The following is a special message from the Supreme Allied Commander to all the Allied Armed Forces in the Mediterranean Theatre:

"The territory around [illegible] and [illegible] and east of the [illegible] River is part of ITALY known as VENEZIA GIULIA. The territory around VILLACH and KLAGENFURT is part of AUSTRIA. The above Italian and Austrian territory is now claimed by Marshal TITO who wishes to incorporate it in JUGOSLAVIA. We have no objection to claims being put forward by Marshal TITO to this territory. His claims will be examined and finally settled with fairness and impartiality at the peace conference, in exactly the same manner as other disputed areas throughout Europe. Our policy, as has been publicly proclaimed, is that the territorial changes should be made only after thorough study and after full consultation and deliberation between the various governments concerned. It is, however, Marshal TITO's apparent intention to establish his claims by force of arms and military occupation. Action of this kind would be all too reminiscent of HITLER, MUSSOLINI and JAPAN. It is to prevent such actions that we have been fighting this war. We have agreed to work together to seek an orderly and just solution of territorial problems; this is one of the cardinal principles for which the peoples of the United Nations have made their tremendous sacrifices in an endeavour to obtain a just and lasting peace. It is one of the cornerstones on which our representatives, with the approbation of World public

opinion, are now at work at SAN FRANCISCO to build a system of world security. We can not now throw away the vital principles for which we have all fought. Under these principles it is our duty to hold these disputed territories as trustees until their ultimate disposal is settled at the peace conference. Within these territories our duty and responsibility is to keep law and order by our military forces and to ensure a peaceful and secure life for their peoples through our Allied military government. We may be relied on to act impartially as we do not covet these territories ourselves. In this situation I tried my best to come to a friendly agreement with Marshal TITO, but did not succeed. The UNITED STATES and British Governments have therefore taken the matter up directly with Marshal TITO. The Soviet Government have been kept fully informed. We are now waiting to hear whether Marshal TITO is prepared to cooperate in accepting a peaceful settlement of this territorial claims, or whether he will attempt to establish them by force. It has always been my policy to keep you all, whatever your rank, fully informed about the general situation and the objects for which you have fought. I send you this message so that you may know the issues which are now at stake."

This message will be released to all troops under your command at 1200B hours 19 May.

Cars are not available locally as most swept up by patriots Germans or Jugoslavs. Hence your instructions to Army to requisition for us has in practice had little result. Resumption commercial and financial communications from ITALY. Pending establishment proper Italian control over external assets, this HQ so far authorized only non-transactional business and support remittance communications from ITALY to U.S. and British Empire. However, despite repeated recommendations since last Autumn, Italian Government has still not issued decree recognizing the statutory and proclaimed lists, although as recently as 7 May Ministry of Treasury assured AC this would be done as soon as possible. In recent weeks there have been numerous requests to permit resumption of non-transactional communications from ITALY to countries additional to US and British Empire which this HQ has refused on grounds of Italian failure so far to meet the minimum requirements laid down in TAM 320 and TAM 420 as prerequisite to resumption this traffic. Confirmation requested that cited policy still holds; also advice as to whether additional representations should be made to Italian Government to bring its economic warfare controls into line with those of rest of liberated Europe and US/UK Governments.

3. If estimate of 220000 lbs from SICILY in MOC 98 is correct new total is 870000 lbs and 29.4 per cent of this gives UK allocation of 255750 lbs. This would require shipment to UK of entire SICILIAN production as now estimated.

4. As there is some doubt as to actual SICILY crop please make urgent enquiries as to availability and furnish reliable figures soonest.

1. Look at appendix A COL 4 KEP airgram 1 of 14 April. Only AUSTRIA call forward so far made is for all COL 4 miscellaneous items plus enough wheat to complete 1 shipload to ADRIATIC port. These miscellaneous items cover only special classes all areas. Only credit remaining is 120 thousand tons wheat. Meanwhile awaiting approval COL 5 tonnages.

2. Suggest two thirds wheat credit be called forward by you Reply earliest so that we can arrange release such quantity with WASHINGTON and PEMBARK.

3. As you are continuing to maintain US/FR zones and no USL of C to be set up from ITALY to AUSTRIA, consider you should call forward all US/FR civil requirements. This would mean all such requirements being processed here and turned over to you for call forw after CCAC approval and allocation supply responsibility. This presents certain complications but seems most practical solution.

4. In view urgent need to clarify problem of civil main channels, consider most desirable to send 3 officers representing M and TN, G-4, G-5 to SHAEF for early discussion. Request your views.

Transport position is absolutely critical.

EMILIA REGION requisition nothing for us.

Of 25 civilian cars and 15 WD advised by you ask you to come from EMILIA REGION only 9 cars were fit to be taken 3 of which failed to do the journey.

Field officer sent to collect says remainder of cars were non runners. Except you good civilian cars advise as kept for HQ AC NORTH.

Cars are not available locally as most swept up by patriots Germans or Yugoslavs.

Hence your instructions to Army to requisition for us has in practice had little results.

In our submission only a satisfactory solution is to press for more WD cars.

Of German military police and restriction of German troops to billets when not duty have greatly relieved tension. However large numbers of the population are armed, the Germans having bartered or sold large quantities of small arms and munitions especially to their sympathyzers here. Pro-Partisan activity is not great at the moment but may be expected to increase when German armed troops are withdrawn. Some French Partisans (possibly ex Vichyites) have been operating in the area and are now being rounded up. Work on BRENNER railroad is progressing satisfactorily. CLN intransigence abated. Roundup of suspected war criminals is making some progress with limited personnel available.

SECRET.

Reference your FX 70793.

Based on reports received from both Armies this Headquarters recommends that time limit for feeding partisans on scale your FX 60055 be extended until political situation on both fronts clarified. Each Army is presently feeding about 1000 and each Army estimates that there are approximately 20,000 whom they have not yet contacted. These will be to be processed and fed when contact made which depends entirely on solution political problem. Entire partisan program which has been working extremely well to date is based on privilege, largely extra rations, and it is strongly recommended that present policy be continued. Civilian food problem in NORTH ITALY is not acute and if military rations for partisans not available suggest ALCOM institute satisfactory system of feeding from civilian supplies. Present policy to be continued until new arrangements made.

1 B F FLORENCE signs of apprehension amongst non-communists particularly aristocracy at rumours of Province shortly being taken over by the Italian Government and departure of allies. PISA Communists still active. Other parties indulge in very little activity. All parties joined in VE Day celebrations. LIVORNO 8,000 people attended Victory celebration. Officials of AMG and civil government present. Very orderly. Allied nations congratulated and people very happy over Victory. Communist tendency seems strongest. LUCCA anticipate ructions when Province handed back to Italian Government control due to a number of causes principally left wing agitators who are had at work. PISTOIA main party seems to be Christian Democrat. 2 A F LUCCA steps being taken to supply isolated Communes. 3 B F LIVORNO fishing decreased due to no gasoline for boats. 4 B F FLORENCE 21 of the 63 prisoners who escaped from FLORENCE jail have been recaptured. Search continues for remainder. Pass situation unsatisfactory (unsatisfactory ?). PISA girl murdered by negro soldier in area of SAN GUILIANO. Investigation proceeding. LIVORNO Italian courts now working well. Defascistization proceeding and comprehensive reports are due soon. LUCCA employees of GENIO CIVILE threatening strike for higher wages. 5 B F FLORENCE typhoid epidemic at PRATO almost finished. LIVORNO 18 cases typhoid reported on ELBA. Population in infected area instructed to sterilize water. Capt WHITBY investigated living conditions and

found them to be appalling. Best remedy would be complete cleanup and new sewage system. LUCCA no epidemic reports yet from northern Communes. 6 B F down to rock bottom. 7 B F FLORENCE has caused some anxiety but HQ AC representatives have visited and assumed responsibility. Situation re repatriated Italian prisoners of war has caused some problems biggest of which is transportation. Transit camp for 2,000 organized in FLORENCE. Also 350 bed hospital for emergency cases. Most ex prisoners of war arrive piece meal en route for the south. Transportation being sought from military units and also by rail. Situation otherwise under control. LIVORNO 2,000 handled 12 May. 13 May expected 6,000. Procedure to feed and transport them, south. Usually remain only 6 hours in LIVORNO. Can handle about 6,000 per day using present railway transportation. Capt BEATTY negotiating with Navy for use of ships. If successful capacity will be greatly increased. 8 B F FLORENCE slight downward trend probably due to exodus of troops. LUCCA rises call for increased pay. PISTOIA prices low and control good. 9 F LUCCA unemployed number 4,000. Mines lifted to 28 April 71,684. Only 1 casualty. Civilian situation poor. PISTOIA overall administration good.

Following report received from French LO 8th Army on May 16 1400 hours:

15000 French nationals are in KLAGENFURT area and more to come STUY (Stop ?) thousand refugees and ex POW arriving daily in TREVISE and UDINE where French LO 8th Army AMG and CLN have established temporary camps. Normal traffic displaced persons is towards ROME NAPLES. Because of lack of transport and as long as Army in charge French nationals have to follow same route instead of normal route towards Franco Italian border. In view of above statement insist that French repatriation officers requested in my letter 2116 May 8th should be given urgent priority. Those officers and other French security officers will be able to screen all French nationals and I suggest that as soon as operations permit and AC takes charge necessary steps be taken to segregate these nationals and repatriate them through normal route via French border. Am leaving immediately for PADOUA to contact authorities there.
