G2 Summary number 151.

A. ITALY. APENNINE Front. 334 Division identified firmly in line by FWS. This in conjunction with other identifications over past few days supports impression that enemy has made no further withdrawals from front since departure 356 and 29 PG Div. Deserters 148 FUSILIER Bn on TYRRHENIAN coast say they had heard nothing about any withdrawal of their unit.

2. Rear Areas. CX reports statement of senior German officer TURIN that evacuation of PIEDMONT already begun in consequence of order issued 10 January. Defence of PIEDMONT to be left in hands of republicans and small rearguards. Comment: This interesting as being first mention of an actual dated evacuation order. So far however not supported by any firm evidence of troop movement.

B. BALKANS. JUGOSLAVIA. 181 Infantry Division still reported on road VISEGRAD-SOKOLAC and 22 Infantry Division from area east of SARAJEVO. Possible that elements of latter formation responsible for some of recent activity area VLASENICA. 963 FORTRESS Brigade and 1004 and 1005 FORTRESS Infantry battalions also reported general area SARAJEVO. Civilian requirements for Allied Commission is subject.

In the light of recent developments and ourad PAN487 dated 30 January 1945, the civilian agencies through the WAR DEPARTMENTS civilian recruitment committee have recommended that requirements for civilians for assignment to Allied Commission as submitted to the WAR DEPARTMENT on 11 November 1944 might be reviewed especially as it pertains to experts to be furnished by treasury. Request that after consideration of Allied policy toward ITALY a further review of civilian requirements be made and the WAR DEPARTMENT advised of any changes desired. In the meantime WAR DEPARTMENT and civilian agencies are proceeding to procure civilians on basis of original list and will begin shipping personnel soonest.

Subject is hemp control. In early December commander SCHLEE discussed hemp control patrols. At that time suggested Southern Region could probably provide 4 civilian vehicles. Since then vehicle situation has changed considerably due to derequisitioning and requirements of olive oil campaign. Major WORMSLEY has just arrived from ROME without any previous notice and without transport in order to put hemp control patrols in operation. Afraid we cannot now help with any transport except at expense of olive oil work. Please telegraph instructions.

1. Your signal F 16999 not to ALCOM gave authority for No 1 Special Force to infiltrate up to 15000,000 lire urgently required by certain N Italian Resistance Groups who have not yet received funds through CIAA channels due to inevitable time lag before LONGHI'S credit arrangements can take effect.
2. You authorized this 15000,000 to be provided from special funds available to No 1 Special Force with proviso that they would be reimbursed through normal Army channels when LONGHI'S agreement to this procedure and to the consequential reduction of his credits had been obtained.
3. Financial Director SOE LONDON however does not agree use of special funds for this purpose stating that ROME Government should advance funds and bear any risk of LONGHI'S consent not being obtained.
4. He adds that TROTTIER said that if it is impossible to obtain funds immediately from ROME Government they should be produced by Army authorities or by AFA not chargeable against special funds but recoverable from ROME Government.
5. No 1 Special Force are authorized to meet the requirements of their own field missions out of special funds but not to finance local Partisans or Resistance Movements this being result of LONGHI'S credit agreement. Since urgent requirements by Partisans exist request ruling whether currency can be provided by Army authorities or by AFA (AFA).

G 2 summary number 150.

A. ITALY. Dispositions. Both infantry regiments of 362 Division reidentified by PW in line south of 16 SS PG Div. At present therefore only for region definitely known to have left front additional to 356 Div is 29 PG Div. latter last located 30 January in GENEVAV area between BOLOGNA and MODENA. This known to be used as rest area but may in this case be concentration area if division is to leave country. No news of 26 Panzer Division since 23 January when ground source reported it in BUDRIO area. No subsequent evidence that it has moved.

B. BALKANS. Enemy force advancing southwards from MOSTAR has blown bridges across river NERETVA at CAPIJINA and METKOVIC, thus strengthening supposition enemy objective is prevention lateral movement by Partisans around MOSTAR salient rather than permanent occupation of area.

Recent report states HQ 31 SS Division located area MARIBOR rpt MAUIBOR (?) Division formerly in Southern HUNGARY present subordination not known. All informed

As strictly an interim measure only, and in order to provide clothing and shoes to civilians employed-under your command, you are authorized to utilize class D clothing and shoes, and class X in an emergency, as organizational property.

This issue to be rigidly controlled, and each garment marked as United States Government property.

This authorization is not to be construed as blanket authority to issue such clothes and shoes to all army employed civilians, but only to those civilians where the absence of such would hamper the war effort or cause undue hardship.

This procedure must be held to an absolute minimum and is intended only to bridge the gap until civilian clothes and shoes are available through the proper civilian government agency, the Allied Commission, who are making noticeable progress in this respect

SECRET.

C 2 summary number 148.

A. ITALY. 1. No evidence any further developments on front. Long range deserter 305 MICU Div reported as stating he had seen 4 Para Div passing through IKOLA rpt DELA and 29 PG withdrawing from line. Troops of latter division had said they were going to GERMANY. Some deserter had also heard that 4 Para Div was to relieve 90 PG Div as well. Comment elements of 90 PG Div still on front but consider division among most likely candidates for return to GERMANY.

2. Movement. Heavy road movement reported by intruders Eastwards from MILAN nights 28/29 and 29/30 and some movement Northwards on roads East of Lake Garda. Not possible at present to connect this with movement any specific formation. PR of railways 28 reveals more than usual traffic Northwards on BRENNER Route. On 29 pronounced increase in rail flats seen at VERONA and VICENZA. Of nearly 300 seen at VERONA 14 believed loaded with AFVs. Comment. Consider 356 Inf Div elements of which reported moving through UDINE night 23/24 should have cleared VERONA before 29. Concentration of flats and loading seen on 29th likely therefore to be connected with additional move of possibly 29 PG Div.

B. BALKANS. 1. YUGOSLAVIA. Fighting continues area BRINJACA. Outskirts BRUJINA penetrated by Partisans by 28 January. 27 January railway SARAJEVO BROD cut north of ZENICA. Recently reported despatches of bulldozers from BROD to SARAJEVO for eventual destruction railways indicates long term preparations being made for withdrawal. So far no indications this is imminent.

Great importance is attached to the prompt discharge of cargo and the release of vessels in any PIOMBINO operation, reference PBS 1179, 27 January.

This headquarters will entertain requisitions for cargo discharging gear from ALCOM, however, the use of coal mace in preference to self operating buckets, in view of the importance of quick ship discharge, is not looked on with favor, particularly if there are self operating buckets or clam shells available from either US or BRITISH sources.

Desired also is a close estimate on the date the railway line will be in operation from the discharge quay to the main line, together with the loading track capacity for railway wagons and finally the estimated tons of coal it has been agreed should be discharged per day and whether this is an around the clock operation and whether in even of shortage of rail wagons it is planned to back pile coal

AGGAR WASHINGTON AND TROOPERS LONDON, INFO: ALCON.**SECRET.**

1. Distribution of local and imported commodities for civil population in this theatre has been a continuing problem. Maximum use of indigenous vehicles is being made, but these 5 to 10 year old trucks are in very many instances lacking in tires, tubes and batteries, as well as major repair parts. Tires, tubes and batteries, approved by combined chief of staff for procurement through service channels, have been requisitioned, and some furnished from theatre stocks. Military vehicles, to the extent of 550 trucks, 2 1/2 ton 6 x 6 and 100 trailers cargo, 1 ton, from US ARMY, and 550-3 ton lorries from BRITISH ARMY have been loaned to AG for civil transport requirements. As territory is expanded and indigenous vehicles fail through use, an ever increasing demand is inevitable as indicated by LAC airgrams 95 and 96 to combined chief of staff.

2. Certain Allied Military vehicles, including those in para 1 have, in the light of operational efficiency, outlasted their military usefulness, either in this area, or for reshipment elsewhere.

3. A. It is proposed to sell to the Italian Government, for controlled use in movement of essential supplies, those Allied Military vehicles enumerated in para 1, plus any other which it may be found necessary to furnish, and can be spared from theatre stocks or salvage.

B. The sale of vehicles to be when, in the opinion of the supreme Allied Commander, the Italian Governmental organizations have demonstrated their ability to efficiently operate and maintain them.

SECRET

SECRET
Page 2

C. It is further proposed to furnish repair parts from military sources, on a priority below the military requirements.

4. This proposal is agreed by US and BRITISH.

5. It is recommended that authority be granted to sell military vehicles and maintenance parts to the Italian Government in accordance with the above proposals.

Requisitioning of facilities by military agencies wherein civil economy is
affected is subject.

AFHQ will intervene only in such cases as are essential to maintenance of
civil economy and then only if impossible to resolve the matter locally. In all
cases where that economy is not seriously affected or in cases where the
convenience of personnel only is involved it is desired that the local Area or
