For your information AC plans early withdrawal of legal Tender status in ITALY of BMA notes and yellow ^{SEAL} ~~and~~ dollars, in accordance instructions FAN 131. Proclamation number 2 will be amended accordingly for AMG territory and Italian Government will be requested to amend decree applicable in its territory. AC has hitherto retained Legal Tender status BMA pound and yellow seal dollar to meet possible shortage of AM Lire, but lire stockpile position now such that this precaution needless. Considered desirable to draw clear distinction between spearhead currencies and AM Lire before end period of military responsibility. Also felt that Italian Governments hand in dealing with active black market operations in dollars and BMA Pounds will be strengthened by withdrawal their legal tender status

Subject is refugee lifts.

1. Am constantly receiving requests to lift refugees in large quantities from SALOMBINA or ANCONA Rlhd to LOBETO Rlhd. Lifts of 1000 plus completed on 21 and 22 and 25 May. Notification of anticipated arrival received from HQ ALCON for first two lifts but not for lifemen(? lift on) 25 but assumed in order otherwise refugees stranded. But continuation such demands may seriously interfere with meat hauls OSIMO Rlhd program now in progress.

2. Additionally am constantly receiving requests to lift small numbers refugees SALOMBINA Camp to FURMO all way by road. 7 truck pool not always able supply trucks this purpose owing present negligible availability apparently due to change over of trucks with ASCOLI. Am informed only 9 trucks available on road to day and they are in use by Port Warehouse Det.

3. Please advise soonest who responsible for above hauls especially as in para 2 above. If OS Coye to provide it must be at expense of Rlhd OSIMO or grain hauls.

Your EX 77867 refers. The following information received from 419 PS Section.

Inquiries with reference to reports that priests in GORIZIA were called up into the Yugoslav Army were reported to be entirely without foundation. As to the Archbishop of GORIZIA, Archbishop of URINE states that while the Archbishop of GORIZIA was not maltreated he was kept in the Villa COVOLINI, and slept on a mattress on the floor and was not allowed to receive visitors. He was conducted to GORIZIA to URINE by a Yugoslav guard and released on the evening of 7 May 45. The Yugoslav Army in GORIZIA on the 7th of May apparently published order no 3, translation of which reads as follows:

"During the struggle for national liberation KAROL MARGOTTI, Prince Archbishop of GORIZIA, acted against the national movement by trying to start a civil war. Therefore, it is ordered that the Archbishop of GORIZIA, KAROL MARGOTTI, must leave the city of GORIZIA and go to URINE. This decree is effective forthwith. Death to Fascism, liberty for the people. Political Commissioner, Major KUK JOSE. Commandant, Major ZUPANC AGO."

Reference your Nr 8270 of 23 May. Proposed news release roughly as follows:

"It now appears that unless further unforeseen developments occur, total number of Italian civilians to be removed from the RIMINI - GERVIA surrendered - German - troops - internment area will be less than 1000. More optimistic estimates closer to 500. The figure of 10,000 earlier give wide publicity was based on an entirely different projected situation than that which now obtains, but the latest extremely low figure is primarily the result of prime cooperation with ANG EMILIA Region on the part of the Commanding General DISTRICT ONE and his staff officers. In spite of the importance and difficulty of their task of rapidly disposing very large numbers of surrendered German soldiers, the officers of DISTRICT ONE have been extremely solicitous and considerate, their forbearance going to the point of altering the locations of large and important compounds and lessening the size of others, often merely to save one family from the necessity of evacuation. After full explanation of the position to civilian officials and citizen groups from the RIMINI AREA, they have expressed themselves as fully satisfied. EMILIA Region ANG officials have been promised by ALLIED COMMISSION that an agricultural

Subject is disarmament of Partisan bands in Northwest Italy.

CADONNA request that enlistment of volunteers into Italian Army and Police be implemented soonest. CADONNA recommends that token ceiling of 10000 be fixed and that he be authorized to organize enlistment based on Territorial HQ and Departments with clothing, accumulated stores, rations and cadre from local Patriot and former Italian Army resources. Volunteer would be accepted as individuals and drafted as reinforcements to US-ITF and BP-ITF Units as required. Doubtful how many would respond but above action would ease disarmament and disarmament. SCAG AND IV CORPS

On the anniversary of the day, when, 30 years ago, our people has initiated, together with the Allied, the hard war which brought the first great victory against the invading Germans; in memory of the blood commonly shed, all the Italian Military decorated torn their thought towards the fallen soldiers and also the fighting men of the UNITED NATIONS, with all their heart and faith of the same comradeship in arms which, to day, has given the new great victory for liberty.

ALCOM ROME INFO: FREEDOM - WASHINGTON FOR COAC.

PAT 90. Salt.

1. For your information before the war the U.K. firm of MARTIN MOSER had sole right of sale abroad of salt produced by S.A. CONTI VECCHI in CASLIARI. Their total trade amounted to over 50,000 tons per year registered, embracing most European countries and also North and South AMERICA. Where the international financial arrangements allowed they acted as merchants buying the salt F.O.B. and selling C.I.F. at port of destination. In D. M. countries when clearing arrangements with ITALY operated they acted as agents for shippers.

2. MARTIN MOSER have been enquiring as to possibility of resumption of their former trade in the near future since they have had enquiries from former customers in NEWFOUNDLAND and BELGIUM as to purchase of salt.

3. There may be some advantage in using MARTIN MOSER as intermediary in purchases for countries which do not wish to buy on Gov't. account. When PAT 46 procedure is in operation this should involve no difficulties since MARTIN MOSER could then negotiate direct with I.C.B. Payment would be desired in sterling to Banca D'Italia at Bank of ENGLAND.

4. We should be interested to have few comments on paras 2 and 3. Expediate reply since there is considerable shortage of salt for N.W. European countries, we should also welcome reply by telegraph as to salt available in addition to quantity referred to in para 1 of GEN 584, in particular whether any salt could be supplied from ^{6/23} Italian mainland
