ALLIED COMMISSION FOR ADMIRAL STONE.

CONFIDENTIAL.

1. There is in area centred on BOLZANO Province a vast amount of Italian material both industrial plant and consumable goods removed from all over ITALY and stored here by Germans. This is now rapidly disappearing. The problems facing us are fourfold (A) guarding the dumps, (b) making inventories, (c) deciding distribution, (d) effecting distribution.

3. Question of guarding is a local problem which demands presence of Allied troops. We understand that 88 DIV is about to be replaced by VOLONTARI Italian Division. This will mean more rapid disappearance of much material.

4. The other 3 problems demand in our opinion the immediate despatch of a large permanent and competent Italian Mission with Allied compononents, self supporting as regards clerical assistance and transport preferably this should be installed by GRONCHI. This mission would effect full inventory in conjunction with German experts now here and would then proceed with problems. (c) and (d) Provincial Commissioner would arrange accomodation up to 50 but the work should be taken out of his hands and placed fully on to the Mission. 5 ARMY would welcome immediate visit GRONCHI.

5. The problem is urgent and most important for the future economy of ITALY.

ALSOS FOR INFO:

SECRET.

Reur [illegible] 907. This is AGT 729.

Conditions now permit some relaxation of restrictions on entry of civilians into ITALY.

1. The military forces continue to be the only source of suitable accommodation, food and transportation according to US and UK standards. Unless the military is able to provide these facilities there is danger especially with short term visitors that conditions of living imposed may cause adverse impressions against the Armed Forces. The visitors permitted therefore must be within the capabilities of the military forces to care for and of sufficient importance to justify sponsoring by those forces.

2. For purposes of classification civilian visitors will be divided into 3 categories:

A. Those directly connected with the prosecution of the war effort; those whose presence will be of material assistance to the rehabilitation of Italian civil economy; and those from Allied Government agencies whose presence by these agencies is considered desirable in ITALY. Category A personnel will visit ITALY only at the invitation of this Headquarters, or when on notification thru governmental channels of their proposed arrival there is no objection by this Headquarters to the visit. Objection would normally be based solely on ability properly to accommodate. Category B. Those persons not in Category A who are proposed and sponsored by proper departments of the

7661

Declassified E.O. 12356 Section 3.3/NND No. 785015

US and British Governments for commercial or other reasons. Quotas under Category B are established initially to the UNITED STATES and the British Government at 10 each in ITALY at any one time. Because of the variations of numbers present in Category A the proposed visits of Category A personnel will be notified to this Headquarters thru official channels in order that accomodation may be assured.

3. Entry of civilians into ITALY under this proposal will be subject to: Security clearance of the individual by this Headquarters, the issuance of proper visas by the Italian Government, possession of competent military travel orders, or whose travel has been certified by the STATE DEPARTMENT in accordance with paragraph 1 C (3) SAB DEPARTMENT Circular number 451 and arrangement for reimbursement of carrying agencies to and from ITALY, with corresponding procedure for British personnel.

4. Entrants must agree before departure from the zones of the interior to refrain from any interference in Italian politics. Their travel will be generally restricted to areas handed back to Italian Government control.

5. Those individuals of Category "B" of TIM 507, whose entry may be considered of semi-permanent duration, cannot be accepted as a military responsibility for full accommodation. When such individuals are accepted for entrance, it should be understood that the military authorities cannot be responsible for their individual needs and can cooperate with them only to the extent of assisting in securing living accommodations and in making available through commissaries limited amounts of subsistence. They will be subject to the same arrangements as stated in para 3 and 4 above, and no provision as to travel accommodations in ITALY or for return trip can be given.

IV CORPS
G-5 5 ARMY, RR ALCOM FOR INFO

CONFIDENTIAL.

Cite ALCOM message 8865 of 31 May requesting information on IMPERIA.

On May 28th Colonel JORDAN Deputy Regional Commissioner of LIGURIA accompanied by the Regional Legal Officer and the Provincial Commissioner called on Colonel PICOT commanding the French troops in western IMPERIA regarding the establishment of Allied Military Government in that area.

Colonel PICOT received them courteously but stated that he had not instructions to permit the establishment of Allied military and that he would have to communicate with General GENEAY who in turn would have to call General DOYAN.

It was however agreed by Colonel PICOT that in order to enable the Provincial Commissioner to comply with his orders that the proclamations would be posted but no further action could be taken pending the conference with General DOYAN.

On 29 May Colonel JORDAN and the others started to post the proclamations and on the way Colonel PICOT overtook them and said that he had tried to get a message to them during the night. Colonel PICOT then gave the Allied officers a message that General DOYAN is unable to envisage a change in administration in west IMPERIA at this juncture. He has no such agreement with General TRUSCOTT. Any change now would appear to the Italians as a retreat on the part of his country.

French liaison officer with this headquarters reports personnel 36 Division are ex FFI from southwest FRANCE. On 28 May Colonel JORDON Deputy Regional Commissioner of LIGURIA accompanied the Regional Legal Officer and the Provincial Commissioner called on Colonel PIROT commanding the French troops in western IMPERIA regarding the establishment of Allied Military Government in that area. Colonel PIROT received them courteously but stated that he had not instructions to permit the establishment of Allied military and that he would have to communicate with General GIRAUD who in turn would have to call DOYAN. It was however agreed by Colonel PIROT that in order to enable the Provincial Commissioner to comply with his orders that the proclamations would be posted but no further action could be taken pending the conference with General DOYAN. On 29 May Colonel JORDON and the others started to post the proclamations and on the way Colonel PIROT overtook them and said that he had tried to get a message to them during the night. Colonel PIROT then gave the Allied officers a message "That General DOYAN is unable to envisage a change in administration in west IMPERIA at this juncture. APRIL SIGNED ALEXANDER CITE FAGUP

INFO AIGCM FOR COAL DIVISION

SECRET.

This is L/C 1185.

Coal and coke requirements for ITALY/SICILY July through December reviewed in accordance CAL 1339 and L/C 1154 in light situation in NORTHERN ITALY.

1. Political and social conditions found in north indicate that dangerous unemployment situation will remain even if full program already submitted is supplied. Detailed examination being made but meanwhile consider that requirements put forward in our AG 463.3/045 SUB-O dated 19 April fall well within the terms of military responsibility defined in paragraph 5 FAN 487.

2. Under control of Italian Government Sardinian mines are producing at rate of 42000 per month disposable wasted coal. Italian Government has been repeatedly urged to increase this production and will now be told very plainly that in view of world shortage of coal ITALY must exert herself to exploit her own resources to maximum. Further distribution of lignite will also be urged.

3. Coal is major limiting factor in development Italian economy. Essential therefore to relate all economic plans and requisitions to maximum availability. Accordingly request your earliest reply to L/C 1148 asking advice on availability. Upon this advice we will investigate quantities and qualities of special coals required and inform you accordingly.

Repatriation of Italian PW abroad in U.S.A. and U.K. custody.

1. Consideration being given here by American and British personnel sections for phased plan repatriation Italian P.W. now held outside ITALY. U.S.A. policy known to be to repatriate soonest possible from abroad and also reduce considerably forthwith numbers held in ITALY and NORTH AFRICA as service units personnel. Policy not yet known on U.K. side but is being sought.

2. Proper execution any plan dependent on ability of Italian authorities receive and dispose without affecting stability of Italian economy of repatriates not required for re-enlistment Italian Army.

3. In order to assist preparation plan request you consider in conjunction with Italian authorities and submit urgently.

(a) Phased plan, which should show progressive increases from month to month giving maximum numbers considered disposable to civilian life.

(b) Suggestions as to ports at which repatriates should disembark.

(c) Plan for accommodation pending final disposal giving details of transit and staging areas envisaged.

(d) Preferences for repatriation by age groups and types of repatriations.

4. In consideration of the above following should be borne in mind.

(a) G-1 responsibility will finish at dockside.

(b) Short interim period after arrival and pending disposition necessary in transit areas to check records and carry out demobilisation if returning to civil life. Responsibility this period will be that of the ALLIED COMMISSION in conjunction with MEIA.

(c) Movement to railhead within vicinity of home will probably be carried out when Allied re-deployment traffic will be heavy and movement of repatriates will be correspondingly difficult. Hence proper interim staging areas will be necessary on routes home.

G 5 5TH ARMY FOR ACTION. INFO: AICOM (PATRIOT BR)

Reference is made to message 8784 no authority granted by AMG in IV CORPS AREA for payment of 5,000 lire to Patriots. It is reported that payments of this amount have been made throughout LIGURIA and PIEDMONTE by CVL and CLNAI but not through AMG.

It is claimed by General CADORNAS Hq that General CADORNA received authority while in ROME to increase payment to 5,000 lire but no documentary proof offered except copy of minutes of conference held between CADORNA and Govt which would seem to indicate that payment in this amount was contemplated.

Apparently the CVL/CLNAI have bofrowed the sums paid out from private sources on the promise it would be made good by the Italian Govt.

First knowledge this Hq of such pay ent, 30 May 1945 when LONGHI and representative of CADORNA came to HQ IV CORPS requesting that some 500 million lire be secured from a Colonel KING AFHQ to pay off Patriots. Knowing that funds had been advanced by AFHQ in past to LONGHI questioned to determine basis of this request which developed that it has to pay the estimated 100,000 Patriots in NORTH ITALY at the rate of 5,000 lire each. Further investigation before receipt of signal on 31 May developed information regarding LIGURIA and PIEDMONTE.
