STOFFORD. For your information following G-5 points arising today reported as promised conversation General MORGAN - General LEMNITZER. Consider no action required by you on these matters at present.

1. General IVANOVIC raised question of western boundary of AMG area. Referring to predominently Slovene population in eastern FRIULI and acts of terrorism under the Italian administration he stated for these reasons and because JUGOSLAVIA would make additional claims at Peace Conference it was desired that the special AMG regime established for VENEZIA GIULIA should extend westward to a line commencing at the south with the boundary of VENEZIA GIULIA and including CIVIDALE ATTIMIS FARDI TARCENTO GEMONA CHIUSAFORTE PONTEBBA DEF thence continuing north to the Austrian frontier. This area would thus include TARVISIO. This proposal contemplated that AMG would remain in this area until the Peace Conference. We made it clear that we were wholly without instrs as to any special arrangements with respect to this area and could only put the matter to higher authority. Authorization from the governments would certainly be required for any commitment to keep AMG in the area until the peace: As to special measure to protect the Slovene minority we stated the usual AMG policies were adequate protection.

2. As a basis for working out economic and administrative questions we presented a 5-point memorandum suggesting mutual arrangements which would ensure that demarcation line resulted in minimum of interference with normal flow of

(CMS 1 cont'd)

VENEZIA GIULIA as a whole. The points are as follows:

A. Telephone and telegram communications to be continued uncontrolled between the 2 areas. Mail facilities to be continued.

B. Rail communications to be continued. A joint operating control agency to be set up to regulate traffic and ensure an equitable utilisation of equipment.

C. Commerce and industry. Normal movement across line to be continued subject to control preventing unauthorized movement of supplies. Joint economic agency proposed to work out arrangements for interchange of power and industrial mineral and agricultural resources of both areas.

D. Principal banks west of line to provide funds to communes post offices and branch banks east of line subject to normal financial pensions to continue throughout area.

E. Administrative records. Representative of government departments public and private enterprises would have access to records both sides of line. Jugoslavs accepted A B and C. Stated after discussion D and E would be referred to BELGRADE. In addition they raised following economic points:

F. They desire contracts which they have entered into with TRIESTE industries to be carried out. We stated this could come before proposed economic agency. They agreed.

G. They wished commitment that factors as now in AU area would be permitted to move west. We agreed.

3. General IVANOVIC finally raised question of disposal of booty. In his view booty consists of all military equipment including fixed installation such as

(CMS 1 cont'd)

coast defence artillery also all industrial plants which have been owned or operated by "The Fascists" and have furnished supplies used against JUGOSLAVIA. He indicated this might include textile factories. On question of warlike stores and movable military equipment we agreed that they were entittled to material which they had captured. Question of removal of fixed equipment would have to be given further study. We also reserved for consideration disposition of factories and equipment suggesting that he was confusing reperations with booty. We will propose a joint military committee to examine specific cases presented by Jugoslavs provided that matters remaining in dispute shall be subjet to final decision by S/C.

Your 9450. German assegni are dealt with as follows. They are examined on the same lines as past due bills. If it can be proved to the provincial Epuration Committee and the Finance Officer that they were obtained as a result of a normal honest business transaction and that the holder would suffer serious hardship in the event of non payment the payment is authorised. Otherwise the assegni are seized as war booty.

ACTION ALL LAC ADDRESSEES TO FOR INFO: ALCOA ROME.

SECRET.

This is LAC 1207.

Civil Affairs truck requirements, ITALY. CAL 1308 and CAL 1336 refer.

1. Tonnage lift requirement, above existing approvals:

A. Central and southern ITALY and Islands.

1. 10000 tons as stated category "A " requirement now being discussed WASHINGTON. This subject to reductions for lift estimated for industries and activities changed to Category "B" by AFHQ and CCAC.

2. 1000 tons as replace vehicles salvaged from original 1100 vehicles transferred from USA/UK stocks. (CAL1329 refers).

B. Northwest ITALY. Present estimated requirements nil. Believe existing approvals sufficient.

C. Northeast ITALY. 3000 tons, (subject to readjustment on completion survey).

D. Total 24000 tons.

2. Use of captured enemy vehicles and economically unrepairable Allied vehicles not considered in foregoing estimates. Information will be reported as soon as available. Present information indicates captured enemy vehicles will not exceed German forces own maintenance needs.

3. Statement in CAL 1336 re responsibility not clearly understood.

SECRET

9081

Declassified E.O. 12356 Section 3.3/NND No. 785015

Foregoing requirement is combined USA/UK responsibility. Assume procurement will be allocated by CCS.

4. Answers to CAL 1336 follow:

A. Total estimated lift requirement is 37187 tons, subject to reduction in para 1 A (1) plus 325 jeeps and 400 motor cycles. (Responsibility undetermined, see para 3). See however para 5 for manner in which lift calculated.

B. Total lift already imported or made available: From USA sources, read in 2 columns:

UNITS	ESTIMATED ACTUAL LIFT IN TONS
200 – 1½ ton trucks from Turkish stocks (ARGENT	450
550 each 2½ ton 6 x 6 trucks (Approved for sale to Italian Government) 350 now operable)	2062
1700 each trucks ½ tons approved in CAL 954 (20 still being delivered)	3825
235 each truck 1/4 ton	211
Total ex USA sources, 6337. From UK sources.	
590 each Lorries 3 ton (approved for sale to Italian Government 350 now operable)	1650
Total ex USA and UK stocks, 7987.	

C. Total approved but not fully delivered: From USA

UNITS	ESTIMATED ACTUAL LIFT IN TONS
1100 each truck 1½ ton reconditioned (976 already delivered)	2475
~~25 each trucks 10 ton reconditioned,~~	~~2500~~
~~500 each trucks 1½ ton reconditioned. (977 already delivered)~~	~~1475~~

UNITS	ESTIMATED ACTUAL LIFT IN TONS
260 each trucks 10 ton reconditioned	2600
500 each trucks 1½ ton new	1125
200 each motor - cycles	Nil

Total 3900. All above on approved shipping programme, MTOUSA, Italian Area, Part 1 - 6, Page 1.

B. Not covered by COAC approval:

1. 24000 tons lift , as limited para 1 A. (1) and 1 C plus 90 control vehicles and 200 motorcycles.

2. Vehicles have been requested for 20000 tons of this lift, 500 (T) in 3 to 4 ton and 500 in 5 to 7 ton vehicles. 2½ to 3 ton vehicles in the theatre considered suitable for most of this requirement. There will be quantities of still useable vehicles, both USA and British, in theater. Questionable how far economical to repair many of these to meet operational needs in view their condition . Considered unjustifiable import new or rebuilt equipment with this source at hand. Recommended that maximum use be made of vehicles not economically repairable for military service to meet civil requirements under both Category "A" and "B" rehabilitation programmes. This will necessitate provision of spare parts in adequate quantity. Should be possible for Italian Industry to rebuild these vehicles and to produce many of the spare parts. It may be necessary to consider importing spare parts to extent to which cannot be made available by Cannibalization or (for lack of fuel or similar causes) products by industry, but even this more economical than importing new vehicles; and such demands for spare parts would only be made after all local facilities investigated and tried.

5. Reference paras 4 B and C above, it is pointed out however that in calculating these actual estimated lifts a factor of .5 has been used for USA ½ and 2 and ½ ton trucks. Previous demands and approvals

1. At a meeting presided over by General Norstad this afternoon it was decided to put before (before?) the Ascoley Reps to-morrow an aide Memoire containing certain proposals which are briefly summarised below so far as they affect SHAPE. Since the line of demarcation cuts across existing areas of Civ administration and economic activity mutual arrangements should be arrived at which will ensure minimum of interference with the normal life of Western Allies as a whole. Specific arrangements will have to be the subject of study and negotiation between experts of SHAPE and of the Ascoley authorities. The more important subjects to be covered are as follows.

A. Communications. Telephone and telegraph communications to be uncontrolled between the 2 areas and mil facilities continued.

B. Transportation. Rail communications to be continued and a joint operating control agency set up to regulate traffic and use of equipment.

C. Commerce and Industry. Normal economic movement across the line of demarcation to continue subject only to

control sufficient to prevent unauthorized shipment of supplies. In order to work out detailed arrangements for interchange of power and of industrial mineral and agricultural resources of both areas a joint economic survey year sending [illegible] and the Jugoslavs authorities is proposed.

D. Finance. Arrangements will be made for provision of funds from principal finance institutions under JUG to communities, post offices and branch banks in area East of the demarcation line subject to normal financial control. Mutual arrangements to be made for collection of cheques and continuation of insurance payment and pensions.

E. Administrative records. Some of Govt departments and public and private enterprises to have access to records throughout both areas to facilitate normal activities.

2. If Yugoslav authorities accept these proposals in principal it is proposed to set up expert sub-committees as soon as possible to work out the details. The most important sub-committees will deal with coal, rail transportation and electric power. I strongly

recommend that you alert and prepare to send forward at short notice at least one expert in each of these subjects.

3. General [illegible] also proposes to require the right of access for military and civilian supplies along roads from Trieste to FVG. [illegible] have already put in bids to [illegible] for supplies to FVG.

4. Allied Military Govt was established in Trieste today and the Yugoslav flag was replaced in the principal buildings by the Allied flags without incident. However, the Yugoslav representative has not yet evacuated his office and mixed Allied and Yugoslav guards are guarding all buildings. It is proposed to establish Allied Military Govt in Gorizia tomorrow. I am going to Udine tomorrow and will return here on Friday.

APUANIA Christian Democrats increasing in number and influence but Communism tends to increase amongst unemployed. PISA political activity still on increase. Meetings held in peaceful and orderly manner. Democratic Party appears to be getting stronger. 2 BF APUANIA pasta went into manufacture June 1. Increased supplies anticipated by mid June. Improved ration of 300 grammes weekly issued by FLORENCE sufficient grain in warehouse until mid September at present ration scale. 3 BF LUCCA general supply position shows progress. Consider all communes position fair for June. APUANIA 1000 tons flour allocated to Province. 25 mules arrived. 20 horses expected. LIVORNO resetting of tuny nets now assures good supply of tuny. Progress made towards having fishing boats unload catch at LIVORNO instead of PIOMBINO. FLORENCE normal operation of several industries held up owing to non availability of coal. Movement of raw materials, finished goods, and fuel (lignite) lessened by lower gasoline allocations. High cost of lignite, due to road haulage costs, is causing trend to higher prices of manufactured articles. 4 AF LUCCA arrest of 3 ring leaders of lawless elements in GARFAGNANA by Capt DE MASI may put final end to difficult situation there. G2: Investigation as to authenticity of orders of French Military Mission in TURIN indicated that orders have not been indorsed by AFHQ but have been issued to the individual members of the organization by SHAEF as individual permits allowing movement into ITALY for no stated reason. Nothing on orders indicates that SHAEF has indorsed the establishment of a military mission at TURIN. Copies of these individual permits will follow when received at this HQ. Report received 8 June indicates that French troops moved into BORGO PELLICE (H 5605) apparently with no intention to stay. They are now withdrawing. At 120450B and 120510B, 2 fully equipped parties of French composed of 15 men each left S MARTIN J1786 for ORESSONEY D2118.

G5: In AOSTA Province French soldiers distributed salt to 9 communes gratis with receipt vouchers. Quantity not large. At LA THUILE 05504 a French captain named LEBERTRAUX collected 305965 Francs from trades people stating he would take it to FRANCE and exchange it for Allied military currency or 'French Occupation Currency'. He has not been heard of since. His receipt, which was handed to the secretary of LA THUILE, stated that the Francs were to be exchanged for new French notes. Reference arrest of LANDONI and removal to FRANCE by French. (See frontier sitrep number 5). Submit that signal 9203 dtg 6 June 45 constitutes an intolerable usurpation of operational authority over a Regional officer. Major [redacted] is charged responsibility for all Industry this Region and his 5 day absence as result this ill considered announcement made without consultation with me not only suspends operations but nullifies my direct orders that no Regional officer cross Region lines without my permission. Same remarks apply recent kidnapping Major AYER Telecommunications officer by Lt Col MILLER in my absence. Major AYER has been in actual service this Region not more than 1 day out of 5 since Headquarters arrived BOLOGNA and progress of Telecommunications work more critical here than anywhere is not satisfactory. Have tried to be tolerant and cooperative in such matters but have as yet not had as much as 5 minutes help from any officer of another Region and success of my mission depends on control of assigned officers I now find it necessary to instruct that all communications along lines of cited signal be disregarded.

G2: Italian Seditious Committee, named VAL D'AOSTA, which has been previously spreading Pro French propaganda have discontinued work for French reportedly because French will now conduct own propaganda. Field security VAL D'AOSTA area note indications that French will cause plebiscite efforts in favor of action at peace conference. Col THIERY, who heads a French special mission and resides at Hotel BRUILLE at [illegible] 7001 believed responsible conducting all Pro French Clandestine meeting for annexation of AOSTA area to FRANCE. Italian Partisan named [illegible] was shot and killed by French at [illegible] at VILLAR DEBENS (near [illegible]). French claim he attempted to escape arrest. Unconfirmed source indicates that victim was party in interest and in pursuit of information, on behalf of Partisans in the case of [illegible] who was sentenced to 5 years and imprisoned at BRIANCON for assaulting French soldier. (See Frontier sitrep No 5). French Algerian troops at TENDA stated to our troops that they would never fire (?) first at American troops and if were ever given such an order they would shoot the French officer issuing such order. A French War Correspondent, named [illegible], who crossed the border 5 June has returned to BRIANCON 10 June movement to and fro of French troops through S BERNARD PASS shows no sign of reinforcements. (Frontier Sitrep 21 closing 111800B).

Reference your EX 89577 concerning ferry vessel ITALIA at SORRENTO which is presumably identical with vessel described at yacht in your EX 89577. Repeated requests have been received from Italian authorities for the allocation of this vessel to NAPLES Bay civilian ferry services which are indire need of improvement. Requisition of Impera No 1175 was refused as it was considered that commercial activities should have priority over pleasure. Case of ITALIA appears to fall into same category.

G2: Report of Liaison Officer sent to 36 Inf Div HQ credits Col ROMO, Chief of Staff 36 Inf Div, with statements extracted as follows:

Mission of 36 Inf Div was (1) remain in position (2) maintain order in zone (3) administer country (4) request Anglo Americans not install Allied Military Government certain areas.

G5: French claim for TENDA based on (1) population predominantly French speaking and pro French in sentiment. (2) Area economically tied to FRANCE by communications and trade. (3) Annexation of area would prevent ITALY from having direct observation into FRANCE in case of war. (4) FRANCE has right to occupy militarily certain parts ITALY in retaliation for Italian occupation southeast FRANCE after 1940 and place FRANCE on parity with UNITED STATES and BRITAIN regarding ITALY. Col ROMO denied committee for attachment of TENDA to FRANCE organized in NICE. Declared because French nature of population in zones claimed by FRANCE for annexation presence of Italian police, posting of Allied Military Government proclamations in English and Italian only, and supplanting existing French administrative agencies by Anglo American all tend to excite animosity of population. French hope UNITED STATES and GREAT BRITAIN will recognize annexation claim now and expect legal claim accepted at Peace Conference.

Reference is made to our cable F 168 sent to ALCOM on 20 May concerning reItalianization policy and particularly the disposition of German residents of BOLZANO. On 24 May we received an answer stating that the matter was being taken up with embassies and that ALCOM would advise us further. On 1 June we sent cable F 211 to ALCOM asking for answer to these questions. Thus far no answer has been received. A reply would be greatly appreciated prior to the opening of the conference in BOLZANO on 13 June in order that we may be in a better position to present matters.

3. The following signal number 2540 dated 8 June sent to this HQ (only) by G5 5TH ARMY and is now repeated to you:

"Definitely inadvisable to hold French in MILAN or other 5TH ARMY area. Inquiry has been made of AFHQ to possibility of sending to BOLOGNA thence to LIVORNO then by boat to FRANCE. Cite our R 224".

4. Subsequent to receipt of 3 above this HQ asked 5TH ARMY to indicate their reasons

5. 5TH ARMY replied by their signal number 9665 of 10 June as follows:

"Political reasons make receipt of French and repatriation of other west Europeans across Italo-French border inadvisable at present. West Europeans other than French in reasonable numbers can be received and passed through 5TH ARMY refugee centers when arrangements completed by higher authority for repatriation through SWITZERLAND. Number that can be handled depends on speed with which SWITZERLAND can receive them. Could arrange repatriation north across BRENNER more rapidly in numbers depending on ability of authorities north of BRENNER to receive. Cite our F226".

SECRET. This is MAT 747.

Ausrep 9 follows for period 5 to 8 June. Following is summary of reports from US and British Missions to date:

1. First impressions of VIENNA.

a. High nervous tension apparent among population which is not justified by present evidence. Exaggerated rumours are current owing to lack of internal communications and isolated cases of highhanded action by individual Russians which are taken as typical. Few opportunities of collecting first-hand evidence and stories of excesses must be treated with caution. Removal and capital goods still being carried out however, also seizure of cars, wireless sets, clothes, watches, furniture, linen, etc.

b. Viennese have treated Missions with warmth from outset. Friendly cooperation normally taken for granted and cash payment generally not accepted.

c. Severe but not mortal war damage to city worst areas being LEOPOLDSTAT (especially along Canal), BELVEDERE sector, SIMMERING and FAVORITTEN. Least affected areas are ZAEHRING and HIETZING. All bridges over canal except SALZTOR bridge and all over DANUBE except REICHSBRUCKE destroyed. Clearance by local authorities under Russian direction progressing.

d. Austrian officials treated cordially by Russians who assist all administrative offices are run by "frineds". Fraternization seems general role

though Russian troops little in evidence in city.

e. Though unsatisfactory at present, food situation is improving; bread ration varies between 204 grammes according to work done. Commodities are lacing and most shops closed. Prices however remain low for what is available.

f. Public health poor but Russians appreciate need to maintain it in their own interest. Electricity and water generally restored but increase in intestinal diseases due to bad water not yet under control. Owing to lack of fuel there is no coal gas.

g. Transport almost universally commandeered by Russians with crippling effect on distribution, industry and hygiene.

h. Local administration in Austrian hands and rates and taxes collected with only 1 weeks intermission. Banks are shut but savings banks open with withdrawals limited to 300 Marks weekly.

j. Apart from bomb damage in top floor former British legation in good order. Windows only damaged in British church and British C onsulate undamaged and staffed by former secretary Miss KLOUXAL alone.

k. Anglo-American relief association which is a private body under presidency of Dr WALTER SIGRIST (USA) is attempting to help some 400 Allied nationals. It is located in British property at METTERNICH STRASSE 10. General impression that situation of British nationals uneasy and early establishment of Consulate desirable.

2. Background notes on relations of Missions with Russians.

a. Presence of Missions marked by frequent meetings with and entertainments by Marshal TOLBUKHIN; Lt Gen MOROXOV, Head of Soviet ACC AUSTRIA; Lt Gen BLAGODATOV

commanding city VIENNA and Vice Admiral Danube Navy. Receptions are friendly and informal.

b. Defeat of JAPAN toasted, Russians joining therein. Generally assumed by all Russian officers that they are coming into war against JAPAN.

c. Impression gained that Russians attach great importence to control of Danube.

d. Russians agreed to satisfactory courier plane movement to FLAGENFURT and LINZ.

e. Relationship Chief French Mission, Gen CHERRIERE with Anglo-Americans reported as cooperative and supporting.
