A. ITALY. Decreased enemy activity MONTE BELVEDERE area 15117 after unsuccessful counterattacks. PWS 114 JAEGER DIVISION taken this area say they were enroute to LIGURIA but were diverted at MODENA. Story seems improbable in view of volume of reports indicating preparations for thinning out in northwest. Seems more likely that division was either proceeding to reserve area or intended to relieve 232 DIV which, according to PWS was expecting relief.

B. BALKANS. 369 DIVISION and 9 CROAT DIVISION withdrawing from MOSTAR reported reinforced by 1 Regiment 181 Division. Southeast SARAJEVO fighting continues in ROGATICA and SOKOLAC. All informed.

Review has been made of the possibility of relaxing the restrictions set out in MAT 469 and approved in TAM 424.

It has been decided that for the reasons previously given undeposited cipher facilities must continue for the present to be denied to the Italian Government but it has been agreed in principle that secret bag facilities can now be allowed the Italian Government for use in correspondence with their representatives abroad.

The Italian Government is being informed accordingly and it is requested in pursuance of TAM 363 that notification of the above relaxation be given by you to all concerned

Pricing policy.

Refer TAM 456, MOC 51.

1. TAM 456 re outlining newly established principles governing pricing of goods to be exported from ITALY, distinguishes between setting of prices on goods sent on supply basis to markets outside the country and those exported on a commercial basis. Those goods shipped on a supply basis include:

(A) All goods included on combined boards reserved commodity list and

(B) Such additional materials as have been classified as essential war materials by CANADA, UNITED KINGDOM and UNITED STATES and which, because of the shipping situation, should be procured from Italian sources.

2. Lists of reserve commodities issued by the combined food board, the combined raw materials board, and the combined production resources board are being furnished you in COM airgram 5 already dispatched.

3. Fresh oranges, lemons and other citrus, and either uncentrated or concentrated juices of citrus fruits are the only Italian products which have, up to the present time, been included in 2nd group listed in the paragraph above.

4. A plan has been set up under which any revision in the materials listed as available for exportation from supply bases will be reported

by CLAC, and as soon as these changes are submitted the information will be forwarded to you.

5. Combined boards reserved commodity lists which you requested are being forwarded this date as COM airgram 5. For your information we believe the following items only are of interest for scheduled conference on February 22nd since it is not expected that other items will be available in ITALY:

(A) From CHMB list: Hides, skins and leather, and tanning materials; cordage manufactures and cordage fibres (Manila, hennequen, sisal hemp); cadmium; zinc (concentrated form only) note: this item, however, is scheduled for deletion shortly; pyrites; silk; tin; lead; manganese.

(B) From CFB list: dried fruit; canned and salted fish; rice; tobacco; seed (vegetable and field); essential oils (see COM airgram 4, paragraphs 1 and 2 for definition); edible nuts; citric acid and tartaric acid (including tartrates); fats and oils (including oil seeds).

(C) From CFRB list: coal. Para in class 2 of category A, reference TAM 456, the following items have been agreed upon: citrus juices (unconcentrated and concentrated) and fresh citrus fruit.

G2 Summary number 169.

A. ITALY. 1. Operations. Own attack on MONTE BELVEDERE 15217 appears to have obtained considerable surprise and interrupted inter-unit reliefs in 232 Div. No unexpected identifications so far noted.

2. Dispositions. Elements of both battalions 67 PGR (26 Panzer Div) identified by deserters on SENIO Front in former right sector 98 Inf Div. Full significance this surprising move not yet clear, though possible that it will complete the release of 278 Inf Div which already rumoured to be preparing to move to Germany.

B. BALKANS. 1. HUNGARY. Northeast of KOMAROM Russians yielded some ground. Enemy gained small bridgeheads across DANUBE immediately west ESZTERGOM.

2. JUGOSLAVIA. 22 Infantry Division reported cut off in ZVORNIK. KOZLUK AND BRANJEVO in DRINA Valley. Relief columns composed elements 7SS Division reached JANJA from BIJELJINA. Consider main body latter formation still under 91 Corps in SLAVONIA.

(TRAVNIK reported captured by partisans. Enemy garrison presumably fatally weakened by departure 104 JAEGER Division.)

PR shows three fifteen centimetre guns being set up at CUNSKI on LUSSIN, thus raising total active OD guns on island to 6. Pilots also report increase in flak including 4 centimetre guns. All informed

Sitrep ABRUZZI-MARCHE Region. 1E. Contracts for rental of fields in ANCONA province prorogated for 1 year until March 1946 - without altering terms established between lessees and owners. Operation of labor offices made difficult by fact that although Minister GRONCHI has given verbal orders to increase budgets of labor offices, no authorization in writing has been received by directors of offices. 23E. 4E. 5 B. Smallpox case reported last week in PESCARA proved to be chickenpox. 67CE. 9F. Investigation being made of grounds upon which TERAMO Prefect raised brick price in Province. All mines cleared from ORTONA-PESCARA railway with removal of total of 3627 mines on right-of-way; work now being continued on line north of PESCARA. Formal opening ceremony of new tribunale at VASTO held on 15 February with representatives of various branches of ALGOM present. Civilian phone service now permitted from MACERATA and ASCOLI provinces to all points south. PESARO postal service to be opened on thrice-weekly basis for all parts of province accessible to military vehicles; remainder of province to be served by bicycle, donkey or foot as possible.

Olive oil control program now extended to four provinces - CHIETI, PESCARA, TERAMO and MACERATA. Official visit to ANCONA in connection with campaign reveals that Italian officials there ignored amassing and released whatever oil was brought in to civilians upon their own standards of propriety. Reports from CHIETI and PESCARA, first two provinces to get campaign in operation, show that road blocks are useful only in preventing large-scale removals; one road block on PESCARA-POPOLI road collected only 7 quintals in 8 months of operation. Allied vehicles often refused to stop and in one case fired machine gun at Carabinieri without injury. The 15-kilogram retentions are disapproved and "pork" reductions seem inequitable, but no popular opposition has been indicated to them. Olive oil

officers are having usual transport troubles. Each commune is being visited and the Sindaco and Parish priest asked to urge greater efforts in amassing. In CHIETI province some communes have more than 90 per cent of land in olive trees, but large numbers of trees there have been destroyed by shell fire, etc. To date 2383 tons of grain have been moved by 1002 G.T. Company to AQUILA, PESCARA and CHIETI provinces -- 689 from ASCOLI, 700 from MACERATA and 994 from TERAMO. Two platoons of 1000 G.T. Company arrived during week and are located in MACERATA: one platoon of 1000 G.T. Company previously located in MACERATA has moved to ASCOLI-PICENO. Trucks hauling grain to south now distributed as follows: 60 at ASCOLI, 60 at TERAMO and 60 at MACERATA. Program of shipment of grain by rail from ORTONA commenced today with 100 tons of grain scheduled to go this week from TERAMO to LECCE and a 100 tons to follow the succeeding week. Afterwards it is hoped to increase the shipments to 200 tons weekly unless second 100 tons goes from northern railhead such as CHIARAVALLE.

Meeting of four prefects of the MARCHE held in ANCONA on 10 February and monthly meetings planned for future. Price of 40 lire per kilo determined for meat with eggs to sell at 12.50 each and wine at 16 lire a liter. Agreement made that MACERATA province will give the other MARCHE provinces preference in the purchase of eggs and pigs, at least until next prefect's meeting on 18 March. Soap, shoes and copper sulphate were pointed out as the most pressing needs of the compartment. ASCOLI and MACERATA

to slaughter 4 per cent of meat animals in provinces for ROME, with ANCONA making a similar but only half as large concession to PESARO province. Rich farrowing of pigs in MACERATA to be used to supply other three MARCHE provinces with breeding-stock. Chief complaint reported by prefects is that farmers have to sell commodities at controlled prices and to buy clothing and shoes at black-market prices. Allotments of grain on bulk basis in the MARCHE now suspended.
