. Northern requirements are for same ration to an estimated 2,000,000 people of like classification.

Requirement for pulses subject to partial cancellation if supply is found to be available north.

A. ITALY. 1. Battle fronts. Nothing to report.

2. Rear areas. No further evidence in connection with movement to BELIUNO reported in summary number 138. 155 Reserve Training Division now believed area BELIUNO and report may be exaggerated picture of movement of training drafts. Ground reports from North West ITALY stating German evacuation imminent not credited. Feature of less responsible intelligence reports at times of crisis on one front is to give exaggerated version of any signs or portents on another. "Post hoc ergo propter hoc" inadequate foundation for faith.

B. BALKANS. 1. HUNGARY. Enemy offensive reported launched between Lake BALATONS and SZEKESFEHENVAR. Results so far unknown.

2. YUGOSLAVIA. 20 January M/Y5 nearest ZAGREB town reported practically empty. 21 January same yards contained over 900 trucks. Many road convoys reported in vicinity apparently moving north. Further details awaited and no identification received. Possible however that above represent 118 Jaeger Division in transit.

Enemy attack South VUKOVAR said to involve 3 divisions and already to have recaptured SID.

Partisan attacks against flank 91 Corps continue and recently resulted in capture GORAXDE and JABLANICA Southwest VISEGRAD. Enemy still maintaining flank protection MEDEDA and USTIPRACA.

G 2 summary number 138.

A. ITALY. 1. Battle fronts. Enemy activity continues slight and apart from shelling and mortar fire is almost entirely confined to sector Southwest of Lake COMACCHIO where minor contacts continue. Both Regiments 5 Mountain Division identified on Alpine front 17 and 18 January.

2. Rear areas. Ground source reports Alpine Division concentrated about 12 January area TREVISO commenced night move by road to RELLUNO 14 and 15 January. Not identified but some troops formerly Val D'AOSTA. No other intelligence yet to associate with this report. If accurate 157 Division possible candidate. 114 Jaeger also not firmly located since withdrawal about 6 January. Size of movement however possibly exaggerated.

B. BALKANS. Reported German attacks East and West of VINOVIKA appear to confirm previous indications of attempt to clear Allied bridgehead south of DRAVA. In GHEM 20 kilometre advance between VUKOVAR and BOSUT river claimed by enemy suggests he is attempting regain line VUKOVAR-SIL-DRINA mouth. All informed
