Reur 79195 CA 2B of 23 March.

Noted with satisfaction you agree to receive Italian Police experts but request that visit be not delayed until June and that it be authorised for earliest possible date before then.

Reasons are:

(A) Some 8000 sets fingerprints already collected and numbers likely to increase rapidly. The longer the visit to ENGLAND is delayed the greater will be numbers of prints which will have to be reclassified if "HENRY" system is ultimately adopted and process of transition will become progressively more difficult.

(B)Formation of modern criminal record system much easier if undertaken immediately rather than when large number of files have been accumulated. Moreover plans for general reorganisation Italian Central Criminal Record Office and provincial offices must remain in suspense pending the result of visit.

Request in light of above you state soonest date on which you can receive the mission

This confirms telephone conversation with General SPOFFORD.

SAC at conference this morning expressed concern at reported recent outbreaks of labor difficulties, particularly strikes effecting 693 base manufacturing workshops and 750 base workshops in vicinity of FORTICI involving an aggregate of over 4000 workers. SAC directed that you should advise Italian Government of these strikes and request Government to take necessary steps for their immediate termination making clear that return to work is a condition for negotiation which we will then be prepared to undertake. You should represent that stoppage of work is directly prejudicing military operations, a state of affairs which must be regarded as intolerable by SAC and Italian Government. Desired to discuss general conditions which have led to these and other labor difficulties with you in near future.

Analysis of my bread price figures follows:

Price flour 13.965. at 125% price bread per kilo is 11.192. Plus baking cost (per kilo bread not flour) 7.78 equals 18.972.

SEPRAL AGRIGENTO quotes me following price flour free on board PONTO EMPEDOCLE: 1507 per quintal charging LAMPEDUSA with freight. SEPRAL also calculates 122 bread for 100 flour. SEPRAL quotes pasta 18.80 fob PONTO EMPEDOCLE. When freight and other charges added to these SEPRAL prices increased would be unreasonable.

Circular regarding few prices bread pasta not received at LAMPEDUSA.

Sixteen ABRUZZI-MARCHE Region. 1 E. Provincial offices in AMATRICE closing on 25 March with rear parties being withdrawn on 31 March. Numerous officers of region fear victimization after Allies' departure of Italians who have loyally worked with Allies to make possible return of Provinces to Italian Govt; similar victimization of persons who co-operated with Allies occurred when this region came up CAMPO-BASSO Provinces; this time situation seems most likely to occur in CHIETI where there have already been indications of possible victimization of UMBRA READ, Dott DE LAURO, because of his assistance in olive oil assessing program. General improvement in revenue collection and in regularity of submission of budgets shown in all MARCHE provinces.

2E. Total of 4000 tons of grain so far moved by 1002 Gt Company. Total of 1300 quintals of tomato paste allocated to population of PERUGIA province by Italian authorities from local stocks.

3E. Approximately 1 ton of calcium carbide has been received in region from U.S.A. TERNI. Total of 5520 pairs of canvas shoes allocated to 6 ABRUZZI-MARCHE Provinces (all except CHIETI and TERAMO) by Italian Ministry. Grain and olive oil collections for week ending 24 March:

pair work done directly proportional to materials which can be placed on the site. Contract for maintenance of highway 16 ANCONA-PESARO, most important road in East ITALY, has been let but difficulty has been encountered getting railway cars to transport contractor's equipment from ROME to ANCONA.

PESARO province now receiving 500 KW of electric power as result of recent completion of ANCONA-FANO-PESARO line. Repairs of SANTA CATERINA power station completed and 400/500 KW DC provided for operation of PORTO SAN GIORGIO - ASCENDOLA railway. G2 summary number 202.

A. ITALY. Nothing to report.

B. BALKANS. 1. HUNGARY. Roumanian GS report (see G2 summary number 201) confirmed and even greater progress made by Russians. With capture of VESZPREM whole of enemy salient pushed back and line now runs west of VESZPREM and XITC thence curving northeast to Danube 10 miles east of AROM.

2. JUGOSLAVIA. Jugoslavs now in western part BIHAC where enemy reported burning stores. HRA bridge also in Jugoslav hands and fall of town believed imminent. 24 March Jugoslav troops from north and south converged XRDX, west of BIHAC. Places captured include RIPAC (WP5477) and XAVALJE (WP4579). Main road BIHAC-BOS KRUPA cut west OSTROXAC (WP5292). So far no sign enemy reinforcement arriving.

Reports from SARAJEVO area suggest 181 Infantry Division now withdrawing towards BROD. 800 MT reported moved north between 17 and 24 March and on 24 March air RECCE showed troops and MT moving SOKOLAN-SARAJEVO.

"MARINO says application suspending services dependent on consideration that suspension due to acts beyond control shall not prejudice concession and that if Ministry grant request obviously it will be without prejudice to concession. Also says that after suspension and liquidation of personnel there should not be any payment of salaries except to few persons appointed for care and custody but that this cannot be guaranteed.

PAPPALARDO states it will cost lire 90,000 per month for salaries when the railway is on care and maintenance basis.

Shall we file application to place on care and maintenance basis."
