Countess of BERKELEY offering use of her property at ASSISI on condition that she herself employed there. Please advise whether you think useful to Mission for rest or convalescent centre or for any other purpose. Countess well known to Bishop of ASSISI who can inform you of her local connections. You may wish also to contact her friend Mrs WOODRUFF if she is still in ITALY. Countess was a Miss LOWELL of BOSTON and is now working with American Red Cross. Seems capable and public spirited. Resided many years in ITALY and probably well known to principal people in UMBRIA.

IV CORPS, HUMP
FOR STONE - ALCOM

CONFIDENTIAL

Visited TURIN today Sunday accompanying General CRITTEN-BERGER, IV CORPS Commander and Colonel WALKER, IV CORPS Senior Civil Affairs officer. Saw no evidence of unrest or civil disorder of any kind. Provincial Senior Civil Affairs Officer Lieutenant Colonel FIKRE reports city in good condition physically and politically. Food conditions fair. The usual shortages of fats sugar and salt reported. Patriot parade held Sunday morning without untoward incident and apparently productive of food will. Patriot parade in VERONA Saturday extremely successful, about 4,000 guns being turned in in a colorful ceremony in the Roman Arena. Patriot parade in MILAN on Sunday morning likewise most satisfactory. The CORPS Commander and other general officers attended, General CRITTENBERGER making the principal address. General CADORNA the Patriot leader also spoke. I was present at both ceremonies. VERONA ceremony way (was?) skillfully handled by Captain LIMBERTES. Colonel WALKER doing fine job in his area.

INFO A.COM ROME

CONFIDENTIAL.

This is LAC 1147. Reference LAC airgram 99. LAC 1035. LAC 1131.

1. Barley imported from IRAQ.

2. Has been necessary to calculate losses due to dirt in shipments to date at 15%. Also barley itself or poor quality and consignments contain high percentage musty and fermented grain. Consequently to produce reasonably palatable bread when mixed with wheat flour in proportion 20 to 80, it has been necessary to reduce milling ratio from 75% to 63%. Even this ratio does not obtiate musty flavour. Quality of bread has been subject much complaint by press and public here.

3. As requisition for wheat imports forwarded LAC 1131 reduced to 59361 metric tons. urgently request not more than 19%, that is 11279 metric tons, be allocated in form barley, and balance 48082 metric tons in form wheat. If improvement in dirt content and quality of barley not assured, request figure for barley be increased by 15% to 12940 metric tons to compensate.

4. Italian Govt have made serious representations regarding inferior quality IRAQ barley, which appears to be shipped in much too moist state. If musty character could be eliminated, complaints would largely cease.

Forward planning and even development of local resources in northern and southern ITALY would be helped if an indication could be given of the overall availability of coal against the forward programme suggested in this Hq letter AG 463.3/045 Sup-0 dated 19 April. We are anxious to avoid developing activities in southern ITALY the counterparts of which cannot be developed in northern ITALY due to insufficiency of coal supply. Appreciate difficulty of question but an approximate indication would be of greatest value.

Reference am 5 Army Group signal CAS our 78. following is situation report as of midnight 4/5 May.

1. In all 3 cities military government has been established. CLN are well organized, running details of local administration efficiently and anxious to cooperate with AMG.

2. Partisans now disarmed in GENOVA but still in operational use in MILAN and TURIN. In MILAN disarmament will take place shortly.

3. Local utilities running normally and MILAN has exportable surplus of electric power. Communications have suffered little damage: all tramways and a few railroad trains are running.

4. Industry undamaged and factories working normally but difficulties will arise when present raw material stocks are exhausted. Wage structure is extremely complicated by variations in special bonuses, grants etcetera. but the general level appears to be around two thirds of that in southern ITALY. Prices of manufactured goods are high and are at present thought to be about 75% of those in southern ITALY.

5. North of APPENINES there is abundant food except in mountainous areas, but there is a distribution problem. Food for GENOVA is being sent in on LIGURIAN coast. Some imported food has also been sent to TURIN.

Having regard to your shipping instruction No. 11 of 28 April and fact that no reply received on MAT 419, do you concur in following message to go to CCAC.

Procedures described in paragraph 3 of MAT 419, to which we have had no reply, now apply throughout ITALY. A.C. checks Italian agency receiving reports against manifests but any differences in arrivals thus uncovered could not be used to adjust billing to Italian Govt because title would already have passed to Italians. Refer MAT 650. Therefore urge again we be authorized, as per MAT 419, to inform Italian Govt that billing for civilian supplies will be based on F.O.B. costs plus freight and excluding insurance. As we see problem, this would mean your adjusting loaded cost figures so as to eliminate insurance element. At our end, billing on cost plus freight provides only basis by which we can continue withdrawing Allied personnel and leave to Italians full and normal responsibility for handling imported supplies. We realize that occasionally Italians may discover sizable discrepancies between manifests and their tally of arrivals. But if insurance is carried by Italians such handling losses should be absorbed by them. In any event, actual discrepancies average very small, currently not over 3 percent.

G2 summary number 241.

A. ITALY. Nothing to report.

B. ARMY GROUP SOUTH. No operations. Arrival 10 SS Panzer Division, reported in transit PRAGUE - NAIM (?) 16 April, never confirmed and Division therefore deleted from total. 18 Corps under General RINGEL reported defending CARINTHIA. Latter is GOC WEHRMACHT XVIII and presumably threw off reserve corps headquarters. Exact location unknown but probably in 6 Army area. According captured documents commanders 10 and 11 Para Divs are OBERST VON HOFMANN and OBERST FUCHS respectively. Regimental numbers given as 10 Div - night, 29 and 30: 11 Div - 37, 38 and 39. 3 Regiment 2 SS Panzer Div recently identified north PASSAU. Regiment since believed moved south and present location uncertain.

C. Army Group E. Jugoslav claim capture TRIESTE apparently premature since garrison subsequently surrendered to 8 Army on 2 May. Harbour area now occupied by Allies but rest of town under Jugoslav control and latter running own AMG. In northeast ITALY Allied troops occupied GORIZIA. Enemy pocket northwest FIUME showing signs of surrendere and white very lights and white ground squares observed by Allied aircraft. Probable however that surrender to Allies only intended although surrender offer already made by Jugoslavs.
