A. ITALY. 1. Enemy destroying buildings south of ALFONSINE in bridgehead east of SENIOPPTUSENIO. Possibly indicates intention withdraw behind river and enemy taking measure to improve field of fire. In SERCHIO Valley enemy launched small scale attack on Allied patrols which had taken GALLICANO and recaptured village. Probably in nature demonstration for Italian troops who have deserted to tune of some 150 during past 2 days. 2 Bn 286 GR identified indicating 148 Division continues in close support in western sector though recently mostly Italians have been in forward positions.

2. In rear areas north western ITALY continued conflicting reports of German intentions. Italian high command stated to know nothing of planned German withdrawal but prepared in this event to resist by warfare of "colonial type". Appreciate enemy probably taking out all superlative administrative units but not initiating withdrawal of fighting troops.

SECRET. G2 Summary Number 152.

A. ITALY

1. Deserter 2 Battalion 40 Jaeger Regt (42 Jaeger Div) reports Regiment has sidestepped southwards and relieved SS troops. Had heard latter were going to GERMANY. Comment. No evidence yet to indicate that more than 1 battalion of 16 SS Div has been relieved. Move possible of tactical significance only and may mean simply that 16 SS is shortening flank. On other hand enough of 98 and 362 Division uncommitted to take over remainder 16 SS divisions sector if latter is to be pulled out entirely. Insufficient evidence at present to make firm deduction. Deserter 3 Battalion 361 PGR (90 PG Div) says unit was relieved in old sector by paratroops and has in turn relieved troops of 715 Div area RILO. 200 PGR due to move in west of 361 PGR. Comment. Prisoner of evidence very specific and in contrast to vague reports of departures to GERMANY and therefore likely to be more reliable. Movement from 715 Div area worth watching.

2. Reports from NW ITALY still conflicting and reports of evacuation measures not yet supported by any verified military movements.

3. Note. Association of 29 PG Div with 356 Div in summary number 151 possibly misleading. Reference was only to withdrawal 29 PG from line. No evidence to show
