Sitrep No 9.

Situation generally quiet. Court for trial of Fascists has been set up for SAVONA and is under consideration for GENOA and IMPERIA. Arms are generally being turned in satisfactorily in LA SPEZIA, GENOA and SAVONA. After professing acknowledgement of ANG in accordance with terms of agreement CLNs are busy manoeuvring to retain or regain their authority. CLN GENOA yesterday made application for all correspondence between Provincial Commissioner and Prefect to pass through CLN which was refused. CLN GENOA which claims to act for whole of LIGURIA attempts to assume executive functions and publishes notices in the press which are embarrassing to ANGOT. Reports from that part of IMPERIA province occupied by French indicate that French HQ Staff are holding informal ballots in villages on the subject of return of territory to French rule.

1. After visit to INNSBRUCK refugee situation appears not serious. There are only 5000 Italians and their return is controlled by 6 US CORPS with 5 ARMY. Chief problems here at present are political Germans are in complete control, retaining arms and exercising authority. This is potentially a most dangerous and serious situation and may well result in clashes between Italians and Germans if not quickly corrected. I understand that 5 ARMY will take over Military Mission with German command from 15 ARMY GROUP tomorrow. Repairs to Italian railroad can be effected within a few days using German labour. 15 ARMY GROUP has ordered that this work be done by German command. This order is meeting with understandable resistance from Italians who have for 20 months been repairing this rail road at the point of German pistols under Allied bombardment. Germans cannot repair railroad without Italian cooperation which in the circumstances will not be forthcoming because Italians will not now work under German armed direction.

2. I feel this situation can be readily resolved (?) and expect to do it tomorrow by proposing:

- (A) Railroad to be immediately rebuilt by Germans.
- (B) Allied engineers to be in charge of work.
- (C) Any German personnel involved in rebuilding of rail road will not bear arms.
- (D) Ultimate operation rail road, as soon as possible, will be Italian responsibility
- (E) American guards must be provided, if necessary protection, in view para C.

3. A meeting is being held tomorrow at 9 o'clock and I expect this programme will be put into effect and trust that it bears ALCOM approval. If not please advise.

While under surrender instructions German Army is supposed to maintain itself from its own resources it was accustomed to make certain local purchases which it declare essential to continue. Dire. Release requested by Germans one thousand million lire to pay recent bills for cattle and for grinding flour command essential three thousand million lire PM. While present instructions prohibit surrendered forces from use of local resources, consider that initially (in ITALY?) local purchases must continue until full survey of maintenance situation has been made. This Hq recommends (A) sufficient funds be released to pay outstanding bills (B) directives prohibiting purchase local produce eventually be followed except in case of Dire(?) necessity which will be a decision of Army Commander; latter case corresponding funds will be released; (C) pay be effected through German Army paymasters by book credit in Reichsmarks. Request early instruction on which to base reply.

Subject Patriots HUIKE Area. Patriots are demanding payment. As previously stated impossible disarm either OROPPRO or CASIRALI Groups whilst present situation prevails. Neither group is operational, therefore not paid as members of Armed Forces, both groups are cooperating in helping Military Govt and the Allies. This applies to OROPPRO in practically their entirety and to CASIRALI to a lesser degree. Impossible to state numbers, OROPPRO believed to be about 6,000, CASIRALI claim larger numbers. Total combined Patriots reputed to be round 10,000 though this is doubtful, the amount payments asked for by Patriots is 10,000,000 lire a month. Rephasse this request is from them and the figures have not and cannot be checked accurately nor have any discussions taken place with Patriots regarding rates or any other subject. Request policy of ROME Govt and AG on this matter. Question of feeding Patriots also arises. At present they are feeding on a considerably higher ration scale than civilians, and consider to abruptly cut off supply and bring them down to ordinary civilian level would be impractical if not impracticable at this stage. Request guidance on this matter also. All the

PAT 79.

1. Subject Italian exports to UNITED KINGDOM. TAF 70 refers.
2. When PAT 46 was sent U KINGDOM departments were not aware that you were discussing with Italian Government possibility of reopening bilateral private trade ie direct contact between British and Italian traders subject to usual controls on both sides. We should welcome this as soon as practicable.
3. After discussing with GENT we think it will probably be some months before direct contact between traders on both sides can be reestablished. We therefore regard procedure suggested in PAT 46 as necessary interim measure until outcome of your discussions on private trade is clear.
4. Essential point of our proposals in PAT 46 is that traders in U KINGDOM may be allowed to negotiate direct with ICE. Exportable surpluses would normally be notified by AC but enquiries for goods not yet declared as exportable surpluses could be put direct to ICE since no transaction could be carried through without AC's concurrence. See PAT 71 which explains urgency this arrangement for certain commodities which we will not otherwise be able to buy at all.
5. AC would thus be removed from the embarrassing position of passing on competitive bids for commercial purchases on behalf of British ⁴⁸⁰ ~~Am~~ ^{and} MOC

(PAT 79 cont'd)

and TAP series would be used for notifying exportable surpluses.

6. Please see PAT 71 regarding AD HOC arrangements for dealing with briarwood etc. If PAT 46 procedure is agreed bids of this kind will not go through AC but direct to ICE but in case of such commodities we do not wish to hold up purchase until PAT 46 procedure is finalised.

7. We are of course in touch with Treasury who say that arrangements for banking proceeds of Italian exports will not affect procedure for negotiating U KINGDOM purchases in ITALY.

General HEYDEMANN has convinced me that area between CERVIA CESENA and RIMINI is most suitable from every point of view for accommodation of surrendered enemy personnel. He has been in consultation with Deputy Regional Commissioner EMILIA who can only suggest as alternative area north of RAVENNA which is condemned by medical authorities. Above would involve considerable damage to crops and would mean evacuating about 20,000 Italians or exposing them to certain violence. Before final choice is made I request LMS AFHQ to detail expert malaria-ologist to assess extent of malaria risk in alternative area and possibility of controlling. He should report Hq DISTONE earliest. Request ALCOM to attach senior officer temporarily to Hq DISTONE until this matter is settled. DOS AFHQ to investigate immediately availability of mosquito nets. RESTRICTED.

Subject is appointment of Prefects. Understand that AMG 8 Army has already recommended to you the appointment of Sig MATTER as Prefect of VENEZIA PROVINCE. In respect of ROVIGO PADOVA and TREVISO I propose to make following appointments:

For RIVOGG Avv LUIGI FUXEDDE aged 40 years Liberal Party nominated by CLN well reported by Lt Col GRAHAM Provincial Commissioner.

For PADOVA AA GAVINO SABADIN, Christian Democrat, formerly Presidente of CLN for whole Compartimento, appears outstanding character.

For TREVISO Avv RAMAZINI Partito D'Azione, nominated by CLN, well reported by Lt Col PRICE Provincial Commissioner. Assume that 5th Army have reported to you in respect of VICENZA Avv GIURIOLO Partito D'Azione and VERONA GIOVANNI UBERTI Christian Democrat. Will report shortly in respect of BELLUNO Dott ANTONIO DAZZI Christian Democrat. In general am convinced that any attempt to impose imported career Prefects from the south would be a political blunder on part of ROME Government. Am considerably impressed with standing and outlook of CLN nominees in VENEZIA. This view shared by Air Commodore BENSON Colonel SOUTHERLAND and my Provincial Commissioner. Further points for your consideration, ROME nominee for TREVISO Dott SIMONE NAITAN well known to Lt Col PRICE and for shorter period to self in SARDINIA, not considered strong candidate. "Having regard to the requirements stated in IAG 507 which your Italian requirements were based on 8 grams per day for one half the population, you are requested to reexamine the requirements stated in IAG 1131 since the very large requirements resulting are a substantial factor in worsening the overall sugar position.

Such re-examination should take account of information which may now be available as to the state of the sugar beet industry in northern ITALY and beet crop prospects for this year."

AMG established in all provinces of VENETIA in 5 ARMY Area in spite of presence in large numbers of German troops in BOLZANO, TRENTO, and BELLUNO. Some areas of BELLUNO definite food shortage. Political situation in BOLZANO somewhat complicated by prolonged and intensive German occupation: FULLER report follows by mail. Gold bullion at LA FORTEZZA and large art deposits being investigated. No refugees now crossing the border but large numbers of workers conscripted by TODT organisation now moving home from BOLZANO area. Special organisation under Lt Col H O MCGREEN dealing satisfactorily with this problem. Partisans active in some areas and clashing with Germans. Whole situation in frontier zone will ease when German troops evacuate.

AFHQ SIGNED ALEXANDER CITE FHGBG

ACTION ALL MAT ADDRESSEES AND INFO TO HQ ALCOM ROME

SECRET.

This is MAT 670.

A. Procedures described in MAT 419 para 3 (no reply EEL received) now apply in all ITALY. Italian agency receiving reports are checked by AC against manifests, but differences in arrivals uncovered could not be used (?) to adjust billing to Italian Government, since Italians already would have title. Refer MAT 650. We therefore urge again authorization be granted, as per MAT 419, to inform Italian Government we will bill civilian supplies on basis FOB costs plus freight but excluding insurance. As we see problem, you would then adjust your landed cost figures eliminating insurance element. Billing on cost plus freight provides only basis for continuing to withdraw Allied personnel and leave full and normal responsibility on Italians to handle imported supplies. Realized Italians occasionally may discover sizeable discrepancies between tally of arrivals and manifests. But such handling losses should be absorbed by Italians if insurance is carried by them. In any event actual discrepancies are small and should not materially affect decision.

B. Also suggest that consideration be given, in view of end of hostilities, to consigning all imports direct to Italian Government, with cargoes checked and accepted at ports of embarkation by Italian Government agents.

Transfer of further territory to Italian Government jurisdiction. This is NAF
953.

1. Now possible from political, administrative and economic points of view to
hand back further territory to Italian Government jurisdiction. Also most desirable
do so immediately to make as many AMG officers available as possible for north.
Transfer also desirable now in order show confidence in and give support Italian
Government.

2. Authority was therefore given ALLIED COMMISSION to arrange hand back following
territory to Italian jurisdiction on 10 May subject approval of Advisory Council for
ITALY being obtained: Provinces of ASCOLI PICENO, MACERATA, TERNI, PERUGIA, PESARO,
AREZZO, SIENA, GROSSETO, and ANCONA less the port of ANCONA.

3. At meeting of Advisory Council held 4 May British, French and U.S. delegates
recorded votes favor such handover. Greek, Russian and Yugoslav representatives
stated they were without instructions. Greek representative was however prepared
approve provided rest of Council did so. Yugoslav delegate objected personally to
further hand back of territory to Italian Government so long as that Government
objected to transfer of territory to Yugoslav Government and made reference to
ISTRIA. Meeting decided that un-instructed delegates would request their Government
for early reply so as to give these to Secretariat of Council by 8 May but Yugoslav
representative stated would take 8 - 10 days before he could receive instructions

and declined offer made to him to forward his message through military channels.

4. While FAN 180 establishing Advisory Council does not give it any executive power or right of veto it has been invariable practice in past cases of and back of territory to obtain approval of Council which they have previously given without demur.

5. The territory above referred to is purely Italian and no question as ultimate disposition arises. It is felt accordingly that handover should take place as originally planned even if consent of remaining members Advisory Council not obtained by 10 May. It is proposed to proceed on this basis unless you instruct to the contrary.

PAT 78.

1. Please refer to MOF letter to GRAHAM of 12 January about UK requirements of essential oils and lemon juice. It is important that we should obtain orders classed as category A - ie our essential requirements. We understand that difficulties over price are holding up procurement and that time for buying this seasons supplies is already nearly past. Please therefore report urgently what action has been taken or can be taken to ensure that supplies come forward in accordance with paragraph 2 of TAM 456.

2. If possible we would prefer to reach agreement with Italians on price rather than compel exports at a loss under TAM 456. Suggest therefore that you should make our powers under this directive clear to Italian Government and explain that we hope they will not force us to use compulsion. But we may have to do so if there is no alternative.

3. Italian Government will presumably realise that owing to rise of internal prices many of their goods are now excessively expensive at the official rate of exchange. In previous seasons Italians have made a substantial profit on their exports to UK sterling proceeds of which have been chiefly in excess of (corrupt group)

costs but now the balance is beginning to tip the other way.

4. If it proves impossible to reach agreement with Italian over price within a short time we shall have to consider buying direct from producers as provided for in paragraph 1(47) of directive. In this case we will be compelled to pay what is necessary in Lire to secure our allotted supplies and ministry of food will send out an officer to be attached to you temporarily to assist in negotiations.

The general situation is much better than could have been expected with the exception of solid fuel of which the supply is practically nil or very limited supply in exceptional cases. Period rail road facilities from GENOVA via PLESSANERIA and MORTARA are unavailable. Unless supplies of coal are made available immediately a general shut down of plants will be necessary causing disoccupation of 600,000 workers or more which will surely cause unrest and political disturbances.

Conservative estimates immediate coal requirements LOMBARDIA REGION: In tons:
9000 steam for railways 8000 splint for metal works and foundries 14000 gas coal
2500 foundry coke 20000 Sardinian for food processing, cement, paper, textiles,
leather, chemical plants etcetera.

An urgent reply is requested as to when and how much of the immediate requirements can be met and recommend sending to MILAN immediately a coal expert.

RESTRICTED

For G-2.

1. Consider that civilian movement control in Northern ITALY could now be substantially relaxed with negligible loss of security. Further factor to be taken into consideration is fact that civilian transport services in Northern ITALY already in full operation and that civilian population has been accustomed to considerable freedom of movement during German occupation.
2. Recommended that system of control of movement in Northern ITALY be adjusted forthwith on the lines indicated in succeeding paragraphs.
3. Rear Army security control line to be moved to following line. River PIAVE from mouth to road - river crossing G6494 thence road VITTORIO VENETO B 6712 - PIEVE DI CADORE B 7562 - S. STEFANO DO CADORE B 8875 thence due North to ITALO-AUSTRIAN frontier. Road and towns thereon to excl repeat col Army zone and check posts to be sited just East of this line. 5th Army to be responsible for organising control from ITALO - AUSTRIAN frontier to excl road junction B 6734 and 8th ARMY from incl road - junction B 6734 to coast. Recommend Rear Army security control line be now renamed security control line.

RESTRICTED
- 2 -

4. A belt 25 kilometers in depth extending along the French Swiss and Austrian frontiers to be declared a prohibited frontier zone. Civilian movement within this zone to be restricted to 10 kilometers. Movement by civilian into or out of this zone to be prohibited unless in possession of AMG travel permit issuable at point of departure.

5. Free movement to be permitted throughout Italian territory north of the restricted line excluding the Army zone and the prohibited frontier zone. In this connection suggested that the restricted line should now be moved forward to coincide with the economic line understood about to be established by ALCON along (along?) northern boundaries of RAVENNA, FIRENZE, PISTOIA, LUCCA. APUANIA provinces. Movement across restricted line in either direction to be conditional upon possession of AMG travel permit issuable at point of departure.

6. Above scheme agreed by AMG. Request you approve and confirm these changes and notify all concerned.
