This is LAC 1053.

Hemp is subject.

In order to fill both military and minimum essential civilian requirements for hemp it is estimated that approximately 25000 tons will be required during the harvest season 1945-46. Of this amount approximately 10000 tons of long fiber hemp is military requirement.

This program necessitates the planting of 25000 hectares with an estimated yield of 1 ton per hectare. The Italian Government has recommended that prices to the grower should be radically increased to stimulate planting. This would create an undesirable preferential price which would probably result in comparable price increases of other crops, including wheat, and might also cause a reduction in areas planted in food crops.

To determine the advisability of taking steps such as foregoing, which are otherwise economically undesirable, would appreciate advice as to whether hemp still carries as high priority as formerly in view of present opening up of certain hemp producing areas in SOUTH PACIFIC.

IN CLEAR

Sitrep ABRUZZI-MARCHE REGION. 1C. Demonstrations during past week both in ASCOLI and AQUILA provinces. Heads of Consorzio Agrario, Sepral and Consiglio dell'Economia at ASCOLI resigned after minor communist-led demonstrations in font of the Prefettura and their homes. Communists obtained permission to stage the demonstration protesting food rations at AQUILA. It was aimed at being first of a series of demonstrations to follow departure of Allied officers. Crowd en route to Prefettura met head of Alimentazione on street and cuffed him, causing no injuries. Several of the demonstrators had strong Fascist precedents; the larger part of the crowd was communist. Some demonstrators expressed surprise to find Allied Commission officers still at Prefettura. AQUILA Provincial Commissioner also reports that RIETI area farmers who amassed potatoes at the old price have been beating up farmers amassing at the new price of 16 lire; Allied Commission being blamed for new decree. Deputation believed to be on way from RIETI area to AQUILA to protest against imprisonment of farmers who failed to amass at old price.

2B. Olive oil ration reduced to level of one liter ever 5 months. Political price of bread and pasta abolished in military government provinces of region on 12 March. Total of 300,000 eggs exported from

10079

Dec on

L 4913

MACERATA province to ROME at price of 16 litre.

3 S. Increased ration creates almost impossible situation for transport into ABRUZZI provinces with present facilities, to say nothing of discussed possibility of removing 1 Gt Company. Total of 3530 tons of grain moved to ABRUZZI region so far by 1002 Gt Coy and 1511 tons shipped by rail from MARCHE railheads to ROME from 26 February to 4 March against quota of 1500 tons. 1004 Gt Coy also shipped 647 tons of sulphur during period 26 February to 4 March. Grain and olive oil collections for week ending 10 March:

4 B. Increase of 100 per cent shown in Summary Court cases in ANCONA in February, largely theft and possession of Allied property. 6 7 8 B. 9 F. Thrice-weekly bus service from ANCONA to SAN VITO CHIETINO was begun on 1 March, greatly expediting postal service within region. Blocking of accounts of communes in ASCOLI which were

10073

in arrears on budgets has proved very successful method. February revenues in Marche provinces higher than in same month last year. All forms of post-office accounts and deposits rising recently. Recently completed survey shows at least 1000 bridges out in PESARO province, of which 842 have been definitely located on map prepared by Genio Civile. Restoration of transmission lines rather than generating stations is now chief electrical problem of region and will continue so until dry season according to regional engineer.

Comments on schools. Total of 43,091 school lunches now being served in region; largest number is in AQUILA province where 13,510 are being served; figures for other provinces: ANCONA 6917, ASCOLI 1916 CHIETI 5000, MACERATA 2286, PESARO 5025, PESCARA 1597, TERAMO 3800. Largest efforts to extend system now being made in PESCARA province. Attempts being made in CHIETI province to change school lunch menu to powdered milk and bread, thus eliminating need for cooking equipment and fuel. All PESCARA city schools now have been reopened despite war damage. Union of school teachers has been organized in CHIETI and its members are threatening to strike for higher wages; regional education officer believes movement may spread through other ABRUZZI Provinces.

Monuments in ANCONA and PESARO. Civilian committee or "Rebirth of City" of ANCONA now formed and working there in face of almost impossible task after 130 air raids and 2 naval bombardments. Damage to S. MARIA DELLA PIAZZA and Chiesa del GESU already repaired there with restoration of Duomo just begun. Scaffolding for last work on vault of BASILICA at LORETO now erected. Good progress being made on clearance of rubble and emergency repairs of monuments at FANO. Roofs on S. FRANCESCO and the MALATESTA CASTLE at PESARO have been repaired and wall

10077

breaches temporarily closed. PALAZZO DUCALE at URBINO now cleared of troops and picture gallery is being rearranged though most important works are now inaccessible.

Commendation given to AVVEZANO CARABINIERI who made 12-hour march through snow to reach stranded EAP truck on 5 January, rescuing British soldiers snow-bound there and then guarded lorry in weather as cold as 20 below zero centigrade until 15 January.

AQUILA soccer team defeated British Military team composed largely personnel this region by 3 to 1 score on 11 March. Colonel FRENCH was referee. Star of game was Sgt J. H. H. SUTHERLAND, professional goalie in ENGLAND.

G-2 summary Number 189.

A. ITALY. 1. Small counterattack on MONTE SPIGOLONO ? L4309 broken up by own artillery. No identification of troops engaged but ELTS 114 JAEGER DIV and 4 MOUNTAIN BN previously identified this area. Remainder of front quiet.

2. Long range deserters 190 ARTY REGT confirms earlier supposition 90 PG DIV in area northeast of BOLOGNA. Division constitutes enemys only battle-worthy reserve south of PO. Some slight indications enemy may be attempting to remedy this by further reshuffle of responsibilities in ADRIATIC Sector. Both 4 para and 362 DIVS suspected of extending their sectors but no firm evidence yet what formation if any is to be squeezed out.

3. NORTHWEST ITALY. Continued evidence of replacement of units 5 MOUNTAIN DIV by MONTE ROSA DIV and assembly of former in area MILAN. This possibly preparatory to transport away of 5 MOUNTAIN DIV, but in view of enemys evident decision to stand firm on main front and present thinness of his reserves there possibility of 5 MOUNTAIN DIV appearing south of PO be excluded.

B. 1. HUNGARY. Enemy attacks continue northeast of LAKE BALITON and according Soviet communique fighting taking place east of lake. Enemy claims bridgeheads across lower DRAVA being maintained against strong Russian and Bulgarian attacks. These no doubt identical with recent crossings at DONJI MIHOLJAC and OALPOVO (see G-2 summary number 188) in which elements "297 INFANTRY and 11 GAF DIVISIONS believed

taking part. Pontoon bridges reported established by enemy DONJI MIHOLJAC and FERDINANDOVAC. Latter east of DURDEVAC.

2. JUGOSLAVIA. According unconfirmed report 1 of 2 battalions 104 JAEGER DIVISION operating under 15 MOUNTAIN CORPS left BIHAC for SUNJA. Other battalion remains BIHAC. Remainder division reported area LAKE BALATON. Though location not yet established by ground identification recent train movement through ZAGREB may have been connected with move. 800 reinforcements reported landed CHERSO enroute LIJSIN. Enemy counter attacking east of SARAJEVO where JUGOSLAV forces within few miles of town.

3. AEGEAN. Night 6/7 March approximately 150 German and Italian troops attempted raid DIMITROULINA rpt DIMITROULIANA village CRETE (B3537) east of enemy perimeter. 4 GREEK civilians interrogated as to British strength and food supply on island. Raiding party turned back by andartes rifle fire.

(Reference TAM 481 this is MAT 583)

Agency to exercise Italian Foreign Exchange Control is subject.

Para 1. In course of the long discussion with Banca D ITALIA and Treasury, Allied Commission proposed that Banca D ITALIA be the operating agency in foreign exchange for account of Treasury and under Treasury direction in matters of policy substantially as recommended by you in TAM 481.

Para 2. However, Italian Government and Banca D ITALIA have decided to proceed as follows: Istcambi is being liquidated and, as reported in MAT 541, will be replaced by an autonomous agency working closely with the Banca D ITALIA for account of the Treasury and under the direct control of the principal officers of the Banka D ITALIA and the Treasury. This autonomous agency will be a corporate body of which all capital shares will be owned by the Banca D ITALIA. This has been a common procedure in the Italian Government; for example, Banca D ITALIA has 3 such corporations for such purposes as industrial and agricultural credit. It is felt, therefore, that the Italian proposal substantially meets views as stated in para 1 above.

Para 3. As stated in MAT 554 CAS some of personnel of Istcambi are in German controlled ITALY; many who remained behind are suspended and awaiting epuration hearings.

Cont.

(As noted).(Finance Sub-Commission AC report for July 1944. 28 officials were suspended before the restoration of ROME to the Italian Government.)No personnel will be transferred to new agency unless they have been cleared by Epuration Commission. Italian Government has been informed retention of the name Istcambi is considered undesirable and expressed no interest in retaining old name.

SECRET. G 2 summary number 188.

A. ITALY. Nothing to report.

B. BALKANS. 1. HUNGARY. Russians report small penetrations made by enemy in some sectors Northeast Lake BALATON.

Roumanian GS identify 92 SS Cavalry Regiment of SS "VOEGELEIN" Cavalry Division in HUNGARY. VOEGELEIN presumably error for FEGELEIN. Senior SS officer previously connected with SS Cavalry and high figure shows new division must be numbered above 31 SS the last to be identified in Southeast EUROPE. Regiment is made up of 6 squadrons and contains Hungarians, Croats, Slovenes and Germans.

Russians suggest 3 Armoured Divisions located South Lake BALATON but state information should be treated with reserve. No other confirmation this report.

2. JUGOSLAVIA. Successful crossings of DRAVA by small number enemy troops reported at D MIHOLJAC and VALPOVO. Operations appear to be on small scale and presumable subsidiary to future major effort by 2 Panzer Army.

14 SS Regiment reported east TRAVNIK but probable that both Regiments 7 SS Division located BOSNA Valley. As result these reinforncements withdrawal route through BUSOVACA and ZENOCA reopened by enemy. In immediate vicinity SARAJEVO, perimeter further narrowed down with occupation SOKOLAC, PRACA and PODGRAB by Jugoslavs. 181 Infantry Division reported holding SARAJEVO itself, doubtless preparatory to withdrawal

B. BALKANS.

1. HUNGARY. Soviet communique again refers unsuccessful strong enemy infantry and tank attacks northeast and south LAKE BALATON. Now seems little doubt that enemy making determined effort regain ground SOUTHERN HUNGARY.

Four Panzer Corps and Panzer Corps FELDHERRNHALLE recently identified army group south. Former is ex central front and latter now identification. 24 Panzer Division previously in army group south now carried East Front unlocated.

2. JUGOSLAVIA. East of SARAJEVO, ROGATICA evacuated by enemy 7 March, thus further reduces 21 corps salient

Requisitions referred be CCAC to CLAC. Refer to FAN 487.

1. Have throughly surveyed requisitions which Combined Liberated Area Committee formerly received from ALLIED FORCE HEADQUARTERS and which were turned over to Combined Liberated Areas Committee CCAC. Although MOC 27 stated Government of ITALY had approved requisition MCS-214, which is CLAC (S) I-8, it is our opinion that this requisition should be withdrawn in its present form and again presented to ALLIED FORCE HEADQUARTERS as an entirely new requisition. Similar procedure should be followed in connection with the outstanding remainder of requisition MCS-216, CLAC (S) I-5 for 20,000 KW. Combined Liberated Areas Committee (Supply) has not acted on 2 above orders up to the present time.

2. MOC 20 cancels CLAC-I-7. There is no further action necessary on CLAC (S) I-1 and I-6.

3. Since CLAC requisitions 2, 3, and 4, action on which is still incomplete, had already reached the point where acquisition of supplies had begun, they will be handled in the usual CLAC (S) manner. This should not, however, be regarded as

A. ITALY. 1. Front generally quiet except for some increase in arty fire in CASTEL D'AIANO sector L62. Lack of contact and PW evidence indicate enemy giving up salient in VERGATO area which is now overlooked by Allied forward positions. All major units 29 PG DIV now identified CASTEL D'AIANO area. No evidence that any overall relief taking place but some units of 114 and 232 DIVISIONS almost certainly being pulled out for much needed reorganisation.

2. Road and rail movement north towards BRENNER and TEVISO suggest major troop movement in progress. This possibly connected with 715 DIV which since withdrawal from line has not been reported in any of familiar rest and reserve areas.

B. BALKANS. 1. HUNGARY. No progress reported in enemy attacks south and northeast Lake BALATON.

2. JUGOSLAVIA. Reported troop train movement ZAGREB-VARAZDIN 22-23-24 February totalling 40 trains together with similar road movement 24 February suggests move of major formation taking place. No identifications yet received though 104 JAEGER DIVISION whose present location uncertain may be concerned. HR of 28 February mentioned in summary number 178 possibly refers.

Elements 7 SS MOUNTAIN DIVISION reported crossed SAVA towards DERVENTA night 27/28 February thus confirming previous reports this formation moving southwards from SLAVONIA into BOSNA valley. Despite
