Ensuing message intended for AGWAR for Secretary of State.

Secstate personal for Undersecretary and Dunn from Henry Grady. Please inform Admiral Land that pursuant to Maritime Commission's wishes Deimel will leave within next few days but that I am much disappointed his assignment could not be extended a few weeks more because.

One. The control Commission's Economic Section has now been reorganized under my entire control and I very much need Deimel's assistance over next few weeks in assuring that it gets off to a good start under circumstances of considerable pressure.

Two. Shipping Subcommittee has now been transferred to Economic Section and will become increasingly active and in view of nature his work in Washington it should be most advantageous for him to participate in this development over next few weeks.

Three. For similar reasons he should have opportunity to observe early development of new project being initiated in Algiers for reestablishment of trade in entire Mediterranean area.

Four. I am planning to visit Washington to make interior report and discuss certain

policy questions with you and the Secretary early in March proceeding via London and believe it would be very useful for Deimel to accompany me to pick up information of interest there as to long-range shipping and trade prospects. If in view of foregoing Maritime Commission should decide that it could allow a further brief extension of Deimel's assignment to me prompt telegraphic advice might come in time to enable me to keep him here meanwhile he is arranging to leave to return via Algiers latter part of this week

FATIMA REAR FOR CAPT STONE

The ensuing is a paraphrase of message received this Hq today thru Squadron Leader Johnson from Main Eight Army to G S I (B) Hq ACIF cite I 1713 (264) for Gibson from DeFreitas. Lt Gen Gianantoni M.V.S.N. landed at San Vito 29 Jan having escaped by water from enemy territory together with Lt Augusto Ricciardi and Sgt Majors Michele Crispino and Vincenzo Paulino. The General was subject to special I.A. questioning at this Headquarters but the results were meagre. As result of a misunderstanding the General and his companions by passed R.I.P. and went to Brindisi by way of Bari. ETA Brindisi on the evening 2 Feb. The General gave out that he intended to interview the King and to reorganize Italian armed forces so as to be in a position to resist the Germans. He maintains that his sentiments are anglophile. The good faith of Gianantoni is strongly suspected. It is possible that he was sent by RIF to learn the extent of Italian cooperation. It is suggested that his movements be checked. The two MGO'S are being trailed by S.I.M. HQ with the object of investigating certain suspect activities. Letter follows. (Paragraph) It is believed Gianantoni is now in Brindisi and is suggested DeFrancesco SIM also believed to be in Brindisi will be of assistance to you in your search.
