G-2 summary number 194.

A. ITALY. 1. OPERATIONS. Nothing to report.

2. DISPOSITIONS. 26 PANZER DIV now believed to have taken over former left sector 4 PARA DIV following latter's shift westward. Conclude 334 DIV now wholly out of line. 29 PG DIV still identified in line CASTEL D'AIANO area but according to PW expects relief and transfer as reserve to SENIO front. Relief believed by PW to be Italian but apart from absence any evidence of Italians moving into this area consider German command unlikely to risk Italians here. Reappearance of 232 DIV after hasty rest and refit seems more likely.

3. NORTHWEST ITALY. Both Regiments 5 MOUNTAIN DIVISION identified on ALPINE front.

4. GENERAL. CB intelligence reports considerable decrease of guns on front between route 9 and coast. This not necessarily indicative of an enemy intention to false-front, but in view of recent thinning of front and enemy's general nervousness consider he may be making preparations for a forced withdrawal of SILLARO or even GENGIS KHAN position.

B. BALKANS. 1. HUNGARY. Russians report tank attacks area LAKES BALATON-VELENCEI slackening due enemy's recent heavy losses.

2. JUGOSLAVIA. 14 SS DIVISION reported in action against JUGOSLAWS west of railway CELJE-DRAVOGRAD.

Page 2

15 CORPS reported employing 10 Battalions area UDBINA-KORENICA, southwest BIHACKHMA and this interfering with movement of JUGOSLAV Forces from interior to coast. Back of enemy concentration from 373 and 392 Germano-CROAT DIVISIONS.

Enemy reported moving all technical equipment and material from SARAJEVO towards BROD 14 March. East of TRAVNIK, JUGOSLAV forces retaken VIBEX and once again threatening outskirts BUSOVACA and LENICA .

1. Present working figure of maximum wheat acceptance in GREECE is 15000 tons monthly against total wheat requirements. Due to increasing requirements for civilian feeding in all theatres it has become apparent that unless you take immediate action to develop additional bulk unloading facilities producer countries will be in a position in which it will be most difficult if not impossible to provide enough bagged wheat or flour to meet all your requirements. Request you advise immediately what action you can take to increase your bulk facilities. What daily rate of discharge could be achieved if in case of absolute need it were necessary to use bags from your present imports of bagged wheat to bag imported bulk wheat either in ships hold or ashore.

2. Request Greek Military and Adv Yugaid advices to arrive AFHQ by 18 March of maximum quantity of bulk wheat you can accept by ports during each months arrival from May to August inclusive with any draft limitations.

G-2 summary number 192.

A. ITALY. 1. OPERATIONS. Successful small scale enemy attack south of IMOLA. No other offensive activity of note.

2. EXTENSION. Westward of sectors 4 PARA DIV and 278 DIV confirmed by abnormal activity also noted in 1 PARA DIV sector. Effect of this may be to concentrate 334 DIV on narrower front or alternatively to allow of divisions withdrawal either to swell reserve south of PO or in preparation for transport away. Evidence not yet sufficiently strong to justify any definite conclusion, but doubt whether movement away of 715 DIV far enough advanced to allow enemy to cope with new transport commitment. Therefore seems more likely that 334 will be held at least temporarily in general reserve.

B. BALKANS. 1. HUNGARY. Fighting continues area northeast LAKE BALATON but no substantial progress made by enemy. Rumanian General Staff reports 53 PANZER DIVISIONS ADOLF HITLER and TOTENKOPF identified this sector by 11 March, last located north of DANUBE.

2. JUGOSLAVIA. Further confirmation received 297 and 11 GAF DIVISIONS taking part in bridgehead DONJU KINHOLJAC-VALPOVO. 104 JAEGER DIVISION also reported this area. Now appears clear bulk of these 3 DIVISIONS not transferred to 2 PANZER ARMY south LAKE BALATON as previously believed.

JABLANICA, south of SARAJEVO reported retaken by enemy and heavy fighting continues TARCIN. Enemy thus endeavouring prevent further advances by JUGOSLAVS **toward** withdrawal route northwestwards through KISELJAK. (Dist on back)

3. As stated ONT/90634 CYRENAICA placed in embarrassing position. OMAR PASHA naturally expects to be allowed use or exchange currency given him by BRITISH authorities. Grateful therefore your approval exchange by Administration for Egyptian Pounds at 97½ of full £3250 BMA.
4. Understand there is likelihood several more Arab personages important and otherwise being repatriated near future to TRIPOLITANIA and CYRENAICA from ITALY where they were taken originally by ARIS. They have between 5 and 100 thousand lire each which they want bring with them or translate into currency of territory of destination. Am suggesting they purchase jewellery precious stones etc in ITALY which they could sell on arrival. It will be difficult to persuade them leave all their lire in ITALY however and there may be cases requiring special treatment. Should be grateful your authority exchange up to 100,000 lire any one person into MAL or Egyptian Pounds where political consideration make such course strongly desirable in authentic cases.

This is MAT 587.

Desequestration of UNITED NATIONS Property in ITALY is subject.

1. In October after considerable discussion, AC and Italian Government reached agreement on decree of desequestration of UNITED NATIONS Property. Decree was approved by Council of Ministers of 24 January and published in official gazette on 27 February, 1945. Copies of decree have been transmitted to LONDON and WASHINGTON by UK and US Embassies in Rome, and publication of supplemental decree by which application becomes effective was delayed with thought that views of 2 governments might be received.

2. On 3 March War Office advised this headquarters that decree of 24 January was considered seriously prejudicial British interests and requested suspension of publication of supplemental decree until considered comments could be forwarded. In view of FAX 487 the AC did not request the Italian Government to suspend publication of the supplemental decree, but the British Embassy, on the basis of a request it had received from the FOREIGN OFFICE, did arrange for suspension.

3. It is understood that the substance of the UK Government's objections to the decree of 24 January is that article 8 and certain other passages appear to prejudice the terms of final settlement between the UNITED NATIONS and ITALY and that pending such final settlement all ordinary expenses of UNITED NATIONS property in ITALY should be advanced by Italian Government in cases where the property is not self-supporting subject to final arrangement under the terms of the Peace Treaty. A further consideration is

understood to be that the interests of other UNITED NATIONS GOVERNMENTS will thereby be reserved so as to permit an expression of their views at the time of final settlement.

4. In view of the questions of policy raised by the UK Government your instructions are urgently requested. In this connection refer final paragraph MAT 557 in which instructions were requested as to role of AC in connection with property control
