Have no substitute available as Lt S WOODWISS and NORTHROP recalled while Major BRADSHAW and Capt TOOMER still untrained. Can we have use of a trained officer for one month. Working of new economic policy for north precludes possibility of combining PAVENNA and FORLI provinces at this juncture but this can be done later.

Reference AC/5137/6/COMMERCE of 23 April. Local Consorzio and Ispettorato
Agriculture Etc maintain firmly that guaranteed minimum price of 180 lire too low
to produce satisfactory delivery of bozzoli to Consorzio. It does not follow that
because seed is selling satisfactorily that cocoons will be satisfactorily amassed
as the silk at this price will go on black market not only as clothing material as
price of cotton material here is 600 lire a meter but also as an investment.
Further at 180 lire practically all other agricultural produce more remunerating.
Part payment to producers in cotton material would help solve difficult problem

Reured FA 64182 of 22 April and LRS/601a/867 of 23 April.

It is considered that to establish a predetermined lower scale of wages and prices north of the Apennines will occasion a large increase in black market activities which the military and GCMR will be unable to prevent and which with low wage policy will mitigate against procuring civil labour. Wage policy in signal LRS/601a/867 believed to be based upon false premise. Information here is that general wage rate for skilled and unskilled labour during period of Germans was 100 lire per day with in addition for each worker a very high ration scale in kind. It is requested that the orders in both these signals be suspended as being impracticable at present and that normal discretionary powers be given to keep wages as low as possible consistent with operational exigency, and prices as low as possible

G2 Summary number 233.

A. ITALY. 1. GOC 76 Corps, General GRAF VON SCHWERIN, surrendered personally
this morning and reported to have stated he no longer had resources necessary to
continue battle. This surprising and possibly excessively gloomy picture since 76
Corps alone of enemy formation has succeeded in maintaining coherent front and
fighting text-book withdrawal. Corps bridgehead east of FERRARA steadily contracting
but still held firm this morning. 1 Para Corps bridgehead area east of OSTIGLIA now
almost completely reduced. Own bridgehead at SAN BENEDETTO expanded against light
resistance and advanced elements reported to have bypassed MANTUA and reached area
VILLAFRANCA F5344. According to unconfirmed report MANTUA in partisan hands. No
contact reported with 51 MTN Corps. In coastal sector own troops advancing without
contact along coastal road SPEZIA-GENOA. Report that latter town already in partisan-
control possibly premature but appears likely some negotiations in progress between
partisans and local German forces.

2. Movements. FR NW ITALY 24th show 2 military trains loaded with MT
at TURIN small number train lengths including flats loaded with CARTD (?) at GENOA
and on line to north.

3. PW. Estimated total PW 1 April PWO for April inclusive 53000.

B. ARMY GROUP SOUTH. General RINGEL Commander 18 WEHRKREIS reported commanding a newly formed corps in southeast AUSTRIA.

Transfer to Army group centre of 29 Corps with 15 and 76 Infantry Division accepted reducing total divisions Army group south to 37. G2 Summary 231 refers.

C. ARMY GROUP E. Withdrawal SLAVONIA continues. 1 Cossack Division reported strongly resisting Yugoslav attack BUKOPOLJE (SF7197). BATRINA felled west of BRCD. Yugoslavs advancing on NOVA GRADISKA (SF 6535).

No further progress by Yugoslav forces north of FIUME where recent arrival enemy reinforcements appears to have turned the scale.

Elements 181 Infantry Division reported area ZAGREB-KUTINA confirms previous reports westward movement 21 Corps.

Combination of heavier loading, longer haul and slow unloading of rail equipment is rapidly leading to a critical car shortage on the Italian mainland. During March 86661 cars were loaded on the liberated mainland as compared to 72057 in February. April loading will exceed March. Extension of rail lines in the liberated areas to the north will continue to make greater demands upon car supply, and unless the greatest possible economy is practiced in the utilization of rail equipment the facilities cannot be made to meet essential demands. Urge that both military and civilian services responsible for the loading and unloading of cars be warned of the general situation and directed to make concerted effort to reduce the time cars are held underload at origin and destination. Loading programs should be carefully screened and non-essential traffic eliminated.

G2 Summary number 232.

A. ITALY. 1. FERRARA cleared today but to the east enemy continued to fight strong rearguard action. Elements 26 Panzer and 29 PG Division and possibly battlegroup 42 Jaeger Division believed engaged here. No contact reported with 362 and 278 Division and presume major elements these divisions now across PO. West of FERRARA considerable pocket formed between BONDENO, FINALE NELL EMILIA and SERVIDE F8605. Approximately 7000 PW claimed here today including GOC 305 Division together with bulk of divisional staff. High degree of confusion in enemys organisation evident from PW statement that 1 and 4 Para Divisions and 65 Division ordered to cross PO as best they could. Some initial resistance to our bridgehead over PO area S. BENEDETTO F5612 now reported to have slackened. West of MODENA 114 Jaeger, 334 and 90 PG Division reported by officer PW to be fighting as single combat group 2000 strong. In coastal sector 148 Division and elements ITALIA pulled out last night and now reported withdrawing up Route 63 in endeavour to reach PO crossing east of PARMA. Usually reliable ground source reports order issued for general withdrawal 75 Corps from Alpine front to begin night 23/24. No confirmation of this from Air Force today but in view battle situation report seems eminently reasonable. Estimated PW VITALI to 2400/23, 35000.

B. ARMY GROUP SOUTH. Russians made gains on north wing 8 Army capturing 3085.

Yugoslav forces captured BOSANKA GRADISKA thus possibly cutting off portion of enemy force withdrawing from BANJA LUKA. Enemy continues determined defence of FIUME. Thrust to CLANA northwest of FIUME by Yugoslav forces repelled 22 April. Reinforcements reported being brought up to NOVO MESTO (RJ9191) including elements 17 and 19 SS police remnants.

1 E. Demonstration staged by about 500 persons at PESARO regarding complaints on price of wheat; situation competently handled by Provincial Public Safety Officer in cooperation with Questura and no trouble resulted. PERUGIA CITY curfew moved from 2200 to 2300 hours with full approval of military authorities. IWB-approved paper RICOSTRUZIONI in ANCONA suspended publication for lack of paper while 162 papers, including some of purely pornographic nature are being published in ROMA. 2 B. TERMI Province has 3-months supply of salt. 3 B. Efforts being made to arrive at consolidated figures for need of coal and POL in Region, including harvest. Numerous drugs being uncovered daily in PERUGIA CITY, indicating that adequate supplies exist. Lack of rain causing reports of possibly serious damage to spring-sown crops throughout Region; autumn-sown wheat suffering only in thin soil, looking very good on better land, particularly in Umbrian plain where nightly heavy dews are as beneficial as rain. All UMBRIA-MARCHE provinces now have exceeded target figure for collection of last year's grain harvest. Wheat collection totals through 21 April: ANCONA 60569 tons 121%, ASCOLI 47048 tons 109%, MACERATA 73573 tons 109%, PESARO 37055 tons 178%, PERUGIA 91142 tons 113%, TRIMIN 25305 tons 101%; Regional totals 334692 tons 116%. Reactivation of industries causing cumulatively increased strain on IOL allocations. Survey being made of silk plants in MARCHE. On 22 April Regional Commissioner, Minister of Public Instruction and local authorities opened exhibit of 4 centuries of Umbrian art, commemorating 5th centennial of birth of PERUGINO, and permanent fair of Umbrian arts, both at PERUGIA; Regional Commissioner pointed out that ITALY's great art had been produced in atmosphere of liberty and expressed hope that rebirth of liberty might make it possible for nation once more to come into its cultural heritage. Left wing 10 Army retired in tolerably good order and appreciate fair proportion 76 Corps crossed PO east of FERRARA night 22/23. 26 Panzer Div however still much in evidence this morning and fighting stubborn covering action FERRARA-COPPARO. 1 Para Corps on right less happy and suffered considerable casualties in RENO BEND N W CENTO. North and NW of BOLOGNA no coordinated resistance evident south of PO and Allied spearhead roaming about freely. Not clear how much of 14 Panzer Corps has got north of river but appreciate considerable pockets 8 Mtn Div, 65 Div and 94 Div caught south of river. GOC 65 Div, General PFEIFFER reported by PW killed. 90 PG, identified today spread over wide front between MODENA and Po, reported by PW very heavily depleted with tanks being drawn by oxen.
