785015

A, ERTENZE

— L'indirizzo, quando non è in forma convenuta od abbreviata, deve indicare una persona o un ente collettivo riconosciuto, e deve contenere tutte le indicazioni necessarie, perchè la consegna del telegramma a destinazione possa farsi con sicurezza e senza bisogno di ricerche o domande di chiarimenti. — A tal uopo deve comprendere, per le grandi città, la indicazione della via e del numero di abitazione, o, in mancanza di queste indicazioni, quella della professione del destinatario, od altra notizia atta a renderlo reperibile; e per le piccole città il nome del destinatario dev'essere possibilmente accompagnato da una indicazione complementare atta a servir di guida all'ufficio di arrivo in caso di alterazione del nome proprio. Il domicilio del destinatario può essere indicato dalla parola **Telefono**, seguita dal numero distintivo del suo collegamento telefonico. In tal caso l'indicazione **Telefono X** (numero) è obbligatoria. Quando si desidera che il telegramma sia telefonato al destinatario, occorre far precedere l'indirizzo dalla indicazione **Assata — T. F.**, seguita dal numero telefonico del destinatario. (Gli uffici italiani però effettuano la trasmissione per telefono di tali telegrammi soltanto se il destinatario è abbonato allo speciale servizio di trasmissione fonica). Il mittente deve tener conto che dalle ore 23 alle 6 gli uffici telegrafici con orario permanente o prolungato sino alla mezzanotte, salvo casi speciali, non eseguono il recapito dei telegrammi in arrivo se nell'indirizzo non è compresa l'indicazione eventuale: **Notte**, e non è sufficiente il solo recapito dell'indirizzo.
