Reference is made to AFHQ letter dated 6 March 1945 AG 383.6/121BBI-O concerning captured members Republican Fascist armed forces, letter HQ ALCOM dated 10 June 1945 AC/4076/2/L subject "Status of Neo-Fascist personnel" and AFHQ cable VK 177 time date group 131753B. Application of AFHQ letter to present situation is difficult and following is proposed course of action by 5 ARMY on which approval is requested.

1. All members of Republican Fascist armed forces now in Allied prisoner of war camps will continue to be treated as prisoners of war. Italians now in Italian custody will not be removed therefrom on the ground that they are prisoners of war unless this status is established by the prisoner. Allied Military Government will provide an opportunity for a hearing on this subject. The burden of proof will rest on the person asserting prisoner of war status.

2. Persons in Italian custody charged with specific crimes, other than simple membership in Fascist forces, may be tried in Italian courts without regard to their possible status as prisoners of war.

Remittances to VENEZIA GIULIA.

1. Not clear what currency situation will develop in VENEZIA GIULIA as whole. If JUGOSLAVS introduce DINAR and withdraw lire east of line of demarcation, we consider remittances in that area would be matter for arrangement between JUGOSLAV Government and US/UK Governments. In AMG area west of line remittances could be reopened.

2. If JUGOSLAVS agree lire continues in entire area as only legal tender. Remittances could be reopened, with AMG providing lire to banks against dollar/sterling balancer same as AFA formerly did in ITALY. Records could be kept by all paying banks dividing payments as between two zones, to facilitate final disposition dollar/sterling balances.

3. In either case, appears essential for US/UK banks to set up separate accounts in which to deposit dollar/sterling arising out of remittances to VENEZIA GIULIA.

4. In view of above complications, we recommend remittances not be opened to VENEZIA GIULIA for time being. Please advise.

FASCISMO

NEAR ALLIED STATES, ALLIED COMMISSION FOR

IN CLEAR.

The personnal of the provincial officers of social assistance, threatened to be dismissed, according to the decree N.173 of March 1945, which provides that new committees for social assistance be soon established in the island, with personnel supervised by other local administrations, or newly employed personnel, protests against such illegal disposition. The concerned ministry has not taken into consideration the decree N.31 of February 1944 Art I 2nd paragraph, that states that appointments made by the Allied Military Government have legal validity same as if made by the Italian Government itself. The economic and juridical situation of the employees appointed to public services by the Allied Military Government will be settled according to the Italian law. In view of the new fiscal year, they beg the concerned ministry and the high commission for SICILY, which is in charge of the "UPA" interests, to take a proper and urgent action against that decree in order to avoid that said employees be seriously economically affected. An eventual negative result of your intervention will certainly induce the employees to continue their manifestations of protest by using any legal measures. This matter has been committed to the federation of Labor (CGIL) and if necessary an appeal will be made to the High Council of State for violation of the law and of the rights acquired by the personnel by vertue of the decree N 31 of February 1944.

FASCIO - commissioner for UPA - PALERMO) President of the Regional Committee for SICILY

2. Letter B-16-AU dated 7 April 1945 from this HQ addressed to USCCC and G-5 Task Force AUSTRIA. British and American suggested a coordinating committee for indigenous food supplies be set up in AUSTRIA to adjust local resources available in different zones.

3. In order to utilize local resources to a maximum it is believed that such a committee consisting of AMG supply officers of US/French and British zones should now be established to screen requirements for both areas with a view to ensuring that the ration scales utilized are similar and that all local surpluses in US/French and British zones are used to best advantage.

4. Request SHAEF to instruct USA AMG along similar lines. Committee A could be finalized at conference CASERTA 25 June.

From our previous discussions with Jugoslavs it appears that principle questions on which we have not yet arrived at under-standing are there which they have raised regarding our attitude towards civil administration. This is confirmed by announcement radio BELGRADE this morning regarding suspension negotiations. Among other things there is involved question of interpretation of BELGRADE agreement. I wish to state the position I am taking and facts developed thus far. Paragraph 3 of BELGRADE agreement provides that use will be made"of any Jugoslav civil administration which is already set up and which in the view of SAC is working satisfactorily". Italian administration is functioning in part but has in part been suspended by Jugoslav action during the period of their occupation. The Prefectura staff is still on the pay roll but has been relieved of any executive responsibility. Organizations such as Genio Civile, Sepral and the Consorzia are still functioning executively with Yugoslav appointed chiefs. In place of the Prefectura staff the Yugoslavs have set up committees of Liberation with Sub Committees having

jurisdiction in various administrative fields which up to the present have been exercising executive powers. This pattern has been followed down through the districts and communal level with a Regional Committee exercising executive control over the whole area. Obviously this Yugoslav Committee administration is not completely or finally organised but it is the existing administration at the moment. The Yugoslavs are taking the position that the BELGRADE agreement commits us to adopt this committee structure as the "existing administration" if it is found to be functioning satisfactorily. I am maintaining that in as much as the basic law of this area is and must continue to be Italian, the Italian administrative system must in its essentials be continued, that it was the intention of the agreement that our commitments to continue existing administration related to personnel rather than the system of administration itself, and that the Committee system as an executive instrument of Local Government must be abolished but committees where useful, will be employed in an advisory capacity as in other parts of ITALY. I am convinced that the above position is the only one we can take. I am going into the matter at this length however, because colour may be given to the Yugoslavs claims by the wording of para 3 and also by discussions which may have occurred at BELGRADE at the time of signing the agreement. As to the wording, you will recall that the draft which AFHQ proposed to CCS read administrators repeat term in place of

197

SECRET

Declassified E.O. 12356 Section 3.3/NND No. 185013

administration repeat tion. Had this wording appeared in the final agreement the position would have been made perfectly clear. I have no detailed reports on the BELGRADE discussions except I am informed that the ambassadors may have given the impression in a general way that the existing set up would not be disturbed. I of course have in mind the qualification that any administration must in the view of SAC be "working satisfactorily". I do not think we should rely on this however, as we might then have the wholly anomalous situation of a committee form of government in one commune and the Italian system functioning in another. This would obviously be unworkable in practice. I am not proposing to go into the above detail or to argue these legal refinements with the Yugoslavs. I hope to be able to rest the matter on the paper which General SPOFFORD read to General CHEHITZEK at the Conference of Saturday night. If you have any further guidance to give me on this point I request that it be given immediately.

Allocation of US-ITI troops and schedule established in your radio FX 94038 cite NAGOT, 16 June is subject.

1. Present PENBASE ceiling 56000 will not be exceeded when the UNITED STATES Italian prisoner of war personnel revert to Italian Army status on 1 July.

2. Proposed PENBASE ceiling of 20000 effective 1 August understood to contain converted UNITED STATES Italian prisoner of war personnel and present US-ITI troops, all of which cannot be replaced under present policies. This proposed ceiling of 20000 is satisfactory. However compliance with this ceiling by 1 August is dependent upon the following:

A) Disposition of all UNITED STATES prisoner of war personnel after they are converted to US-ITI category on 1 July that are in excess to those to be retained as truck drivers and guards.

B) The availability of German prisoner of war units to replace the remaining US-ITI units due to be released.

C) The availability of German prisoner of war units to replace Italian service units (Prisoner of War) that are due to be released.

1. In view of Allied Press disclosure of French withdrawal IN ITALY, considered that Italian Government and press may take opportunity to treat as major success. This highly undesirable in view of policy enunciated NAF 1009 NAF 1010 and FX 91764 and would undoubtedly evoke great French resentment.

2. You will take all appropriate steps to bring to the attention of Italian Government the unfortunate effects such publicity would produce, and to advise that the greatest importance is attached by this headquarters to maintenance of policy of restraint on part of Italian Government and press, with respect to reported changes in dispositions of French Troops in areas in question. Your action should include notification in above sense to the new Italian Cabinet immediately upon formation

Yugoslavs did not appear today and unless we hear something definite tomorrow I propose ask General MORGAN to release me and return Tuesday.

NEW SUBJECT

Labour situation in TRIESTE critical. Dock labourers are demanding back payment which Yugoslavs have not paid at impossible rates of 400 lire per day and more. Total back payments they demand are now 10,000,000 lire. They also demand extra rations. A strike is threatened for tomorrow and the situation is very grave. It is probably organised for political purposes. AMG 8 ARMY would appreciate immediate visit from BRAINE. Add I agree this most necessary.
