G-2 summary number 184.

A. ITALY. Nothing to report.

B. BALKANS. 1. HUNGARY. Strong enemy attacks reported repulsed by Russians northeast and south Lake BALATON. In view recent transfer 2 divisions to 2 PANZER ARMY and known location considerable armoured elements between Lakes VELENCEI and BALATON probable that enemy may attempt large scale operations against southern HUNGARY.

2. JUGOSLAVIA. Confirmation received that bulk 297 INFANTRY and 11 (?) GAF DIVISIONS transferred to HUNGARY but element still reported area VIROVITICA-OSIJEK.

Small enemy offensive reported area BIHAC-OTOCAC resulting in capture UDBINA and PRIJEBOJ. Drive based on GOSPIC and DONJI LAPAC with intention preventing JUGOSLAV north-south move. Attack however too late to prevent this taking place.

In area 21 CORPS JUGOSLAV troops nearing approaches TARCIN, only 20 miles west SARAJEVO, and GORAZDE to southeast in latters hands. Enemy thus steadily reducing perimeter round SARAJEVO doubtless as preliminary to withdrawal from whole salient.

3. AEGEAN. Enemy reported withdrawing garrisons from KALIMNOS and KHALKI and this largely substantiated by pr of shipping. This suggest that recent annihilation enemy forces VASIROS and PISCOPI is dictating withdrawal all small garrisons to larger islands. Probable however that OP being maintained on ALIMNIA.

Refer TAM 473 of 26 February this MAT 575. Civilian supplies and collection of proceeds of sales is subject.

1. ALLIED COMMISSION replies as follows to queries in your para 1.

a. Schedules of outstanding debits are submitted to Italian Government which signs receipt in following form:

"The debts in the aforementioned schedule are in respect of goods imported into ITALY on behalf of the Italian Government by the Allied nations and sold by the ALLIED COMMISSION and ALLIED MILITARY GOVERNMENT."

b. Contrary to original expectation, it has been found possible to prepare for Italian Government lists relating to each debtor, reconstructing his account AB INITIO showing details of each issue voucher and amounts paid or credited. Copy of issue vouchers are attached to each list. Consequently procedure in effect constitutes extension of present procedure of turning over imported supplies against receiving report, since each issue voucher is in itself a receiving report from customer which is taken over by Italian Government.

c. Proceeds collecté are to be retained by Italian Government in accordance procedure outlined in para 5 of MAT 411.

9645

d. This procedure will ordinarily not apply to future items because these

are turned over to agents of Italian Government against receiving report only.

c. Amount of uncollected debts to be turned over is approximately 1½ billion lire, as compared with approximately 6 billion 350 million Lire already collected and held by AFA.

2. Italian Government has agreed to A.C. proposal, and unpaid accounts totalling about 800 million Lire have already been turned over to and fully receipted by Italian Government.

Sitrep ABRUZZI-MARCHE Region. 1 E. Communists making determined bid for power in TERAMO province but are working more quietly in other provinces preliminary to the scheduled elections. Olive oil control officers report difficulties caused by recent decision more than doubling price of potatoes; oil producers expressing dissatisfaction and stating that if potato producers are entitled to the unwarranted rise in prices, oil producers should receive a similar increase.

2B. Eggs ordered amassed in ANCONA province at rate of 2 eggs per hectare per month to supply hospitals, military and civilian population; this order termed "experiment". Increase in bread ration has caused sharp increase in tonnage required to be imported monthly by 3 deficiency provinces; total now necessary is 5435 tons, which is beyond the feasibilities of the present transport by Gt Company; this is divided as follows: PESCARA, 1400 tons, CHIETI 2000 tons, AQUILA 2035 tons. Total of 74 communal soup-kitchens being set up in areas devastated by last winter's front line; 47,000 persons to be fed immediately total of 94,000 ultimately; these kitchens being operated by Vatican, 6 in PESCARA province, 21 in AQUILA and 47 in CHIETI. Provincial supply officer of CHIETI-PESCARA comments on soup kitchens, "You can lead people to a bread line but cannot get them to eat green pea soup; they prefer pasta to vitamins". Total of 51,000 eggs, 4 tons of flour and pasta, 13 tons of olive oil taken at CC.RR. road blocks in ASCOLI and TERAMO.

RENCE provinces, with ANCONA providing breeding cattle and alcohol and FLORENCE contributing textiles, arranged. Shortage of sacks now blamed for restricting export of grain from MACERATA. Total of 3100 tons of grain now have been moved by 2 Ot Companies; 102 tons shipped ORTONA to LECCE by rail past week. Harvest collection figures for week ending March 3rd:

4A. Several prosecutions for failure to amass oil under way in ASCOLI province against big producers.

5B. Scabies prevalent over whole region because of soap shortage. 11 typhoid cases reported in TERAMO province but victims are chiefly in one family.

6 7A. Refugees from LIVORNO, unsatisfactorily housed at CAMERINO, have now been moved to ASSISI. FERMO Refugee Camp to remain open even

if military personnel are moved north.

BB. Controlled prices of all commodities gradually rising, but without causing serious apprehension. 9F truck pool No 8 opened in PESARO city with 25 trucks ; Truck Pool No 7 moved to ANCONA city from FANO. Vehicle registration for ENAC going at good rate. Clearance of bombed buildings in porto CIVITANOVA and SAN BENEDETTO under way. 30 per cent of books in ANCONA'S Museo Nazionale destroyed by war. Orders have been issued by Area Command and by Sindaco at ANCONA aimed at preventing use of parts of pieces of historic buildings for repairs and temporary structures. Repairs to Cathedral roof at OSIMO completed. Scientific faculties at universities of CAMERINO and URBINO lack new journals from outside world, therefore are far behind times in instruction. Recent literature along political lines also desperately needed by law faculty at MACERATA. Regional supply accountant now accounting for all transfers of goods from part of ANCONA to all provinces of region instead of only to ANCONA and PESARO provinces as in the past. American films much in demand and very popular in ABRUZZI provinces, outdrawing other products in the area by large margin.

Railway repair work is most important factor after military employment in preventing serious unemployment crisis in region at present time. Most important work is being done on coastal railroad ORTONA-ANCONA. FERMO-AMANDOLA railway to be open shortly. Work also progressing slowly on roads in AQUILA province. MACERATA now has 29 small industries in operation, 35 others in course of repairs after visit of AFHQ representative who is now working in ASCOLI. CECCHETTI

Second mine clearing training course in ARNUZZI begun this week. There now have been a total of 255,600 mines cleared in CHIETI and PESCARA provinces and about 750 tons of explosives recovered. Work still hampered by lack of transport and of winter clothing. Despite another life lost in mine-sweeping unit morale is being kept high by attention of commanding officers to housing, recreation and sanitary condition of troops used.

BRUCE SMITH is subject. General NELSON has received a reply to his personal letter to SMITH of which you were informed in SPOFFORD'S letter of 14 February. SMITH states that if you ask him to reconsider he will give the matter careful consideration. While the tenor of his letter is not encouraging, believe you should approach him again. If his difficulty or reluctance to accept appear to be no less than on the first try, we are disposed to let the matter drop and to request one of the names suggested by SMITH. His letter states that he believes that 2 of them would be available. Grateful you ascertain <u>while</u> (which?) (where?) these are and forward your and SMITH'S recommendations based on further discussion.

G-2 summary number 182.

A. ITALY. Wounded prisoner and deserter 2 company 15 GRENADIER Regiment taken L6235 states both Regiments 29 DIVISION going into line this morning. Dead Lieutenant 71 REGIMENT found MONTE GRANDE (L5826). Therefore appears 29 PANZER GRENADIER DIVISION relieving 232 DIVISION, BCO elements 1045 REGIMENT contacted L6422. Considerable movement behind front including unspecified number motorcyclists and bicyclists moving south at L 6033, and general movement southwards SESTOLA-FANANO area. 300 prisoners through 5ARMY cage 24 hours to noon today. Obvious both 114 and 232 DIVISIONS disorganised and severely weakened during recent and current operations. Some abnormal vehicular and troop movement observed sectors 148 and 305 INFANTRY DIVISIONS, probably indicating local reliefs. No further information 90 PANZER GRENADIER DIVISION. Correction to summary number 181. In 7th sentence read "and all 3 REGIMENTS 232 DIVISIONS", not as sent.

B. BALKANS. JUGOSLAVIA. Elements 7 SS DIVISION PRINZ EUGEN reported area ZENICA 4 March. Formation last located north of SAVA but PR reports of activity BVOD (see G-2 summary number 180) probably accounted for by this move. Probable however at this stage only advanced units arrived ZENICA. Elements 1 HRCAI assault division formerly in area BJELOVAR also reported moving via BROD into BOSNA valley
