UNCLASSIFIED.

Your wire seems to indicate ROME press reports about MATTEOTTI meeting are essentially correct. Upon request Mayor PALERMO US Navy commandant gave permission to use Navy theatre for meeting to "Commemorate anti Fascist martyr MATTEOTTI". Commandant informs me that on discovering that Socialist Party was sponsor he demanded assurance that meeting be entirely nonpolitical in character. Such assurance not being given he issued orders to prevent meeting if in fact it developed political tone. Commandant states presence of massed Communist flags and complete political tone of prepared speeches caused permission for theatre use to be withdrawn. Dispersal of assembly was accomplished quietly and without any disorder. Meeting was then resumed at Socialist headquarters.

Reference your cable 9304 dated 7 June, also letter AG/4076/2/L dated 10 June, subject: Status of Neo Fascist personnel both of which had direct distribution to Regional Commissioners; as these communications are modified by AFHQ cable VR 1777 dated 13 June request that a communication from ALCOM having distribution similar to that of 2 mentioned above be issued to implement the modifications made by AFHQ cable. Also suggest desirability of modifying paragraph 8 of ALCOM letter, as AFHQ cable indicates status of Prisoners of War held by Allied and consequences of that status do not depend on Italian law. Our cable F231 of 11 June asked for a copy of AFHQ Directive reference AG 383.6/121 GEGG, cite in your cable 9304 of 7 June. Not received yet. Would appreciate sending us copy fastest means.

Now classified as a food and restricted. This give civilians preference over troops for a product not considered essential for civil economy. Beer ration for troops is much too limited and impossible to increase import of malt. Have contacted Major BIRK APUANIA Province. Information available follows.

Port of MARINA DI CARRARA has 2 piers. 1 is 920 feet long 30 feet wide 10 feet above water. 1 is 800 feet long 30 feet wide 12 feet above water. Depth of water at piers runs from 11 to 18 feet. Some improvements have been made. Port now being used by very small fishing craft only as sunken barge in harbor prevents entrance of larger ships. Raising of barge must be approved by collector of ports who was appointed by Italian Government some time ago but who has not yet arrived. When barge is removed 1 ship 500 feet long drawing 18 feet of water can be docked. If vessels are smaller more can be accommodated. A few mines remain around the port. Port of MARINA DI MASSA has 1 pier 12 feet above water but is badly damaged and must be repaired before use. When repaired it can accommodate 1 ship 250 feet long drawing 8 feet of water. Port extensively mined and very dangerous. Italian mine clearance companies are expected to start work on both ports soon.

Subject is midshift meal special scale for civilians employed at hard labour by British Army installations in 5TH ARMY and LAOCHIN areas only. War 8 85412 of 19 January to 5TH ARMY S-4 (3) refers. It is now desired to discontinue this special scale 15 hrs midshift meal at earliest possible date and employees will then receive meal authorized by AFHQ Administrative Memo No 10 dated 1 May 45. As it is understood that wage increase is under investigation it is suggested that the changeover of the midshift meal be made to coincide with pay increase to avoid discontent.

C-2: Reports from Italian officials state French stop and search all vehicles at black for French refugees. Commanding Officer of French Repatriation Center at NUSA 15441 stated that on 8 June 130 persons had been sent to FRANCE from this repatriation center. Major FRAISSE, of General Hq at NUSA, stated to Provincial Commissioner of NUSA on 12 June that no crossing would be allowed by Italians owing herds in the MONTENAPIC plateau. Though an order to this effect was issued by General DOYEN, the Provincial Commissioner advised the Major that the MONTENAPIC plateau is part of the Province of NUSA and that cattle would be sent to the plateau and any interference by French troops would be reported to higher authority. Radio sent by this Hq to General DOYEN on this matter and NUSA and BRAVIANT enroute to area 16 June to arrange for opening frontier traffic. Request made of General DOYEN to furnish whereabouts of engineer BOSSIN of hydroelectric plant who disappeared SAN BALDASSAR DI NUSA 15248 on 6 May, reportedly taken into FRANCE. APA as U.S. Depository.

1. Altho TAE 153 requires APA to maintain dollar cover on U.S. deposits only when actually made in dollars, practice has been to maintain approx hundred percent cover in yellow seal dollars. This because deposits invariably made directly in Italian banks for APA account and usually in lire. APA assumes all such funds originated in dollars and could have been converted into dollars at U.S. ARMY Finance Office prior to deposit. This policy full cover has resulted in tying up considerable amounts yellow seal dollars as cover.
2. Since US Treasury maintains dollar suspense account against all lire advanced to US ARMY, and since US funds deposited with APA originated from such lire, we conclude full cover in dollars is being maintained by both US Treasury and APA.
3. Therefore recom and following procedure in lieu TAE 153. APA will discontinue maintaining cover against US depository accounts. APAS monthly statement reports total of such deposits, on basis of which War Dept may advise US Treasury. Deposits will be accepted by APA or by Italian banks to APAS account only in lire. HQ ALCOM

RESTRICTED.

1. Reference signal 9633 dated 13 June. Price of 750 lire per quintal does not comply with promise expressed in HQ ALCOM signal 4058 dated 29 September that national price of wheat (based on lire 900 - 1000) grown in 1944 shall be effective in PIEMONTE and other northern Regions. On basis of such promise wheat was withheld pending our arrival. In order to prevent repudiation of promise it is respectfully submitted that additional premium of 150 lire be added for old crop deliveries made prior to 1 July. Believe this will honor official promise and stimulate immediate deliveries without establishing precedent for price of new crop.
