MESSAGE FOR THE COMMANDER, FOR ACTION TO BE TAKEN FOR INFO

We are striving to set up Headquarters at Naples Salerno under difficult conditions with great shortage of professional soldiers. Lack of trained Junior Officers has resulted in number of administrative mistakes which costs time of Senior Officers. Lack of transport and supervision has resulted in breakdown of valuable vehicles. Our Headquarters is still split between Rimini Salerno Naples Salerno with consequent heavy overheads. Necessary provision of essential transport requirements has been partially delayed and is still not complete. I have had to ask USARP to provide American M20s to discipline and train enlisted men. Impossible to run any military organization without nucleus trained soldiers all levels and USARP is not a military organization. I earnestly request your assistance in providing our basic military requirements at least until we are organized in Salerno Naples. / Barnham and Farrer have been posted away. Protest sent strongly against losing Captain Farrer and request this decision be reconsidered. / Further cables follow regarding American M20s and transport

Additional information for transmittal AGWAR to facilitate decision whether exportation of Italian bauxite is desired so that two adjacent wrecks now lying at quay, port of SANREMO, will be cleared by end of January 44 and that approximately 730 feet additional berthing space then available for loading bauxite. Local resources board for Peninsular Italy advises bauxite not required on Italian mainland and is therefore available for export. Decision "no further American vehicles will be drawn from any source". Your 16435 cite FMGS, will seriously delay or prevent move of HQACC to SALERNO. Essential that 45 vehicles, 19 trailers covered by shipping order G 1215 repeat G1215 on PBS be issued to us. Further essential that above order erroneously forwarded to IBS be furnished at once to PBS and wire sent soonest to PBS stating that it is being forwarded. Plans for move and operation at SALERNO and NAPLES based on receipt of these vehicles. If received, they constitute absolute minimum required if suitable accommodations can be found for Italian government in SALERNO itself. If not, additional vehicles necessary soonest new subject, PBS has issued on shipping order G-1226 to Region III following vehicles

See our message JORTWENTYFOUR December 12. 40 of original number at NAPLES have been transferred elsewhere on competent orders. Those remaining are insufficient* to prepare for moves to NAPLES and SALERNO. HQAMG is now split between PALERMO, NAPLES, SALERNO and convoy enroute. Jackling at PALERMO promised to fill Region III, IV and 15 Army Group from NORTH AFRICA. Any surplus at NAPLES will occur only after completion of move of all elements to NAPLES and SALERNO and present loss of any EM will interfere seriously with moves. MacMillan cabled Murphy cite FHSOS 118994 as paraphrased below. "Our second message did not get to you before you departed from TUNIS. Vyshinsky was in CAIRO. Message received from ITALY stated that remainder of party, British, American and Russian were going back to ALGIERS. Therefore appeared best to abandon meeting at PALERMO. We and Vyshinsky reached ALGIERS December 9th. Council meeting should be arranged as soon as possible. What are your plans". Wilson also cables Murphy suggesting his early return.
