1. Cannot understand delay. UKCC reported 10 January 45 seed would be railed to port said on CAIRO'S instructions in quantities on dates stated in NEG 425.

2. UKCC now report change in forwarding arrangements and that freight reserved on vessel EL PATH for loading 2 February but vessel (presumably a Dhow) put under arrest and to avoid delay therefore railed 45 tons February 9 and obtained wagons for remaining 155 tons for railing February 15 both to ALEPPO and consigned RFO also advise MA ANKARA pressing RFO ALEPPO to expedite on forwarding port SAID.

3. It seems that change of forwarding arrangements from rail as originally planned to sea has resulted in delay afraid unable to cancel as suppliers will contend seed available on contract dates and on shipment not their responsibility.

4. Suggest you accept delivery full 200 tons storing any quantity too late for this years planting against next years requirements.

AGWAR cable W-36812, 13 February 45 is paraphrased for your information.

"BRUCE SMITH came to WASHINGTON subsequent to General SPONFORDS departure and was interviewed. He stated at this time \$1500 per month was the least salary at which he could make himself available.

We attempted to try to procure his service by letter at the current top salary plus allowances being paid in ITALY of approximately 11,600 dollars to MR ANTOLINI and requested that he recommend qualified substitute if he were not available at that salary. SMITH did not accept this proposal but made 3 recommendations:

(1) Colonel JONATHAN H HARWOOD, who has been for last 20 years Executive Officer to RHODE ISLAND State Police. He holds a Bachelor Degree from HARVARD and is highly recommended by Captain VANDERBILT USNR (former Governor of RHODE ISLAND under whom he served). His age is 52 years.

(2) Colonel LYNN G ADAMS, formerly Provost Marshal of PARIS during last war, Superintendent and later Commissioner to the PENNSYLVANIA State Police, age 60 or slightly over. Since retiring from PENNSYLVANIA Police has acted in matters pertaining to state governments war time activities as aide to Governor MARTIN.

(3) Colonel DON BAIL STIVER, for 10 years superintendent 8281 INDIANA State Police and who resigned December 1944 upon change of state administration. Was chairman of state and provisional section of

Regulations for exchange in mutilated Am Lire notes is subject.

Authority to exchange mutilated Am Lire notes in accordance with TAM airgram 3 regulations was extended in April 1944 to Banca D'Italia, Banco Di Napoli and Banco Di Sicilia. In case of mutilated Metropolitan Lire notes, however, exchanges are made at face value when area of note equals more than half a note and when serial numbers are decipherable. No exchange permitted when note is equal to less than half, with exception of notes belonging to armed forces, which are accompanied by affidavit. AFA recommends that regulations for the 2 types of notes should be bought in accord by amending TAM airgram 3 of 20 February 44 as follows:

(a) In para 2a "more than one half a note" should be substituted for "more than three-fifths of the whole note";

(b) Para 2 (b) should be deleted altogether.

FENSOUTH CITE MSGDS

COMMANDING GENERAL MPOUSA FOR ACTION, COMMANDING GENERAL FENBASE, FOOD SUBCOM
AC FOR OIC SILOS, CASTELLAMARE FOR INFO

SECRET.

No present shortage of labor at GRAIN SILOS CASTELLAMARE. MPOUSA message
FX 25824 cite NAGIS refers: GRAIN SILOS CASTELLAMARE is AC civilian stores depot
unloading 4 to 6 ships per month at irregular intervals. Manifests not always
received prior to ships arrival. Silos have stevedore contract with one COZZOLINO
who under AC policy gets all his labor from local port workers union (COMPAGNIA
PORTUALE). Union has 75 regular members, has recently added 80 special. To 24
January union furnished 20 workers, by 29 January 40 workers, by 10 February 120
workers. Increase result of repeated complaint by OIC SILOS. Committee now formed
with OIC SILOS, Union, MWT, etc to hold weekly meetings, press for continued
improvement. OIC SILOS and MWT representative favor continued dealing with union.
Past ineffectiveness of union in getting labor result of weak officials, and desire
to spread out limited amount of work to make steady employment of few rather than
sporadic employment for many. Present crew of 120 enough for 1 ship and meets problem
unless 2 ships bagged grain arrive at once. Recommend following action by agencies
named: (1) OIC SILOS to work out present plans with union locally; (2) Italian
Ministry of Merchant Marine to tell union to put on membership campaign and enroll
at least 145 new members, or lose present monopoly of port work; (3) MWT or WSA to
schedule ship arrivals of bagged grain to spread work out as evenly as possible;

B. BALKANS.

1. HUNGARY. Recent PR shows accumulations of flats loaded with MT and AFV and also unloaded at GYOR, GYORSABADI, ERSEKUJVAR and GALANTA. PR evidence suggests these concentrations caused by arrivals from REICH and not by departures. High proportion of flats may indicate arrival of Panzer or Panzer Grenadier formations.

PW captured in BUDAPEST include Commanders 9 SS Corps, 1 Hungarian Corps and 12 Hungarian Inf Div. 9 SS Corps presumed in command German garrison and 1 Corps of Hungarian contingent. 12 Div previously identified in capital. Commanders 8 and 22 SS Cav Divs which comprised bulk of Germans defence force identified among dead.
