HACKHAM from CAIRNS original calculations for milk referred your 212 two million children three hundred thousand mothers. Factors used in substitution whole milk were for dried skim 10.6 to 1 evaporated 2 to 1 condensed 2.2 to 1. Daily rations of skim milk in ounces were children 0 to 3 years 2.5 children 3 to 15 years 1.8 mothers 1.8. Thus monthly skim milk requirement 4060 metric tons. We succeeded in procuring moderate quantities condensed and evaporated milk and programmed these in lieu dried skim. Shipments first quarter 1945 less than indicated 25th October document solely due lack shipping space. Despite WFA continued assurances adequate dried skim would be available when we ready ship large volume we now informed permitted procure second quarter 1945 only 12.5 million lbs against our requirement that quarter 57 million pounds. We have in addition however about 20 million pounds unshipped balance our first quarter 1945 allocation but WFA tentatively states less than one half this balance physically available to us. Consequently we are programming second quarter 1945 shipment ITALY about one half 25 October target tonnages. Evaporated and condensed milk continue extremely short supply. Thereforre poor prospect programming second quarter more than half January March programme dried whole milk unavailable second quarter

ACTION: ALL MAT ADDRESSEES , HQ ALCOM HOME

CONFIDENTIAL.

This is MAT 638. Reference TAM Airgram 41 of 21 March.

Proposed amendments to General License 32 A agreed in principle, but certain difficulties must be overcome before amendments can be implemented here.

A. Remittance communications at present are channelled through Military Postal Service and handled by AFA, or other military and naval personnel acting as censorship officers. It is intended to switch the remittance traffic over to civilian postal channels earliest possible, and Allied Civil Censorship is already prepared to handle traffic. The Italian Government, however, has not yet issued appropriate decrees recognizing the US proclaimed on UK statutory lists and has not yet instituted an acceptable system of licensing of transactional communications to US falling within categories authorized in TAM 420. Both of these steps are regarded by this headquarters as essential to the establishment of effective Italian control over external assets required by TAM 420.

B. As soon as above licensing system has been established, it is considered Italian Government must issue a general license for all communications between ITALY and US and UK. Connected with personal remittances in order to avoid administrative burden involved in special licensing.

2318

CONFIDENTIAL

CONFIDENTIAL

CONTINUATION PAGE 2

FX 60967

C. As to final sentence of paragraph 3C of reference, at present Italian Government is confining remittances to three banks and it appears unlikely that other Italian commercial banks will be admitted until all ITALY is liberated. Until then it may create confusion not to specify Italian banks authorized by Italian authorities to effect remittances

G-2 Summary number 223.

A. ITALY.

1. No further counterattacks since noon yesterday against SILLARO bridgehead but resistance still stubborn. All 3 regi-
ments 278 Div now identified this area and presume 98 Div wholly
relieved since LO contact reported last 36 hour. Latter has
yielded over 1400 PW and will need rest and replenishment. Further
south 4 Para Div apparently hustled back on axis route 9 and our
troops seized bridge intact at M 1539. 800 PW taken yesterday 8
Army front. Total since beginning of offensive 4800.

2. West of Castel D'AIANO enemy resistance continues fairly
heavy. 520 PW up to noon today. 114 Jaeger, 232 and 334 Divi-
sions all identified.

3. General. Enemy fighting tenaciously on SILLARO line but
still has no worthwhile counterattack force. Move across of 90 PG
even less likely now that 5 Army attack has been launched. Can
still bring down remainder of 29 PG Div but unless this arrives
quickly enemy's tenure of SILLARO line unlikely to be more than
temporary.

B. AUSTRIA. Northwest and north VIENNA Russians captured HOHENAU (S 74), OBER SULZ (S52), BAD PIRAWARTH (S52), KRONBERG (S 41) and PUTZING (S 41). West of capital HERXOGENBURG (W 89) and BOHEIMKIRCHEN (W 98) also taken.

C. YUGOSLAVIA. Enemy withdrawal from SREM area, Eastern YUGOSLAVIA, well under. OSIJEK, VUKOGAR, VINKOVCI and CERNA (S 663) in Yugoslav hands.

In western CROATIC, SLUNJ (RK 21), PRIMISLUE (RK 1522) and TOUNJ (RK 02) captured by our Allies. Reo-occupation SLUNJ indicates 104 Jaeger Div already passed through on way to KARLOVAC East of FIUME, IOKVE (R 654) and BRXIA VODICA (R 644) under Yugoslav attack and in coastal area unconfirmed report states NOVI CRIKVENICA taken.

Currency conversion of 300 repatriates arrived TRIPOLI(1).

1. BEMA TRIPAREA advised Allied Commission in BMAT/1216 of 31 March 1945 that 300 repatriates arrived TRIPOLI in possession of receipts for about 31/2 million lire impounded before departure and requested information on how funds were being despatched and when they could be expected.

2. HQ ALCOM replied to BEMA TRIPAREA in 4714 of 4 April that instructions were awaited from War Office on reimbursement procedure, and if no other plan was evolved lire would be deposited in Banca d'ITALIA or Banco di NAPOLI and individual deposit receipts would be sent to TRIPOLI for distribution to persons holding temporary receipts.

3. BEMA sent back BMAT 1232 of 5 April to Allied Commission objecting to deposit of fund in Banca d'ITALIA or Banco di NAPOLI and request that cash be transferred through army channels by deposit with BCPO in ITALY against out payment in TRIPOLI on signal authority and that nominal roll be sent showing amounts to check against receipts before payment. This procedure is unacceptable to this Hq without your approval because it ignores foreign exchange aspect of transfer from Italian lire to British Military Authority lire.

Ref your 5023 policy set forth in telegram has been discussed with 5 Army Labor Control and AMG Labor Officers 5 Army and opinion is that the wage reduction set forth will interfere seriously with 5 Army operations. It has been the practice for 5 Army service units to carry forward several thousand civilian workers most of whom have been with Army for long time and have been trained in Army technique. These civilians have replaced military personnel and have in numerous instances become indispensable. If now told that the next move forward means reduced wages it will seriously affect morale and will cause inestimated number to leave Army employment. Request application of policy to 5 Army area be deferred pending further study.

Currency problem in BOLSANO and TRENTINO is subject.

1. Indications are that Germans have treated BOLSANO and TRENTINO in Northern ITALY as part of GERMANY (AUSTRIA) and have introduced Reichsmarks. Not known what composition of currency circulation is at present.

2. Until Reichsmarks can be withdrawn should we declare exchange rate between lire and marks and if so should rate be ten lire per reichsmark. It is planned to call in all Reichsmarks in exchange for lire at earliest opportunity, but metropolitan lire may not be adequate in volume unless new supplies are uncovered in North. In such circumstances call in of reichsmarks would have to await arrival of new currency, unless A.M. lire are to be used. Your views requested soonest.

Following is quote of AGWAR cable 13 April which is General Order 29 War
Department announcing death of the President.

"GO 29 War Department, WASHINGTON, DC, 13 April 1945.

1. The following Order of the Honorable HENRY L STIMSON, Secretary of
War, announces to the Army the death of FRANKLIN DELANO ROOSEVELT, President
of the United States:

It is my duty as Secretary of War to announce to the Army the death
of FRANKLIN DELANO ROOSEVELT, President of the United States, which occurred
at Warm Springs, Georgia, at 1635 hours, 12 April 1945. The Army is deeply
grieved at the untimely death of our Commander in Chief. He prepared us to
meet the savage onslaught of our enemies, and he led us through the
bitterness of our early reversals. His unwavering courage in the face of
overwhelming odds, his abiding faith in the final triumph of democratic ideals,
and his clear vision of the paths to be followed were a source of constant
inspiration. He gave the Army unstintingly of his strength and wisdom, and
his unremitting labors hastened his death. Although he leaves us while there
is still much hard fighting ahead, the ultimate victory has been fashioned
of his heart and spirit. Memorial services shall be held on the day of the

funeral 15 April at all posts, camps and stations, war operations permitting, at which time this order will be read. The former Vice President of the United States HARRY S TRUMAN has taken the oath of office and assumed the duty of President in accordance with the provisions of the Constitution.

2. The National Flag will be displayed at half staff at the headquarters of all military commands and vessels under the control of the War Department from 0800 hours local time 13 April 1945 until sunset 12 May 1945 west longitude dates, war operations permitting. The wearing of mourning bands, the draping of colors and standards, and the firing of salutes will be dispensed with because of war conditions.

3. The body of the late Commander in Chief will be interred at Hyde Park, New York, on 15 April 1945.

By Order of the Secretary of War:

G C MARSHAL,
Chief of Staff

OFFICIAL:

J A ULIO,
The Adjutant General

This supplements our cable of 13 April, reference number 06392 which gave advance information on honors to be accorded. Here is US memorial services program to be conducted on date of the funeral which is 15 April:

G2 summary number 221.

A. ITALY. 1. Enemy resistance to bridgeheads over SANTEIRO northwest of LUGO slackened during afternoon 12. Whole enemy line from coast to inclusive 1 para DTV now apparently moving back to PAULA (SILLARO River) positions. River itself not believed to present formidable obstacle and defences not developed in depth but line represents appreciable shortening of front and may enable to extract up to 1 division as local reserve. Latter possibility of considerable importance to enemy in view of his obvious disinclination to commit 90 PG at this stage of battle. General impression enemy displaying more caution than usual and prepared to give ground discreetly in order to preserve coherent front.

2. Order of battle. 1 Bn 15 PGR (29 PG Div) identified area M3560 had come from PADUA area. Appreciate probably regimental group stiffening 162 Division between GAMMACIO and mouth of PO.

B. AUSTRIA. Russians made further gains between MORAVA and VIENNA reaching lone exclusive ZISTERSDORF (S63) and SCHWINBART (S51) inclusive RIBESBRUNN (S41) and GRENZERSDORF (X59).

Street fighting yesterday in VIENNA between Danube CANA and Danube.

(FX 59648 cont'd)

In southeast AUSTRIA Russians captured MARKET ALLAU (C38) ST MICHAEL (C47) and ELTENDORF (C45).

C. JUGOSLAVIA. SLUNJ (RK2515) captured by 104 Jaeger Division. Further movement towards KARLOVAC expected to block Yugoslav advance on town TOUNJ (RK02) and GENERALSKI STOL (RK04) remain in enemy hands contrary to earlier reports placing Yugoslavs within 10 miles of KARLOVAC. Some pause for regrouping to be expected in Yugoslav operations.

XAVIDOVICI in BOSNA Valley reported captured by Yugoslavs and outskirts XEPCER reached. Considerable road and rail movement reported from BROD to NOVSKA suggests units 21 Corps already moving northwest.

G2 summary number 220.

A. ITALY. In Adriatic sector own troops established bridgeheads over SANTERNO northwest of LUGO against considerable opposition including armour. Armour believed mainly 504 Tank Bn and 3 Tigers claimed knocked out morning 12th. Further south strong counterattacks launched by 26 Panzer Division against SANTERNO crossings on axis route 9. Still no evidence 90 PG Div moving eastward S-PR (?) enemy obviously exercising greatest caution in expending slender reserve and present policy appears based on hope that existing forces will be able to wear down allied attack before it reaches GENOIS KHAN Line.

B. AUSTRIA. Russian gains west of MORAVA included DURANKUT (S72), SPANBERG (S62) and MARKEN (S61). Whole of VIENNA south of Danube in Russian hands except for small area between Danube canal and river itself.

Considerable body of troops seen by PR entraining south end GRAX sidings 11th April. No ground identifications.

C. JUGOSLAVIA. Advancing from OGKVIN rpt OGULIN (?) in 2 directions Yugoslav forces reached 10 miles south KARLOVAC and village GOMIDJE 3 miles south VRBOVSKO (RJ84). Troops operating in rear of enemy cut road FIUME-KARLOVAC at DELNICE (RJ64).

Further report received that elements 104 Jaeger Division moving KRLOVAC. Troops from Division plus 2 Croat Regiments said to have reached RAKOVICA (K2901) and BROCANANC (K2609) on ROA southeast of SLUNJ. PR also showed 200/300 MT this area. Enemy probably also bringing up elements 237 Infantry Division to block Yugoslav advance. FPMAN (7 ?) 2/1048 Regiment on this formation recently identified CRIKVENICA (RJ52). 138 and 139 Regiments of 188 Division said to be moving from FIUME and POSTUMIANKGA respectively towards TRIESTE, thus suggesting that 237 Division may be taking over part of latter's old area.

Yugoslavs claim enemy casualties at GOSPIC 1730 killed and 650 PW. at PAG killed and captured 386.

HQ Cossack Corps. 3. 5. 6 and 8 Cossack Regiments and 2 Cossack Division all reported area PITOMACA (SA51). Although concentration possibly exaggerated enemy perhaps anxious to strengthen this sector of DRAVA flank which formerly only weakly held.
